<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	002	<p><b>Finding:</b> The Department of Social and Health Services improperly charged \$4.6 million to multiple federal grants.</p> <p><b>Corrective Action:</b> The Department partially concurs with this finding.</p> <p>The Department notes that the transactions identified in the audit were accruals and does not agree that accruals always result in charges to federal grants. All of the Department’s accruals automatically reverse in the following fiscal month, which will be followed by appropriate payments processed during the same or future period. For federal grants, the Department’s Economic Services Administration, Division of Finance and Financial Recovery (DFFR) has processes in place to reverse and move payments that are improperly charged to the appropriate grant year.</p> <p>The auditors identified the payroll for the pay period ending September 30, as the only payroll cycle that was charged to the incorrect grant year. DFFR identified these charges when payments were processed on October 10, and researched all other related administrative charges and disbursements based on the processing dates. Reversals were subsequently processed to move charges to the appropriate grant year.</p> <p>For the Supplemental Nutrition Assistance Program (SNAP), DFFR identified and processed more than \$3 million of reversals consisting of payroll, benefits, and goods and services charged to the wrong grant year. However, the Department does not agree that this program should be included in the finding as the related amount substantially increased the final questioned costs from the original \$2.8 million.</p> <p>DFFR also reversed all the accruals for the Refugee and Entrant Assistance (REA) grant and properly charged them to the correct grant period. However, another administration inadvertently posted an accrual transaction on the following day resulting in improper charges of \$14,628.</p> <p>DFFR has not yet completed reversals for the Temporary Assistance for Needy Families (TANF) program due to its focus on completing the higher-risk TANF claims.</p> <p>The Department acknowledges that additional controls are needed to ensure compliance with the period of performance requirement for the SNAP, REA and TANF grants.</p> <p>As of March 2017, the “Month of Service” was added to transactions in the agency’s accounting system to help DFFR identify expenditures charged to the incorrect grant year. In addition, accounting staff are now required to include month of service in processing all agency payments from the accounting system.</p> <p>The Department will continue with the manual process via journal vouchers to move disbursements to the correct period as needed.</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	002 (cont'd)	<p>Additionally, DFFR will take the following actions by November 2017:</p> <ul style="list-style-type: none"> <li>• Move the process of updating the Automated Cost Allocation Plan from October to November.</li> <li>• Update procedures to include a checklist developed for staff responsible for administering the SNAP, REA and TANF grants.</li> </ul> <p>By February 2018, the Economic Services Administration’s Internal Control Administrator will implement procedural changes to include the new requirements. Accounting staff will be required to review and research improperly charged costs monthly and make corrections as needed.</p> <p>If the grantors contact the Department regarding questionable costs that should be repaid, the Department will confirm these costs with the grantor and will take appropriate action.</p> <p>The conditions noted in this finding were previously reported in finding 2015-003 and 2014-022, where the improper charges were determined to be centralized costs that are allocated throughout the Department.</p> <p>Completion Date: Corrective action is expected to be complete by February 2018</p> <p>Agency Contact: Rick Meyer          External Audit Compliance Manager          PO Box 45804          Olympia, WA 98504-5804          (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>	
2016 F	004	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p> <p>Agency Contact:</p>	<p>The Department of Social and Health Services did not have adequate internal controls over and did not comply with public assistance cost allocation plan requirements.</p> <p>The U.S. Department of Health and Human Services Centers for Medicare and Medicaid Services, Region 10, Division of Cost Allocation (DCA) was in possession of the Department’s fiscal year 2012, 2013, and 2014 cost allocation plans. While DCA was in possession of those three plans, they were working with the Department to ensure the 2012 plan was approved. The Department was provided verbal directions from DCA’s negotiator to stop submitting plans until DCA finished approving the previous years’ plans. Therefore, the Department stopped submitting new plans.