The Division of Vocational Rehabilitation (DVR) program of the Rehabilitation Administration serves eligible individuals with all types of disabilities who want to work and need vocational rehabilitation services to overcome barriers to employment that result from a disability. Individuals are eligible for services if they have a physical, mental, or sensory disability that results in an impediment to employment and they require vocational rehabilitation services to become employed. The services DVR provides are person centered and based on each individual’s strengths. DVR strives to achieve full employment for people with disabilities in career focused positions providing competitive wages and benefits.

Program Mission

To transform lives by creating pathways for self sufficiency through meaningful partnerships, employment, new opportunities and effective rehabilitation.
