CONFIDENTIAL DRAFT

March 20, 2015

TO: David Schumacher

FROM: Kevin W. Quigley, Secretary

SUBJECT: CONTINGENCY PLANNING FOR STATE AGENCY OPERATIONS –
UPDATE TO DSHS PLAN
(Update June 19, 2015)

In response to your memo of March 4, 2015, attached is an update to the assessment we completed June 17, 2013, of the services we believe we have a legal obligation to continue, even in the absence of an enacted state budget. Our assessment that certain services must continue is based on certain constitutional mandates and federal law, or for the immediate response to issues of public safety.

The attachment lists all of the services provided by DSHS, primarily by budget unit. Those required to be continued are highlighted in yellow, along with a general categorical justification and percent of budget or FTEs impacted. Services not highlighted on the attachment would be discontinued. Services highlighted in orange are temporarily continued. Generally speaking, about one-quarter of DSHS services would be continued. Due to the employee-intensive roles related to operating our 24/7 operations (e.g., state psychiatric hospitals, residential habilitation centers and juvenile rehabilitation institutions), approximately one-half of the DSHS work force would continue. By contrast, approximately seven percent of the DSHS headquarters staff would continue during any possible shutdown.

The services to be continued, on a DSHS Administration-by-Administration basis, are as follows:

Children's Administration:

- Behavior Rehabilitation Services Group Homes
- Foster Care
- Child Protective Services (emergency response and intake only)
- Headquarters (skeletal to support above, such as foster care licensing)
- Adoption Support

Juvenile Justice and Rehabilitation Administration:

- Special Commitment Center
- Institutional Services for Juvenile Offenders
- Juvenile Community Residential Services
- Juvenile Offender Transportation Services
- Juvenile Offender Basic Training Camp
- Headquarters (skeletal to support above)

Behavioral Health and Service Integration Administration:

- State Psychiatric Hospitals (three state run hospitals)
- Consolidated Services (partial maintenance support to Eastern State Hospital)
- Regional Support Networks (state payment in support of involuntary commitments; temporary continuation of Medicaid services until federally-required termination process is fully implemented)
- Community Mental Health (Children's Long-term Inpatient Program)
- County Managed Drug and Alcohol Treatment Services (temporary continuation of Medicaid services until federally-required termination process is fully implemented)
- Tribal Drug and Alcohol Treatment Services (temporary continuation of Medicaid services until federally-required termination process is fully implemented)
- Residential Drug and Alcohol Treatment Services (temporary continuation of Medicaid services until federally-required termination process is fully implemented)
- Headquarters (skeletal to support above)

Developmental Disabilities Administration:

- Residential Habilitation Centers (four state run institutions)
- Consolidated Services (partial maintenance support to Lakeland Village)
- Medicaid funded services – State Operated Living Alternatives, Community Residential Programs, Personal Care Services, Individual and Family Services, Professional Services, Employment and Day Programs, Community Crisis Stabilization Residential Services (temporary continuation of Medicaid until federally-required termination process is fully implemented)
- Field Services and Headquarters (skeletal to support above)

Aging and Long Term Support Administration:

- Adult Protective Services (emergency response and intake)
- Medicare-funded nursing home inspections
- Medicaid funded services –Case Management, In-Home Services, Nursing Facilities, Adult Day Health, Private Duty Nursing, Adult Family Home Services, Assisted Living Services, Managed Care (temporary continuation of Medicaid services until federally-required termination process is fully implemented)
- Headquarters (skeletal to support above)

Economic Services Administration:

- Child Support Enforcement (skeletal, to fulfill federal obligation to transmit withholding notices and disburse collected funds within two business days)
- Refugee and Immigration Assistance
- SNAP/federally-funded Food Stamps (pass-through of federal grant dollars)
- TANF Cash Assistance (temporary and partial to allow for monthly cash payments to existing clients)
- Disability Determination Services (Temporary determination for non-grant medical assistance eligibility is required by federal Medicaid law, so these services would be temporarily continued until federally-required termination process is fully implemented. Federal law requires continuation of other services for 180 days following notice to the Social Security Administration.)
- State Supplemental Payments (Program is reflected as discontinued on the attached, but quarterly payments are required under federal law. Program would need to be temporarily reinstated to meet this requirement depending on length of shutdown)
- Headquarters/Program Support (Skeletal to support above, and financial eligibility workers to continue eligibility for SNAP and Medicaid)

Administrative Support:

- Headquarters (skeletal to support all of the above)

We have asked our AG to review this update. Please do not hesitate to contact Kathy Marshall at 360-902-8181 or marshka@dshs.wa.gov should you have any questions.
