

45.10 Purchase Card Programs

45.10.10

January 1, 2012

Purpose of this chapter

This chapter contains the policies and procedures for the use of purchase cards by state agencies. These policies and procedures also apply to the one card (combination purchase and travel card), as described in Subsection 85.36.20, when it is used for non-travel purposes.

The purpose of purchase card programs is to improve the efficiency, flexibility and convenience related to purchasing goods and services. Purchase cards provide an alternative procurement method for purchases. They are not intended to be considered a procurement approach, or to be used to avoid or bypass purchasing policies. Rather, purchase cards are to be used within the same statutes, rules, policies, and procedures as purchases by any other means of payment.

The Department of Enterprise Services through their Office of State Procurement has established a purchase card program. Refer to Subsection 85.36.20 for a description of the other charge card types, such as the one card, offered under the state charge card contract. This contract is available for all state agencies choosing to use purchase cards. Agencies may independently contract for purchase card services if specifically authorized by statute or rule.

Authority for these policies

- 45.10.20.a RCW 43.19.185 authorizes agencies to use credit cards (e.g., purchase cards) for making purchases under rules established by the Department of Enterprise Services (DES). The Office of State Procurement (OSP) codified these rules in WAC 200-370-010 through 025.
- 45.10.20.b RCW 43.19.1905 authorizes state agencies to purchase materials, supplies, services, and equipment of equal quantity and quality to those on state contract from the state's contractor or from non-contract suppliers provided that an agency follows OSP's Best Buy procedures.
- 45.10.20.c RCW 28B.10.029 authorizes institutions of higher education to independently exercise certain powers otherwise granted to the director of DES.

Applicability

This section applies to all agencies of the state of Washington, unless otherwise exempted by statute or rule. The Budget and Accounting Act (RCW 43.88.020) defines the term “agency” to mean and include “every state office, officer, each institution, whether educational, correctional or other, and every department, division, board and commission, except as otherwise provided.”

Agencies may request a waiver from complying with specific requirements of this chapter. Refer to Subsection 1.10.40 for information on how to request a waiver.

- Developing agency specific policies and procedures in accordance with state policies.

Individually assigned cards and department cards

45.10.65.a

Agencies may choose whether to issue purchase cards to individuals and/or departments. It is recommended that agencies utilize individually assigned cards rather than department cards in order to ensure better accountability of card users and full fraud protection from the issuing bank. The agency program administrator is responsible for determining who is authorized to receive and/or use purchase cards within their agency. The agency is responsible for charges against the purchase cards.

45.10.65.b **Individually assigned cards**

An individually assigned card is one that, in addition to including the name of the agency, department or institution, contains the name of the individual cardholder on the card. In order to ensure full fraud protection from the issuing bank, the individual cardholder's name must appear on the first line of embossing. The individual to whom the card is assigned should sign the back of the card. The individually assigned card cannot be used by anyone other than the employee to whom the card has been assigned.

45.10.65.c **Department cards**

A department card is issued bearing the name of a group (agency, department, workgroup or division), and generally does not have an individual name listed. The card is issued to a card custodian within the group. An agency may choose to include the card custodian's name on the card. The card custodian provides the card to designated card users as the need arises for them to make purchases.

In general, department cards should not be signed by an individual. If signed by an individual, it would be difficult for any staff member other than the signer to use the card. Instead, the card custodian should consider writing either the department or workgroup name on the space on the back of the card or writing the words "Request Employee Identification" on the back of the card.

45.10.70.g **Cardholder (individually assigned cards)**

For agencies who choose to utilize individually assigned cards, the cardholder is the employee issued an individually assigned purchase card to make purchases and is the only one authorized to use that card. The cardholder is responsible for the following:
