Therefore it is important that bidders review all questions and answers, and not just those which they may have submitted.

Bidders' Questions & Answers

Question 1: *Both sections 3.2 Technical Proposal, and Section 3.3 Qualifications include the statement "Attachments. Attachments must be labeled and tabbed and the question number to which it responds must be indicated."*

Since this is an electronic (email) submitted proposal, can you clarify what the State requires regarding attachments, and to which response items this instruction applies?

ANSWER: Only Section 3.3 Qualifications/Experience requires attachments (Proposed QA Consultant's Resume and Example Deliverables). Ensure that these attachments are labeled with the correct RFP numbering to correspond to the correct requirements.

Question 2: *Section 3.3.a Consultant Experience requires "five (5) years of QA experience in the past ten (10) years for complex state of Washington projects that included multiple organizations and diverse stakeholders".*

Would the State consider accepting a combination of QA and other non-QA experience totaling 5+ years within the past ten years on complex state of Washington projects that included multiple organizations and diverse stakeholders?

ANSWER: No.