</p> <p>The federal partners are aware of where the Department stands with its plans as they are actively working with the Department on approvals of the previously submitted plans.</p> <p>The Department has since received written directions from DCA. As of June 2017, fiscal year 2016, 2017, and 2018 public assistance cost allocation plans were submitted to DCA.</p> <p>June 2017, subject to audit follow-up</p> <p>Rick Meyer          External Audit Compliance Manager          PO Box 45804          Olympia, WA 98504-5804          (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	013	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls over and was not compliant with requirements to ensure payments paid on behalf of clients and staff time and effort for Vocational Rehabilitation were allowable.</p> <p><b>Corrective Action:</b> The Department concurs with the finding.</p> <p>Although time certification for six months of the year were completed during fiscal year 2017, rather than 2016, the direct payroll and benefit charges were appropriately charged to the grant and subsequently certified.</p> <p>The Department is now following policies to ensure payroll certifications are accurate and submitted timely.</p> <p>Per federal regulations, the Department’s Vocational Rehabilitation Division must ensure the following types of services are not interrupted or delayed:</p> <ul style="list-style-type: none"> <li>• Progress of an employment outcome.</li> <li>• An immediate job placement.</li> <li>• Services to an individual who is determined to be at extreme medical risk.</li> </ul> <p>For the above services, the Department is allowed to verbally authorize and/or purchase client services prior to the Individual Plan for Employment (IPE) approval. The Department will ensure adequate follow-up is done to update and sign the IPE as required.</p> <p>To address the auditors’ recommendations, the Department is taking the following actions to ensure client employment services are included in the approved IPE before they are purchased or paid for. The Department has:</p> <ul style="list-style-type: none"> <li>• Issued a directive to field staff communicating the federal requirements that client employment services must be included in the IPE along with the counselor and client signatures.</li> <li>• Implemented a monitoring process to ensure compliance. The Fiscal Compliance Manager will run reports from the Service Tracking and Reporting System (STARS) and conduct quarterly internal compliance reviews to ensure services were included in appropriately approved IPEs. Any issues identified are forwarded to management and counselors for corrective actions.</li> <li>• Developed tools to assist staff in ensuring IPEs are complete and properly approved before services are paid for.</li> <li>• Consulted with the Department of Education regarding resolution of questioned costs.</li> </ul> <p>By January 2018, the Department will enhance the STARS system so staff will be alerted when services are purchased which are required to be in the IPE.</p> <p><b>Completion Date:</b> Corrective action is expected to be complete by January 2018</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	014	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls over and did not comply with requirements to ensure subrecipients of the Substance Abuse and Mental Health Services Projects of Regional Significance and Block Grants for Prevention and Treatment of Substance Abuse programs received required audits.</p> <p><b>Corrective Action:</b> Since fiscal year 2015, the Department had been working on establishing new sub-recipient monitoring policies and procedures for the Behavioral Health Administration. In September 2016, the Department formalized the monitoring procedures by issuing a management bulletin. The bulletin communicated the need to:</p> <ul style="list-style-type: none"> <li>• Ensure compliance with the federal regulations.</li> <li>• Adhere to the Department’s administrative policy on subrecipient monitoring.</li> <li>• Implement corrective actions to address audit exceptions identified in this finding.</li> </ul> <p>The management bulletin also outlines the subrecipient monitoring procedures, which include:</p> <ul style="list-style-type: none"> <li>• Conducting risk assessments.</li> <li>• Ensuring subrecipients obtain their required audit.</li> <li>• Following up on all subrecipient audit findings related to the program and to issue management decisions timely.</li> <li>• Ensuring accurate reporting by subrecipients of federal funds received.</li> </ul> <p>In addition, the Department assigned two staff the roles and responsibilities of subrecipient monitoring.</p> <p>The conditions noted in this finding were previously reported in finding 2015-016 and 2014-019.