

**Cash Management Improvement Act Agreement
between
The State of Washington
and
The Secretary of the Treasury,
United States Department of the Treasury**

The Secretary of the Treasury, United States Department of the Treasury (hereafter 'Secretary'), and State of Washington (hereafter 'State'), in order to implement Section 5 of the Cash Management Improvement Act of 1990, as amended (hereafter 'Act'), agree as follows:

1.0 AGENTS OF THE AGREEMENT

1.1 The Authorized Official(s) for the State of Washington shall be the Assistant Director, Accounting Division, Office of Financial Management in all matters concerning this Agreement.

1.2 The Assistant Commissioner, Revenue Collections Management, Bureau of the Fiscal Service (Fiscal Service), U.S. Department of the Treasury, shall act as the Secretary's representative in all matters concerning this Agreement.

2.0 AUTHORITY

2.1 The authority for this Agreement is the Cash Management Improvement Act of 1990 (Public Law 101-453), as amended by the Cash Management Improvement Act of 1992 (Public Law 102-589), codified at 31 U.S.C. 6501 and 31 U.S.C. 6503.

2.2 The regulations codified at 31 CFR Part 205 shall apply to all matters pertaining to this Agreement, and are incorporated herein by reference. In the event of any inconsistency between this Agreement and 31 CFR Part 205, the regulations shall govern.

3.0 DURATION, AMENDING, TERMINATING, AND MISCELLANEOUS PROVISIONS

3.1 This Agreement shall take effect on 07/01/2017 and shall remain in effect until terminated.

3.1.1 This amendment is submitted due to a change in the federal programs that equal or exceed the state's CMIA threshold. The state's threshold is \$30 million and is based on the state's 2016 Single Audit Report issued on March 30, 2017. This amendment is effective July 1, 2017, until terminated, as required by 31 CFR 205.7(c).

3.2 This Agreement may be amended at any time by written, mutual consent of the State and the Fiscal Service. This Agreement shall be amended annually to incorporate new programs that qualify as major Federal assistance programs and remove programs that no longer qualify as major Federal assistance programs. A State must notify the Fiscal Service in writing within 30 days of the time the State becomes aware of a change that involves additions or deletions of programs subject to Subpart A, changes in funding techniques, and/or changes in clearance patterns. The notification must include a proposed amendment for review by the Fiscal Service.

3.3 Notwithstanding section 3.2, in the event of Federal or State non-compliance with Subpart B of 31 CFR, Part 205, the Fiscal Service may amend this Agreement at any time to incorporate additional programs and the entities that administer those programs.

3.4 This Agreement may be terminated by either party with 30 days written notice. If this Agreement is terminated, the Fiscal Service will prescribe the funding techniques, clearance patterns, and methods for calculating interest liabilities to be used by the State.

4.0 PROGRAMS COVERED

4.1 The State's threshold and its major Federal assistance programs shall be determined based on Schedule of Expenditures of Federal Awards for fiscal year ending 06/30/2016.

All major Federal assistance programs shall be covered by this Agreement, unless otherwise specified in section 4.4 of this Agreement.

4.2 The State's threshold for major Federal assistance programs is \$30,000,000.

The following programs meet or exceed the threshold and are not excluded in Section 4.4:

405---Department of Transportation---DOT
461---Department of Ecology---ECY
540---Employment Security Department---ESD

5.2 Entities that meet the definition of a Fiscal Agent per 31 CFR Part 205 shall be subject to the terms of this Agreement. The following is a list of Fiscal Agents that administer funds under the programs listed in the Section 4.0 of this Agreement:

FIS (Fidelity National Information Svcs, LLC) 10.551 Supplemental Nutrition Assistance Program
United Community Bank 10.557 Special Supplemental Nutrition Program for Women, Infants, and Children

6.0 FUNDING TECHNIQUES

6.1 General Terms

6.1.1 The State shall request Federal funds in accordance with the appropriate cut-off times shown in Exhibit I to ensure funds will be received and credited to a State account by the times specified in the funding techniques. Exhibit I is incorporated by reference herein.

