### Package Description

Consolidated Technology Services (CTS) provides Desktop Support Services to eligible customers for a fee. Eligible customers include entities entitled to use this service, by law. The service includes end user device connectivity to the Washington State Secure Government Network and its resources, other state resources, and the Internet. CTS is responsible for ensuring all the services, equipment and platforms used remain in compliance with IT policies and standards set by the Office of the Chief Information Officer.

Specific services include: Workstations (desktops/laptops), asset management, cabling, operating system, Microsoft Office Productivity Tools, Email, Local Area Network (LAN) support, IT Security & Compliance Services and all the staff that support these products and services.

The cost of supporting small agencies has not been charged separately in the past, it was absorbed through increased rates to the larger paying agencies. The cost for this service is approximately \$5,000 per year for each device supported. The Governor's Office of Indian Affairs has two devices.

**Base Budget:** If the proposal is an expansion or alteration of a current program or service, provide information on the resources now devoted to the program or service.

This service not a new service, it is a service that previously was not charged to the small agencies.

**Decision Package expenditure, FTE and revenue assumptions, calculations and details:**

The calculations are based on the annual charge from WaTech of \$5,000 per device multiplied by the two devices that The Governor's Office of Indian Affairs XYZ uses.

**Decision Package Justification and Impacts**

**What specific performance outcomes does the agency expect?**

Desktop computing is a basic office and communication tool that agencies must have to function.

**Performance Measure detail:**

**Fully describe and quantify expected impacts on state residents and specific populations served.**

Please provide a detailed discussion of connections/impacts identified above.

**What alternatives were explored by the agency and why was this option chosen?**

The alternative is to have these costs absorbed by the desktop support service; in effect, OFM/GOV, DES and WaTech would support the small agency desktop support through higher costs for their desktop support service.

**What are the consequences of not funding this request?**

OFM/GOV, DES, and WaTech's cost of desktop service would increase in order to support the small agency desktop service.

**How has or can the agency address the issue or need in its current appropriation level?**

The Governor's Office of Indian Affairs is an agency of two FTE. The additional cost of \$5,000 per each of its two devices is beyond the current budget capacity of the agency.

**Other supporting materials:** Please attach or reference any other supporting materials or information that will help analysts and policymakers understand and prioritize your request.

**Information technology:** Does this Decision Package include funding for any IT-related costs, including hardware, software, services (including cloud-based services), contracts or IT staff?

## Part 2: Identifying IT Projects

If the investment proposed in the decision package is the development or acquisition of an IT project/system, or is an enhancement to or modification of an existing IT project/system, it will also be reviewed and ranked by the OCIO as required by RCW 43.88.092. The answers to the three questions below will help OFM and the OCIO determine whether this decision package is, or enhances/modifies, an IT project:

1. Does this decision package fund the development or acquisition of a new or enhanced software or hardware system or service?  Yes  No
2. Does this decision package fund the acquisition or enhancements of any agency data centers? (See [OCIO Policy 184](#) for definition.)  Yes  No
3. Does this decision package fund the continuation of a project that is, or will be, under OCIO oversight? (See [OCIO Policy 121](#).)  Yes  No

If you answered “yes” to any of these questions, you must complete a concept review with the OCIO before submitting your budget request. Refer to chapter 12.2 of the operating budget instructions for more information.
