ATTACHMENT H - TECHNOLOGY AND SECURITY
(40 total points)

Bidders must number each response so that it corresponds to the inquiry number. The response must begin with a restatement of the inquiry followed by the Bidder's response to the inquiry. A reference to another section will not suffice, each answer must stand alone.

1. (10 points) Please state the security framework you have implemented.

2. (10 points) Describe your security and data protection policies.

3. Please list any technology or software requirements needed to use your system (i.e. Browser versions, etc.).

4. (20 points) Describe how your employees are granted access to sensitive customer data. (Explain how you manage access rights / who has access to data) including how you ensure customers are limited to access and viewing of their candidate's data only.

(Responses to this Attachment must be submitted as a single Word/pdf File – labeled as: *RFP 23-100 Attachment H - [Your Entity Name]*)
