Attachment B, *Bidder Evaluation Pricing Worksheet* (Pricing Worksheet) is provided for the Bidder's Response. The Pricing Worksheet can be found in electronic form at the Washington Electronic Business System (WEBS) at <https://pr-webs-customer.des.wa.gov/> and at <https://ofm.wa.gov/about/procurements-sole-source-contracts-and-intergovernmental-agreements>:

The Bidder's Pricing Worksheet **must be submitted in the MS Excel format provided. DO NOT MODIFY THE COLUMNS OR PRICING METHODS.**

The following definitions and notes apply to the Pricing Worksheet:

OFM/K-20 is seeking pricing for multiple bandwidth profiles at various locations across the State. Service installation addresses, site contact information, and bandwidth profile speeds are specified in the Pricing Worksheet.

OFM/K-20 reserves the right to purchase any bandwidth for which pricing is provided at its sole option at any time during the term of the contract. K-20 will have no obligation to change bandwidth at any time during the term (including any extension of the term) of the contract.

Initially, all bandwidth profiles A, B and C will be used to compute Bidder's Evaluation Price (Column R, Bidder Evaluation Price). The resulting contract(s) will reflect all bandwidth pricing options.

In the event that a site receives a bid for only profile A or profile B, K-20 reserves the right to award a contract to the contractor for that site if there are no bids for both profile A, B, and C together for that site. Period of performance for single profile(s) will be limited as set forth in Section 1.4 *Term of Contract and Period of Performance*.

Bidder must complete the following for each site bid:

1. Individual Circuit Pricing

a. Monthly Recurring Costs (MRC) – Columns I, L and O

- i. Bidders must provide monthly pricing for all bandwidth profiles A, B, and C. The monthly recurring cost must include all monthly recurring cost elements for the circuit components between the listed demarcation points for the corresponding bandwidth profile.
- ii. Bidders that can only provide bandwidth for profile A or B at any of the sites are encouraged to provide pricing for that profile. K-20 will consider these bids if no bids are received for all profiles at the site.
- iii. A blank cell in column I, L or O on the Pricing Worksheet will be interpreted as non-bid for the corresponding bandwidth profile.

b. One Time Cost or Installation Cost – Columns J, M and P

- i. Bidders must provide a total one-time charge, if any, for the Bidder to install the defined Service. The installation price must include all one-time charges for the circuit components between the listed demarcation points for the corresponding bandwidth profile.
- ii. The one time costs for bandwidth Profile B, if any, must be the incremental cost to upgrade from bandwidth Profile A to bandwidth Profile B. Similarly, bandwidth Profile C's one time cost, if any, must be the incremental cost to upgrade from bandwidth Profile B to bandwidth Profile C.
  1. If Bidder is awarded a site and OFM/K-20 elects to initially purchase Profile B, the total one time cost for the installation of Profile B will be the sum of the one time costs for both Profile A and B. Similarly, if OFM/K-20 elects to initially purchase Profile C, the total one time cost for the installation of Profile C will be the sum of the one time costs for bandwidth Profiles A, B and C.
- iii. A blank cell in column J, M or P on the Pricing Worksheet will be interpreted as no one time cost (\$0.00) for the corresponding bandwidth profile's installation or upgrade.

2. Bidder Proposed Node Sites

It is mandatory for Bidders to provide services to at least one K-20 node. K-20 will purchase trunks at identified nodes, and Bidder shall hand off a single trunk and not individual connections.

- a. Proposed Node Site (Column Q) – Bidder must identify which K-20 Node Site they propose for each site termination. K-20 Node Sites from which to choose are:

i. Seattle:

Westin Building  
2001 Sixth Ave, 19<sup>th</sup> Floor Meet-Me-Room  
Seattle, WA 98121

ii. Portland:

Pittock Building  
921 SW Washington, T250 Meet-Me-Room  
Portland, OR 97205

iii. Spokane:

US Bank Building  
422 W. Riverside, Suite 1401  
Spokane, WA 99201

3. The Contacts tab on the Pricing Worksheet contains the contact information for each site on the Pricing Worksheet for the purpose of arranging site visits only. Bidders are not allowed to discuss any other issue regarding this RFQ to site contacts.

## **7. EVALUATION AND SELECTION AS AN APPARENTLY SUCCESSFUL BIDDER**

### **7.1 OVERVIEW**

Contracts may be awarded to one (1) or more Bidders capable of providing the Ethernet Transport services between the locations listed in Attachment B, *Bidder Evaluation Pricing Worksheet*. Additionally, OFM may award contingent sites under these Contracts to Bidders who are second and third lowest bids on any site. The purpose of such contingent award is to ensure that K-20 has options to order Services in the event the lowest Bidder is unable to provide required Services.