6.1.2 The State shall schedule the receipt of Federal funds such that the funds are received and credited to a State account in accordance with the clearance patterns specified in Exhibit II - List of State Clearance Patterns. Exhibit II is incorporated by reference herein.

6.1.3 In instances where the receipt of funds is scheduled for a Saturday, the State shall request funds for deposit on Friday. In instances where the receipt of funds is scheduled for a Sunday, the State shall request funds for deposit on Monday. In instances where the receipt of Federal funds is scheduled for deposit on a day when the State is not open for business, the State shall request funds for deposit the day following the scheduled day; in instances where the receipt of Federal funds is scheduled for deposit on a day when the Federal Government is not open for business, the State shall request funds for deposit the day prior to the scheduled day.

6.1.4 Estimates and Reconciliation of Estimates:

Where estimated expenditures are used to determine the amount of the drawdown, the State will indicate in the terms of the State unique funding technique how the estimated amount is determined and when and how the State will reconcile the difference between the estimate and the State's actual expenditures.

6.1.5 Supplemental Funding:

Unless otherwise defined by program rules, Supplemental Funding is the award of additional funds to provide for an increase in costs due to unforeseen circumstances.

The State will comply with all Federal program agency policies and procedures for requesting supplemental grant funding.

The State will comply with the following guidelines when requesting supplemental funding for the Medical Assistance Program and associated administrative payments (CFDA 93.778):

The State must submit a revised Medicaid Program Budget Report (CMS-37) to request supplemental funding. The CMS guidelines and instructions for completing the CMS-37 are provided in Section 2600F of the State Medicaid Manual (SMM). The CMS/CO must receive the revised Form CMS-37 through the Medicaid Budget Expenditure System/Children's Budget Expenditure System (MBES/CBES) no later than 10 calendar days before the end of the quarter for which the supplemental grant award is being requested.

Additional guidance on this policy is available from the respective CMS Regional Office, U.S. Department of Health & Human Services.

The State will comply with the following guidelines when requesting supplemental funding for TANF (CFDA 93.558), CCDF (CFDA 93.575), CSE (93.563), and the FC/AA (CFDA 93.658 and CFDA 93.659) programs administered by the U.S. Department of Human Services, Administration for Children and Families (HHS/ACF):

a. Timing of the Request

A State should initiate its request for supplemental funding during a quarter as soon as it becomes aware of the fact that a shortfall does/will exist. For the TANF and CCDF grants, supplemental funding requests (estimates) may be submitted by a State, for consideration by ACF, up through and including the 15th day of the third month of the first, second or third quarter of any fiscal year. Since TANF and CCDF are block grant programs, all unawarded portions of the annual allotment will automatically be issued at the beginning of the fourth quarter. Therefore, supplemental funding requests will not be available during the fourth quarter for these programs. For the CSE and FC/AA programs, supplemental funding requests may be submitted by a state, for consideration by ACF, up through and including the 15th day of the third month of any quarter of a fiscal year.

b. Justification for the Request

The request for a supplemental funding for any of the above mentioned programs should contain a justification clearly documenting the need for the additional funding authority during the current quarter. This documentation should be in the

form of State accounting records or similar documents that will show the actual expenditures through the most recent month for which such data are available, as well as the State's most accurate projection of its anticipated expenditures during the remaining month(s) of the quarter. For either the TANF or the CCDF program, the State's justification should also include an explanation of the activities requiring the obligation and/or expenditure of amounts that exceed the normal quarterly grant award restrictions and why these activities could not have been delayed until the next quarter.

c. Form Submittal

Supplemental funding requests should be made by completing the appropriate ACF quarterly report of expenditures and estimates applicable to the particular program for which the grant award request is being made.

d. Approval Process

Upon receipt of the state's request for additional funding authority for a quarter, the ACF Regional Office will promptly review the supporting documentation. If the request is properly justified, so long as ACF has adequate funding availability, the State's request will be expedited and supplemental funding will be issued within 5 days of ACF receiving the request. The State will be notified by the Regional Office when the supplemental award has been transmitted to the Payment Management System (PMS) and when it may initiate drawdowns against the supplemental funding.

