Subject: Contingency Planning - DES
Date: Friday, March 13, 2015 5:50:45 PM

DES confirms that the services we listed in the four contingency planning categories in 2013 are still correct with the following changes:

- There are no Transportation budget items in categories 2-4.
- The “Capital Project Management - Engineering & Architectural Svcs Operations” service listed in Category 2 in 2013 should be removed as this service is now funded in the capital budget.

In 2013 we submitted a list of Capital Projects underway related to life/safety issues as an FYI. We do not believe any current projects truly fit the narrow definition of Category 4.
