

INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

State of Washington July 1, 2020 through June 30, 2021

The Honorable Jay Inslee
State of Washington
Olympia, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units and remaining fund information and the aggregate discretely presented component units of the State of Washington, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the State's basic financial statements, and have issued our report thereon dated December 21, 2021.

Our report includes a reference to other auditors who audited the financial statements of the Department of Retirement Systems, the Local Government Investment Pool, the University of Washington, and the funds managed by the State Investment Board, as described in our report on the State's financial statements. This report includes our consideration of the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

As explained in Note 1.D.1, the financial statements include pension trust fund investments, the fair values of which have been estimated by management in the absence of readily determinable fair values. Management's estimates are based upon information provided by the fund managers or, in the case of investments in partnerships, the general partners.

As discussed in Note 2 to the financial statement, during the year ended June 30, 2021, the State implemented Government Accounting Standards Board Statement No. 84, *Fiduciary Activities*.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the State's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Audit Findings and Responses, we and the other auditors identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the State's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Audit Findings and Responses as Finding 2021-001 to be material weaknesses.

We also noted certain matters that we have reported to the management of the State in a separate letter dated December 21, 2021.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the State's financial statements are free from material misstatement, we performed tests of the State's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests and the reports of the other auditors disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

STATE'S RESPONSE TO FINDINGS

The State's response to the findings identified in our audit is described in the accompanying Schedule of Audit Findings and Responses. The State's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.