Additional guidance on this policy is provided in the U.S. Department of Health & Human Services, Administration for Children and Families, letter (May 19, 2004) to State Administrators from the Deputy Assistant Secretary for Administration.

6.2 Description of Funding Techniques

6.2.1 The following are terms under which standard funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Actual Clearance, ZBA - ACH

The State shall request funds such that they are deposited by ACH in a State account on the settlement date of payments issued by the State. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the request shall be for the amount of funds that clear the State's account on the settlement date. This funding technique is interest neutral.

Actual Clearance, ZBA - Same Day Payment

The State shall request funds the same day it pays out funds, in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. A Federal agency will deposit funds in a State account the same day as requested. The amount of the request shall be for the amount of funds that clear the State's account that day. This funding technique is interest neutral.

6.2.2 The following are terms under which funding techniques for administrative costs shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

There are no funding techniques listed in Section 6.2.2

6.2.3 The following are terms under which miscellaneous funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Capitalization Grants for State Revolving Funds

The State shall request funds to minimize the time between the drawdown of funds from Treasury and their deposit into the revolving fund. The timing of the drawdown of Federal funds for deposit to the revolving fund is subject to the interest provisions of 31 CFR Part 205, however there is an interest exemption for the interest the State earns once the funds are deposited into the revolving fund. The request for funds shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the request shall be for the amount of the funds to be used for immediate program purposes. The State will not incur an interest liability for interest earned on revolving fund loans. This funding technique is interest neutral.

6.2.4 The following are terms under which State unique funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Direct Funding WSDOT

The State shall request funds only after related cash expenditures have been recorded in TRAINS. Because the process is an automatic one, we expect reimbursement the same day wire requests are made. The amount of the request shall be the actual sum of cash expenditures that have been incurred, recorded, identified, and reconciled as billable from the preceding week. This funding technique is interest neutral.

Direct Funding WSDOT Monthly

Eligible expenditures are accumulated throughout the month in a billing file. Invoices are generated once a month, following the fiscal month close. The invoices and supporting documents are submitted through Delphi E-Invoicing as required by the FRA. This funding technique is interest neutral.

Modified Direct Program Costs

Except for managed care payments, the State shall request funds for direct program costs to providers and clients. The draw will occur on fixed intervals. Managed care payments will have a separate draw. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. Managed care payments will be drawn the day before the payment to providers, so funds are received on date of managed care payments. The amount of the draw will be an accumulation of program costs since the last draw. This funding technique is interest neutral.

Modified Direct Program Costs - Admin, Payroll, Payments to Providers (ACH Drawdown on Payroll Cycle)

The State shall request funds for all direct administrative costs and/or payroll costs, and/or payments made to providers and to support providers. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the funds requested shall be based on the amount of expenditures recorded for direct administrative costs and/or payroll costs and/or payments made to providers or to support providers since the last request for funds. The State payroll cycle is payday twice a month. Draws made day before payday are for deposit on payday. The draw request will be made in accordance with cut-off time in Exhibit 1. The amount of the funds requested shall be based on the amount of expenditures recorded for direct administrative costs and/or payroll costs and/or payments made to providers or to support providers since the last request for funds. This funding technique is interest neutral.

Modified Direct Program/Benefit Costs - Direct program/benefit payments to Providers (ACH Drawdown at Fixed Intervals - SPI)

The State shall request funds for all direct program/benefit payments to Providers. The request shall be made such that the funds are deposited to the State's account on the last working day of the month. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the funds requested shall be based on the amount of expenditures recorded for the direct program/benefit payments to Providers since the last

request for funds. This funding technique is interest neutral.

Modified Pre-Issuance (Post-Issuance) (Fedwire Same Day Payment)

The State shall request funds daily from the Unemployment Insurance Trust Fund to pay for State unemployment insurance benefits. The State shall request funds such that they are deposited into the state account after the state issues checks, but before the checks clear. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. A federal agency shall deposit funds in the State account the same day as requested. The amount of the request shall be based on the amount of the actual warrants disbursed, except in the case of a holiday following a day upon which checks are issued; in this circumstance, an estimate will be used and an adjustment made to the next draw. The State shall request funds daily from the Unemployment Insurance Trust Fund to pay for State unemployment insurance benefits. The amount of the request shall be based on the amount of the actual warrants disbursed, except in the case of a holiday following a day upon which checks are issued; in this circumstance, an estimate will be used and an adjustment made to the next draw. This funding technique is interest neutral.

