			This travel is essential for completing the Landscape Analysis action item, scheduled for completion after the first program year of implementation by the Systems Integration section of the State TAP Plan. Additionally, it will provide valuable insights necessary for WIOA policy development. This travel is essential for completing the Landscape Analysis action item, scheduled for completion after the first program year of implementation by the Systems Integration section of the State TAP Plan. Virtual meetings are an option, but they would lack context and fail to provide a comprehensive understanding of staff and WorkSource site functions, which can only be properly assessed in person.
