## 75.30.20 Cash and budget type codes

June 1, 2018

CODE	CASH TYPE
------	-----------

Cash type codes are used to indicate the custody, restrictions or usage of cash and investments within an account. They are used to determine and control the cash related general ledger codes used in an account. The cash type for all state accounts is presented in Subsection 75.30.50.

1 **Treasury Account**

Cash is on deposit in and under the control of the State Treasurer. Treasury accounts are subject to expenditure authority unless specifically exempted.

2 **Treasury Trust**

Cash is not always required by law to be within the treasury, but is placed in the custody of the State Treasurer. Treasury Trust accounts are not always subject to expenditure authority.

3 **Local Account**

Cash is on deposit in a local bank account under the control of the agency. The local bank must be an approved public depository, as designated by the Public Deposit Protection Commission. Local accounts are not appropriated.

4 **Local Government Investment Pool**

Public funds as defined in RCW 43.250.020 that are on deposit in the Public Funds Investment Account, Account 523, or the Separately Managed Municipal Trust Account, Account 845. The State Treasurer prescribes the rules for the operation of these accounts, invests the funds on deposit, and separately tracks the activity/balances of each participant.

5 **Non-Cash Account**

These accounts are used to facilitate transfers from agency operating accounts into special budgeted allocation accounts. Currently there are no non-cash accounts. No cash is recorded in these accounts, only revenues and expenditures.

**Note:** In Treasury and Treasury Trust Accounts, cash closes to the administering agency at the end of each biennium, with the exception of the Custodial Funds and Accounts 01E, 03K, 277, and 290.

# State Administrative and Accounting Manual

## CODE BUDGET TYPE

Budget type codes are used to designate the degree to which an account is subject to expenditure authority and allotment control. The budget type for all state accounts is presented in Subsection 75.30.50.

### A **Appropriated Account**

Appropriated accounts require legislative authorization for an agency to make expenditures and incur obligations for specific purposes from designated resources available or estimate to be available during a specific period of time. The agency spending (allotment) plan is subject to review and approval by the Office of Financial Management (OFM).

### B **Budgeted (Nonappropriated/Allotted) Account**

Budgeted accounts do not require legislative authorization for an agency to make expenditures and incur obligations. However, the agency spending (allotment) plan from designated resources available or estimated to be available during a specific period of time, is subject to review and approval by the OFM.

### H **Nonappropriated/Nonallotted (Higher Education Special) Account**

Nonappropriated/nonallotted higher education accounts do not require legislative appropriation nor OFM spending (allotment) plan approval to make expenditures or incur obligations from designated resources available or estimated to be available during a specific period of time. This category is used by the institutions of higher education and consists of the following accounts: 143, 145, 147, 148, 443, and 505. All are local cash type 3.

### M **Mixed (Partial Appropriated or Allotted/ Partial Nonappropriated) Account**

Specific portions of mixed accounts require legislative appropriation or OFM spending (allotment) plan approval to make expenditures or incur obligations from designated resources available or estimated to be available during a specific period of time. The remaining parts of the disbursements from a mixed account are not subject to either expenditure authority or spending plan approval. This category consists of the following accounts: 11V, 133, 15B, 17R, 18K, 19P, 22F, 22V, 401, 422, 463, 470, 496, 544, 551, 567, 600, 608, 609, 645, 759, 788, and 833.

### N **Nonappropriated/Nonallotted Account**

Nonappropriated/nonallotted accounts do not require legislative appropriation or OFM spending (allotment) plan approval to make expenditures or incur obligations from designated resources available or estimated to be available during a specific period of time.