Pre-Issuance Grant Anticipation Revenue Vehicle (GARVEE) Bond Repayment

The State of Washington Department of Transportation will request funds for the repayment of GARVEE Bonds issued and paid by the Bond Retirement Interest Agency. Funds will be requested for payments of principal and interest on bonds. Funds may be requested at least seven business days in advance of the bond payment. This early drawdown has been approved by the Federal Highway Administration (FHWA) and Fiscal Service. This funding technique is interest neutral.

TIFIA Funding WSDOT

The agency has a TIFIA Loan disbursement schedule for which the disbursement amount and schedule is approved by the USDOT TIFIA Office. Eligible project costs are referenced in the TIFIA Loan agreement. All requests by the agency, made through a requisition and certification, for the disbursement of the TIFIA Loan proceeds must be made by electronic mail or overnight delivery service to the TIFIA Lender. The requests must be received by the TIFIA lender at or before 5:00 PM EST on the first Business Day of a calendar month in order to obtain disbursement by the fifteenth day of such calendar month or, if such day is not a business day, the succeeding business day. This funding technique is interest neutral.

UI Admin - Modified Payment Schedule (Fedwire Semi-Monthly Drawdown on Payday)

The State shall request funds semi-monthly. It issues Electronic Funds Transfer (EFT) payments and Voucher payments for Administrative and Reed Act costs including payroll. The State shall request funds semi-monthly. Warrants for Administrative and Reed Act Costs including payroll are disbursed from the State's account. The State's request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. A federal agency shall deposit funds in the State account the same day as requested, if the request is made in accordance with the appropriate Federal agency cut-off time specified in Exhibit 1. The amount of the request shall be the amount of EFT payments and Journal Voucher payments for Administrative and Reed Act costs including payroll that are issued from the State's account and the amount of Warrants for Administrative and Reed Act costs including payroll that are disbursed from State's account. This funding technique is interest neutral.

UI Federal (Fedwire Same Day Payment Modified Actual Clearance ZBA)

The State shall request funds daily from the Unemployment Insurance Trust Fund to pay for Federal unemployment insurance benefits. The State shall request funds the same day it pays out funds (based upon actual settlement from the bank for both checks and warrants), in accordance with the appropriate Federal agency cut-off time specified in Exhibit I.

A federal agency shall deposit funds in the State account the same day as requested. The amount of the request shall be based on the amount of the actual warrants redeemed and checks cleared on that day in the State's account. The amount of the request may be adjusted based upon the balance in the account from the previous day. This funding technique is interest neutral.

6.3 Application of Funding Techniques to Programs

6.3.1 The State shall apply the following funding techniques when requesting Federal funds for the component cash flows of the programs listed in sections 4.2 and 4.3 of this Agreement.

6.3.3 Materiality Exemptions

Agencies exempt from coverage on the basis of materiality:

Agency 340 Student Achievement Council - 84.367

7.0 CLEARANCE PATTERNS

7.1 The State shall develop separate clearance patterns for each of the following:

With the exception of programs administered by recipient Agency 350, Superintendent of Public Instruction, where all federal program payroll charges are based on 100% EFT payroll, the State shall develop a clearance pattern for the

payroll and administrative function. This clearance pattern shall be applied to the payroll and administrative components of all programs.

7.1.2 Program Specific- The State shall develop program-specific clearance patterns for each of the following programs: CFDA 20.205, Highway Planning and Construction; 93.568, Low Income Home Energy Assistance; 93.575 Child Care and Development Block Grant; 93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund; 93.778, Medical Assistance.

7.2 The following shall develop the State's clearance patterns:

The Office of Financial Management, in conjunction with the Office of the State Treasurer (OST) and the applicable agency, shall develop all of the State's clearance patterns.

