In order to accurately complete the disclosure forms by the due date, agencies should review the information in the Agency Financial Reporting System (AFRS) that is to be reported on the disclosure forms and make necessary adjustments in AFRS **prior to the end of Phase 2**. With the exception of the Federal Assistance Certification form, early completion is encouraged.

95.20.10.a General Instructions

Each state agency that expends awards of federal assistance during a state fiscal year must complete federal disclosure forms.

Agencies expending federal awards are **required** to complete two federal disclosure forms:

1. Federal Identification Numbers
2. Federal Assistance Certification

The remainder of the disclosure forms may or may not apply to your agency. If there is AFRS data pre-filled in a disclosure form, your agency is required to complete the form. Specify on the federal lead sheet if a form is completed by selecting “Yes” or “N/A” for each form in the “Completed” column.

All financial information reported should be rounded to the **dollar**. Do not enter pennies, decimal points, dollar signs, etc. Refer to the “Tips” screen in the Disclosure Form application for more helpful information.

All financial information reported should be reconciled to AFRS. The following reports in Enterprise Reporting (ER) are available to assist in the reconciliation process. Agencies are encouraged to use these reports throughout the year to monitor reconciliation status.

Column Heading Instructions

Assistance Listing Number (ALN) From the drop down box, choose the five-digit code for a federal assistance program. This number should be listed in your grant award document. It can also be found in SAM.gov.

Based on the ALN chosen from the drop down box, the following fields are automatically filled in: federal funding agency, major subdivision, program title, and cluster.

In the absence of an ALN where the agency has a federal award number, the last three digits of the ALN should be zeros preceded by the federal agency code (i.e. XX.000) and the federal award number must be provided.

In the absence of both an ALN and a federal award number, the last three digits of the ALN should be nines preceded by the federal agency code (i.e. XX.999)

Note: The XX.000 and XX.999 ALNs are temporary numbers which will be assigned a different number (i.e. XX.UXX or XX.RD) after Phase 2 close. If these numbers are used, an OFM accounting consultant will contact you with further instructions.

Federal Funding Agency Name of the federal agency awarding the federal financial assistance. This field is automatically filled in based on the ALN entered.

Major Subdivision Name of the organizational unit, within the federal agency, awarding the federal financial assistance. Except as noted below, this field is automatically filled in based on the ALN entered. It can also be found in SAM.gov.

When using ALN XX.000 and XX.999, the subdivision is not automatically filled in. State agencies are required to enter the major subdivision name when reporting federal financial assistance under the Research and Development (R&D) program cluster.

Program Title Title of the federal program providing the federal financial assistance. This field is automatically filled in based on the ALN entered. It can also be found in SAM.gov.

Entry of the ALN XX.000 automatically generates “Contract Number Only Provided” in the program title field and requires entry of an award contract number in the appropriate box.

Entry of the ALN XX.999 automatically generates “Undetermined” in the program title field.

95.20.20 Federal Financial Assistance – Direct

June 1, 2022

Use this form to report all expenditures of federal financial assistance received or expected to be received directly from a federal agency. This encompasses the majority of the federal financial assistance received by the state of Washington. In addition, the form is used to reconcile reported amounts to financial information recorded in the state Agency Financial Reporting System (AFRS).

Financial information is summarized by assistance listing number (ALN). List both accrued and received federal revenue (Revenue Source Codes 0301 through 0354, 0356 through 0399 and 03DS) and the related expenditures for federal assistance. Agencies are also required to report the portion of expenditures passed through to subrecipients.

If an ALN is unknown, the award contract number is required.

Refer to [Subsection 95.20.10.b](#) for general disclosure form instructions.

95.20.30 Federal Analytical Review

June 1, 2022

This form is automatically populated based on federal financial assistance reported on the Direct, Pass-Through, Nonfinancial Assistance and Loan Balances forms if there has been material change in balances reported for an assistance listing number since last fiscal year.

For assistance listing numbers XX.000 and XX.999 that are assigned a different number (i.e. XX.UXX or XX.RD) after Phase 2 close, the analytical review will be performed for the total for each federal agency. For example, all 93.UXX expenditures reported in the current year are combined and compared to all 93.UXX expenditures reported in the prior year.

