Good morning,

Our budget was signed by the Governor and the only thing still outstanding for WSDOT for 2017-19 is compensation adjustments for our non-marine employees. We could have some impact if other state agencies that we rely on for services are impacted by a shutdown, (DES, AGO, OST, OCIO, etc.), but I'm not sure how I would estimate those impacts. Please let me know if you need something else from WSDOT. Thank you.