7.3 The sources of data the State shall use when developing its clearance patterns are as follows:

Type of Clearance Pattern: Payroll and Administrative; Source of Data: Human Resource Management System (HRMS) and OST's EFT and warrant redemption records. Type of Clearance Pattern: Program specific; Source of Data: Agency warrant registers and OST's warrant redemption records. For CFDA 20.205, the agency system is TRAINS.

7.4 The State shall use the following methodology when developing its clearance patterns:

When developing each clearance pattern, the State shall track at least 99% of the funds disbursed, from issuance to clearance, for a period of at least three months.

7.4.1 Actual Activity - Non Payroll. The State shall track 100 percent of the funds disbursed during a time period of at least three consecutive months. The State shall carry out the clearance pattern until at least 99 percent of the funds have cleared. This methodology shall be applied for all clearance patterns except payroll.

7.4.2 Actual Activity - Payroll. The State shall track the payroll funds disbursed by warrant during the time period of at least three consecutive months. The State shall adjust the warrant clearance pattern to reflect the percentage of payroll direct deposits applicable to each federal program. The composite clearance pattern for payroll warrants and direct deposit shall be carried out until at least 99 percent of payroll funds have cleared. The clearance pattern shall be based on 100% of the data, or on a sample size sufficient to ensure, at a minimum, a 95% confidence interval no wider than + or - 0.25 weighted-days about the estimated mean.

7.5 The State shall identify for each check or warrant (hereafter, check) in the population: (1) the date the check was released for payment; (2) the date the check was debited from the State's account, and, (3) the amount of the check.

7.6 The State shall use the following method to calculate the dollar-weighted average day of clearance:

To determine the number of days each check was outstanding (clearance time), the issue date shall be subtracted from the date the check cleared the State's account.

To determine the percentage of the disbursement paid out each day following issuance, the amount of the checks that clear the State's account each day shall be summed and then divided by the amount of the total disbursement.

For each day following issuance, the clearance time of the checks paid out that day shall be multiplied by the percentage of the total disbursement those checks represent. This product is the clearance factor.

The dollar-weighted average day of clearance for the disbursement shall be determined by summing the clearance factor

of each day following the disbursement.

7.7 The State shall adjust each clearance pattern to reflect the dollar-weighted proportion of funds paid out by EFT/Direct payroll, with the following exceptions:

For most programs, the State distinguishes the payroll clearance from the recipient/benefit payments as a separate cash flow. However, in Agency 300, composite rate payroll clearance patterns are included in the agency's composite rate. Both the warrant clearance and the EFT payroll are considered in calculating the composite rate.

The State shall also adjust each clearance pattern to reflect:

None. Not applicable.

7.8 Each of the State's clearance patterns is calculated in calendar days.

7.9 An authorized State official shall certify that each clearance pattern developed by the State accurately corresponds to the clearance activity of the programs to which it is applied. This certification shall be provided to the Fiscal Service prior to the effective date of the Agreement. The State shall recertify its clearance patterns at least every five years.

7.9.1 Clearance patterns required by section 7.9.1 were completed for Payroll (Average Clearance = 0 day), CFDA 20.205 Highway Planning and Construction (Average Clearance = 2 days), CFDA 93.568 Low Income Home Energy Assistance (Average Clearance = 0 days), CFDA 93.575 Child Care and Dev Block Grant (Average Clearance = 0 days), CFDA 93.596 Child Care Mandatory & Matching Funds (Average Clearance = 0 days), and CFDA 93.778 Medical Assistance Program direct payments to providers (Average Clearance = 0 days) and submitted with the June 30, 2013, amendment. The clearance patterns were certified as to accuracy by the State of Washington, in compliance with Fiscal Service CMIA.

7.10 The State shall follow the procedures of 31 CFR 205 if it has actual or constructive knowledge, at any time, that a clearance pattern does not correspond to a program's clearance activity.