OFM will establish the materiality thresholds annually. After completion of the other federal forms, review this form to see if material changes have been identified. All material changes on this form require an explanation.

Refer to [Subsection 95.20.10.b](#) for general disclosure form instructions.

95.20.40 Federal Nonfinancial Assistance

June 1, 2022

State Administrative and Accounting Manual

Washington receives federal nonfinancial assistance in the form of surplus property and donated inventories (for example food commodities and immunization supplies).

State agencies with federal nonfinancial programs use this form to report the expenditure or usage of this assistance by assistance listing number (ALN) for the fiscal year ending June 30. The ALNs of the nonfinancial assistance programs are prelisted for convenience. If an ALN number is not listed, contact your agency's assigned OFM Accounting Consultant.

Custodial state agencies, such as the Department of Enterprise Services, that transmit portions of their donated inventories to other state agencies for eventual use, should not record expenditures upon transmission (refer to [Subsection 85.56.40.c](#)).

Refer to [Subsection 95.20.10.b](#) for general disclosure form instructions.

[Federal Nonfinancial Assistance](#)

95.20.50 Federal Nonfinancial Assistance Inventory Balances

June 1, 2022

Use this form to report the dollar value of year-end balances of federally donated inventories. The inventory balances reported on this form must equal the respective asset and the corresponding unearned revenue amounts as recorded in AFRS in GL Code 1415 "Donated Inventories" and GL Code 5190 "Unearned Revenue."

Refer to [Subsection 95.20.10.b](#) for general disclosure form instructions.

95.20.60 Federal Loan Balances

Use this form to report activity and balances of loans. These loans provide a measurement of audit risk for the federal assistance loan or loan guarantee programs.

The beginning balance, administrative allowance, and new loan amount must be entered as positive numbers, and the repayment amount must be entered as a negative number. The ending loan balance is a calculated field.

The reconciliation to the Federal Direct form is automatically populated based on the assistance listing numbers entered on the Federal Loan Balance form and the Federal Direct form. If there is a difference, provide a detailed explanation including the related assistance listing number.

Refer to [Subsection 95.20.10.b](#) for general disclosure form instructions

[Federal Loan Balances](#)

95.20.70 Federal Assistance Received from Nonfederal Sources (Pass-Through)

June 1, 2022

All state agencies are required to separately record and report all federal financial assistance received from entities other than federal or Washington state awarding agencies. Agencies account for this indirect federal assistance using Revenue Source Code 0546 “Federal Revenue - Pass-Through.” Generally, the associated expenditures are accounted for as private/local expenditure authority charges.

This form provides a means for entering federal assistance received from nonfederal entities, and reconciling the entered amount to revenue recorded in AFRS.

Agencies are to include the assistance listing number, pass-through entity name and grant agreement or award contract number, all federal financial assistance and associated expenditures from non-federal and other Washington state agencies (Revenue Source Code 0546). Agencies are also required to report the portion of expenditures passed through to subrecipients.

Refer to [Subsection 95.20.10.b](#) for general disclosure form instructions.

[Federal Assistance Received from Nonfederal Sources \(Pass-Through\)](#)

95.20.80 Federal Identification Numbers

June 1, 2022

Agencies are required to list all federal, nine-digit Employer Identification Numbers (EINs) covered by the state of Washington Single Audit. OFM interprets this requirement to mean all EINs related to program expenditures for which single audit requirements are satisfied by the state of Washington Single Audit.

Agencies are also required to provide a federal universal grant identifier number for their agency. This number, Unique Entity Identifier (UEI), can be obtained from SAM.gov. It is required on all federal grant applications and federal expenditure reporting.

Both EIN and UEI are reported to the federal government in a statewide listing with no attempt made to correlate individual number with specific assistance listing number.

The agency code field will prefill with the agency’s four digit code and name.

Enter the EIN. Some agencies may have more than one EIN. Report as many EINs as needed for the total federal assistance activities for the year. If an agency is involved in federal assistance activities with other state agencies that have their own EIN(s), **do not report** EIN(s) for the other state agencies.

Enter the agency’s UEI. Agencies that have more than one UEI must designate one number as the master UEI for federal assistance purposes. Only the Community and Technical College System will report multiple numbers (one for each institution).
