Categories of revenue

The budget process in the State of Washington segregates expenditure authority into three main categories: state, federal and private/local. Since expenditure authority is directly linked to supporting funding sources, revenue codes are designated similarly.

<u>Category</u>	<u>Revenue Source Code</u>
State	01XX, 02XX, 04XX, 06XX, 08XX
Federal	03XX
Private/Local	05XX

The following generally describes the nature of revenue included in each category:

State: Revenues levied/charged by the state in support of state sponsored programs, including taxes, licenses, permits, fees, fines and forfeitures, as well as any revenues collected by the state that do not meet the definitions of federal or private/local revenues outlined below. State revenues also include resources generated from transactions where participants in state-sponsored activities receive value for resources provided, for example, tuition at a state-sponsored school, charges to residents in state institutions, sales of state property, and premiums for state-sponsored insurance programs.

Federal: Revenues that the state receives from the federal government under grant and similar agreements where the state is required to expend the assistance in accordance with federal program specifications. It can also include revenues received in payment of federal purchases of goods and services; federal contributions toward supported expenditures; and revenues associated with expenditures that are fully reimbursed by the federal government. (Note: Charges to federal expenditure authority are required to be supported by federal revenues.)

Private/Local: Revenues provided to the state by nonfederal sources such as private individuals, local governments, commercial enterprises and foundations that are restricted by contract or agreement. It can also include revenues received in payment of private/local purchases of goods and services; private/local contributions toward supported expenditures; and revenues associated with expenditures that are fully reimbursed by the private/local sources. (Note: Charges to private/local expenditure authority are required to be supported by private/local revenues.)