8.0 INTEREST CALCULATION METHODOLOGY

8.1 General Terms

8.1.1 The State and the Secretary agree that no interest liabilities will be incurred for transfers of funds made in accordance with the procedures specified in section 6 of this Agreement where the following funding techniques are applied:

Actual Clearance, ZBA - ACH

Actual Clearance, ZBA - Same Day Payment

Capitalization Grants for State Revolving Funds

Direct Funding WSDOT

Direct Funding WSDOT Monthly

Modified Direct Program Costs

Modified Direct Program Costs - Admin, Payroll, Payments to Providers (ACH Drawdown on Payroll Cycle)

Modified Direct Program/Benefit Costs - Direct program/benefit payments to Providers (ACH Drawdown at Fixed Intervals - SPI)

Modified Pre-Issuance (Post-Issuance) (Fedwire Same Day Payment)

Pre-Issuance Grant Anticipation Revenue Vehicle (GARVEE) Bond Repayment

TIFIA Funding WSDOT

UI Admin - Modified Payment Schedule (Fedwire Semi-Monthly Drawdown on Payday)
UI Federal (Fedwire Same Day Payment Modified Actual Clearance ZBA)

8.1.2 The State shall maintain information on disbursements and receipts of funds to verify the implementation of any funding technique and document interest liabilities.

For each disbursement, the State shall be able to identify:

- (1) amount of the issuance
- (2) date of issuance
- (3) date Federal funds are received and credited to a State account
- (4) amount of Federal funds received
- (5) date funds were requested

8.2 Federal Interest Liabilities

8.2.1 A Federal interest liability shall accrue from the day the State pays out its own funds for program purposes to the day Federal funds are credited to a State account. With regard to funds transferred out of the Federal Highway Trust Fund, if a State does not bill at least weekly for current project costs, the Federal interest liability shall not accrue prior to the day the State submits a request for funds.

8.2.2 The State shall use the following method to calculate Federal interest liabilities:

For all transactions where the State pays out its own funds for program purposes prior to receiving Federal funds, the State shall track each payment from the date it is paid out of a State account to the date Federal funds are subsequently credited to a State account to cover that outlay. The Federal interest liability on each payment shall be based on the difference in whole days between the two events. With Federal-State matching programs, interest shall be calculated on the Federal percentage of the disbursement.

8.3 The Unemployment Trust Fund

8.3.1 The State shall use the following method to calculate State interest liabilities on funds withdrawn from the several accounts in the Unemployment Trust Fund:

The State shall use the following methodology to calculate State interest liabilities on funds withdrawn from the State account in the UTF under the Unemployment Insurance program.

Based on statements provided by its financial institution (or other appropriate sources), the State shall determine the actual interest earnings and the related banking costs attributable to funds withdrawn from its account in the UTF. At the end of the State's fiscal year, the State shall calculate the percentage of its total unemployment compensation expenditures for (1) funds withdrawn from the State account in the UTF, or the State %, and (2) funds withdrawn from the Federal Employees Compensation Account (FECA) and the Extended Unemployment Compensation Account (EUCA) and any other accounts of Federal funds in the UTF, or the Federal %.

The actual interest earnings of the benefit payment account on the whole constitute the actual interest earnings attributable to funds withdrawn from the State account in the UTF, since the State shall apply an appropriate interest neutral funding technique, to funds withdrawn from the FECA and EUCA and any other benefit accounts of Federal funds in the UTF from which the State draws.

The State shall calculate the related banking costs attributable to funds withdrawn from the State account in the UTF by multiplying the State % by the amount of the related banking costs of the benefit payment account as a whole. The States

liability for interest on funds withdrawn from its account in the UTF shall consist of the actual interest earnings of the benefit payment account on the whole less the related banking costs attributed to such funds.

8.4 Refund Liabilities

8.4.1 The State shall be liable for interest on refunds from the date the refund is credited to a State account until the date the refund is debited from the State account for program purposes. The State shall apply a \$50,000 refund transaction threshold below which the State shall not incur or calculate interest liabilities on refunds. A transaction is defined as a single deposit.