The Apparently Successful Bidder(s) will be the Bidder(s) who:

- Meet all requirements in Section 1.3: Minimum Qualifications
- Comply with process requirements in Section 2: General Information
- Meet all requirements in Section 3: Administrative Requirements
- Meet all requirements in Section 4: Ethernet Performance Requirements
- Meet all requirements in Section 5: Service Requirements
- Meet all requirements in Section 6: Bidder Financial Response

If a Bidder is selected as an ASB, they will enter into contract negotiations with OFM. If during contract negotiations it is determined that first ASB is unable or no longer able to provide the

service, OFM reserves the right to enter into contract negotiations with the next lowest Bidder for that Service.

## **7.2 REQUIREMENTS**

Responses meeting all of the administrative, Ethernet performance, and service requirements will then be reviewed on a pass/fail basis to determine if the Response meets the Requirements. Only Responses meeting all Requirements will be further evaluated. The OFM reserves the right to determine, at its sole discretion, whether Bidder's Response to a Requirement is sufficient to pass.

If only one Bidder is determined to be responsive, OFM may award a single contract. At any time OFM may reject any and all Responses submitted in response to the RFQ.

## **7.3 FINANCIAL EVALUATION**

The financial evaluation will be based upon the Bidder responses to Section 6 Bidder Financial Response. Bidder Response must provide individual circuit pricing for all circuits for which the Bidder proposes to offer Services listed on Attachment B, *Bidder Evaluation Pricing Worksheet*.

Bidder Evaluation Price for each site is based on the following formula:

$$\begin{aligned} &(\text{Profile A MRC} * 24 \text{ months}) + \text{One Time Cost for Profile A} + (\text{Profile B MRC} * 24 \text{ months}) \\ &+ \text{One Time Cost to Upgrade from Profile A to Profile B} + (\text{Profile C MRC} * 12 \text{ months}) + \\ &\text{One Time Cost to Upgrade from Profile B to Profile C} = \text{Bidder Evaluation Price} \end{aligned}$$

The following applies ONLY when no bids are received for Profile A, Profile B, AND Profile C:

For those sites that receive bids for Profile A *only*, the Bidder Evaluation Price will be based on the following formula:

$$(\text{Profile A MRC} * 24 \text{ months}) + \text{One Time Cost for Profile A} = \text{Bidder Evaluation Price}$$

The Bidder with the lowest Bidder Evaluation Price per site will be declared the ASB for that site. If during contract negotiations it is determined that the ASB is unable or no longer able to provide the Service, OFM reserves the right to enter into contract negotiations with the next lowest Bidder for that site.

## **7.4 NOTIFICATION TO BIDDERS**

The RFQ Coordinator will notify the Apparently Successful Bidder(s) of their selection by e-mail upon completion of the evaluation process. Individuals or firms who's Responses have not been selected as an Apparently Successful Bidder, will be notified separately by e-mail.

## **7.5 DEBRIEFING OF UNSUCCESSFUL BIDDERS**

Any Bidder who has submitted a Response and been notified that they were not selected as an Apparently Successful Bidder may request a debriefing. The request for a debriefing conference must be received by the RFQ Coordinator as scheduled in Section 2.2 of this RFQ. Debriefings will be held as scheduled in Section 2.2 of this RFQ.

Discussion at the debriefing conference will be limited to the following:

- Evaluation and scoring of the Bidder's Response;
- Critique of the requesting Bidder's Response based on the evaluation; and
- Review of Bidder's final score in comparison with other final scores without identifying the other firms.

Comparisons between Responses or evaluations of the other Responses will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one hour.

## **7.6 PROTEST PROCEDURE**

Protests may be made only by Bidders who submitted a Response to this solicitation document and who have participated in a debriefing conference. Upon completing the debriefing conference, the Bidder is allowed five (5) business days to file a protest of the acquisition with the RFQ Coordinator. Protests must be received by the RFQ Coordinator as set forth in Section 2.2 *Estimated Schedule of Procurement Activities*. Protests may be submitted by email, but must then be followed by the document with an original signature.

Bidders protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Bidders under this procurement.

All protests must be in writing, addressed to the RFQ Coordinator, and signed by the protesting party or an authorized Agent. The protest must state the RFQ number, the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of the evaluator
- Errors in computing the score
- Non-compliance with procedures described in the procurement document or DES policy

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) An evaluator's professional judgment on the quality of a Response, or 2) OFM's assessment of its own and/or other agencies' needs or requirements.

Upon receipt of a protest, a protest review will be held by the OFM. The OFM director or an employee delegated by the Director who was not involved in the procurement, will consider the record and all available facts and issue a decision within five (5) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Bidder that submitted a Response, such Bidder will be given an opportunity to submit its views and any relevant information on the protest to the RFQ Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold the OFM's action.

- Find only technical or harmless errors in the OFM's acquisition process and determine the OFM to be in substantial compliance and reject the protest.
- Find merit in the protest and provide the OFM options which may include:
  - Correct the errors and re-evaluate all Responses
  - Reissue the solicitation document and begin a new process
  - Make other findings and determine other courses of action as appropriate

If the OFM determines that the protest is without merit, the OFM will enter into a contract with the Apparently Successful Bidder. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.
