

Washington Workforce Analytics (WWA) Enterprise Data Warehouse (EDW) includes a variety of standard reports that are developed and managed by the OFM Enterprise Reporting team.

- ✓ WWA standard reports are located in the Washington Workforce Analytics Reports folder. This folder includes subject areas to help organize the reports.

Public Folders / Washington Workforce Analytics Reports - Web Intelligence /

<input type="checkbox"/>	Title	Type	Description
<input type="checkbox"/>	Financials	Folder	AFRS reports
<input type="checkbox"/>	Grievance	Folder	Grievance reports
<input type="checkbox"/>	Headcount and Personnel Actions	Folder	Headcount and Personnel Actions reports
<input type="checkbox"/>	Payroll	Folder	Payroll reports
<input type="checkbox"/>	Quota	Folder	Quota reports
<input type="checkbox"/>	Staffing Assignments	Folder	Staffing Assignments reports

Benefits

- ✓ Interactive way for agency users to display and analyze workforce-related data.
- ✓ Quickly find current standard reports in common folder structures organized by subject area.
- ✓ Drag-and-drop features to view data from different perspectives.
- ✓ Drilldown into more details or across data to perform strategic analysis.
- ✓ Manage page layouts and sort/filter data.
- ✓ Multiple options to display data using web browser or export to other formats.

Limitations/Additional Information

Standard reports are based on common business scenarios to meet data needs across state agencies. While this is an important benefit, it requires a balance between common and unique data needs.

- ✓ All standard reports include required date prompts to prevent accidentally running a report with results dating back to 2005.
- ✓ You can make a copy of a standard report to modify it for your business needs (for example, 'save as' to your personal folder).
 - Your copy will not be impacted or updated if the original standard report is updated by the OFM Enterprise Reporting team.
 - Removing key objects or measures from a standard report may create undesirable results.
- ✓ If a standard report does not meet your unique business scenarios, you may need to create an ad hoc query.

WWA EDW - Standard Reports Inventory

Each standard report has a job aid with additional information, including default fields, restrictions, and calculations.

- ✓ Requests for new standard reports or updates to existing reports may be sent to the OFM Help Desk heretohelp@ofm.wa.gov for review by OFM State HR and OFM Enterprise Reporting. If approved, development of the report will be prioritized with other enhancement efforts.

Report Number	Report Name	Brief Description	WWA EDW Universe
FI-001	Distribution of Payroll and Related Costs ✓ Agency Detail ✓ Payroll by Subobject	Employer payroll and benefit costs by employee and AFRS account distribution.	AFRS