8.4.2 For each refund, the State shall maintain information identifying:

- (1) date a refund is credited to a State account
- (2) date of the subsequent deposit of Federal funds against which the refund is offset
- (3) amount of the refund

8.4.3 The State shall use the following methodology to calculate interest liabilities on refunds:

With programs to which applicable interest neutral funding techniques are applied, the State interest liability shall be based on the difference in whole days between the date the refund is deposited in a State account and the date the refund is offset against a subsequent deposit of Federal funds.

8.5 Exemptions

8.5.1 Where more than one State agency is a recipient of Federal funds under a program, a particular State agency's funding may be excluded from interest calculation procedures if the State agency receives an amount of funds less than 5 % of the State's threshold for major Federal assistance programs. Notwithstanding this potential exemption, however, in no case shall less than 90% of a program's total funding be subject to interest calculation procedures.

Proration of calculations: If less than total program funding is subject to interest calculation procedures, the resulting interest liability calculations shall be prorated to 100% of program funding.

8.6 State Interest Liabilities

8.6.1 The State shall be liable for interest on Federal funds from the date Federal funds are credited to a State account until the date those funds are paid out for program purposes.

8.6.2 The State shall use the following method to calculate State interest liabilities on Federal funds:

8.6.2.1 Measuring Time Funds Are Held

To determine the total time Federal funds are held, the State shall measure the time between the date Federal funds are received and credited to a State's account and the date those funds are debited from the State's account.

8.6.2.2 Source of Data

Central Accounting System:

The time period from the date Federal funds are received and credited to the State's account and the date those funds are debited from the State's account shall be determined from information captured by AFRS (Agency Financial Reporting System).

8.6.2.3 Standards Applied

Census (Average Daily Balance):

The average daily cash balance of Federal Funds in the program's account reflects the actual activity of each draw from the date of deposit to the date of issuance or clearance, whichever is pertinent.

8.6.2.4 Calculation Procedure

$I = ADB \times R$, where

I = State's total interest liability

ADB = Average Daily Balance of cash in a program's account, measured from deposit to clearance

R = Annualized rate equal to the average equivalent yields of 13-week Treasury bills auctioned during a State's fiscal year

8.6.7 State interest liabilities may accrue if Federal funds are received by the State prior to the day the State pays out the funds for Federal assistance program purposes, in those cases where the State has not followed the interest-neutral funding techniques described in Section 6 of this Agreement. State interest liability accrues from the day Federal funds are credited to a State account to the day the State pays out the Federal funds for Federal assistance program purposes. (31 CFR 205.15.(a)) The State does not incur an interest liability to the Federal government if a Federal statute requires the State to retain or use for Federal assistance program purposes the interest earned on Federal funds. (31 CFR 205.15.(c)) In programs utilizing mandatory matching of Federal funds with State funds, the State must not arbitrarily assign its earliest costs to the Federal government. The State incurs interest liabilities if it draws Federal funds in advance and/or in excess of the required proportion of agreed upon levels of State contributions in programs utilizing mandatory matching of Federal funds with State funds. (31 CFR 205.15.(d))

9.0 REVERSE FLOW PROGRAMS

The State is not required to cover any reverse flow programs under the terms of this Agreement because the State does not participate in the program.

10.0 INTEREST CALCULATION COSTS

10.1 As set forth in 31 CFR 205.27, interest calculation costs are defined as those costs necessary for the actual calculation of interest, including the cost of developing and maintaining clearance patterns in support of the interest calculations. Interest calculation costs do not include expenses for normal disbursing services, such as processing of checks or maintaining records for accounting and reconciliation of cash balances, or expenses for upgrading or modernizing accounting systems. Interest calculation costs in excess of \$50,000 in any year are not eligible for reimbursement, unless the State provides justification with the annual report.

10.2 The State expects to incur the following types of interest calculation costs:

Interest calculation costs, Labor Costs and Data Processing costs related to developing warrant clearance patterns, and costs for calculating interest, including preparation of the CMIA annual report.

10.3 The State shall submit all claims for reimbursement of interest calculation costs with its Annual Report in accordance with 31 CFR 205.

11.0 NON-COMPLIANCE

11.1 The provisions of 31 CFR Part 205.29 and 31 CFR Part 205.30 shall apply in cases of non-compliance with the terms of this Agreement.