</p> <p><b>Completion Date:</b> September 2016, subject to audit follow-up</p> <p><b>Agency Contact:</b> Rick Meyer            External Audit Compliance Manager            PO Box 45804            Olympia, WA 98504-5804            (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	015	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls over and did not comply with requirements to sanction Temporary Assistance for Needy Families program participants who were not cooperative with the Department regarding child support issues.</p> <p><b>Corrective Action:</b> All issues identified by the auditors were for clients served by both Division of Child Support (DCS) and the Community Services Division (CSD).</p> <p>The system glitch between the two divisions identified in a prior year’s audit affected cases through September 1, 2016, some of which were included in the current audit test sample. As a response to the prior audit finding, DCS immediately fixed the glitch and sent all potentially affected cases to CSD for review.</p> <p>The Department recognizes it did not properly apply sanctions for 18 clients who did not cooperate with child support requirements which led to overpayments to seven clients. As of February 2017, the Department reviewed these cases and established overpayments as appropriate.</p> <p>In response to the finding, CSD now prioritizes non-cooperation notices received from DCS to ensure sanctions are applied timely and accurately.</p> <p>As of August 2017, the Department:</p> <ul style="list-style-type: none"> <li>• Developed and provided online refresher training of existing CSD policies and procedures on reducing benefits for clients in non-cooperation status.</li> <li>• Continued to pursue a long-term, automated solution to ensure all cases in non-cooperation status are properly sanctioned.</li> <li>• Consulted with U.S. Department of Health and Human Services regarding resolution of questioned costs.</li> </ul> <p>As of September 2017, the following monitoring process has been implemented:</p> <ul style="list-style-type: none"> <li>• DCS runs monthly reports on clients that were non-cooperative.</li> <li>• Based on the non-cooperation documents received, CSD Quality &amp; Compliance Team at headquarters performs post audits of a random sample of clients.</li> <li>• Forwards post audit results to the policy administrative unit to determine if additional training or guidance for staff is needed.</li> </ul> <p>CSD and DCS will continue to work together to identify and eliminate potential gaps in appropriately sanctioning a client in non-cooperation status.</p> <p>The conditions noted in this finding were previously reported in finding 2015-018.</p> <p><b>Completion Date:</b> September 2017, subject to audit follow-up</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	018	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls in place and was not compliant with requirements for submitting quarterly and annual reports for the Temporary Assistance for Needy Families grant.</p> <p><b>Corrective Action:</b> The Department partially concurs with the finding.</p> <p>The Department acknowledges that existing policies and procedures in place were not adequate to ensure financial reports for the Temporary Assistance for Needy Families (TANF) grant were submitted completely and accurately.</p> <p>In response to the prior year finding, the Department created a work group comprising of staff from the Department’s Division of Finance and Financial Recovery (DFFR), Community Services Division (CSD), and Research &amp; Data Analysis Division (RDA).</p> <p>As of February 2017, the work group developed and adopted additional written procedures to strengthen internal controls to ensure federal reporting requirements are met. Due to timing of the audit, the corrective actions taken by the Department were not included in the current audit period.</p> <p>The Department ensures that state agencies’ expenditures are verifiable and allowable by reviewing the agencies’ reporting methodologies and record maintenance protocols, and analyzing the agencies’ expenditure data to the extent allowable under state regulations and policies protecting confidentiality.</p> <p>The Department does not agree with the auditors’ assertion that federal regulations require the state to verify the amounts of spending by other non-state organizations before including those expenditures toward the state’s basic Maintenance of Effort (MOE) requirement. Federal regulations stated that an expenditure may be counted and reported if it “is verifiable and meets all applicable requirements” and if there is “an agreement between the state and the other party allowing the state to count the expenditure toward its MOE requirement.” The Department maintains that obtaining attestations from other organizations is sufficient to meet federal requirements.</p> <p>As of May 2017, the Department:</p> <ul style="list-style-type: none"> <li>• Convened and led a TANF MOE workgroup consisting of representatives from CSD, DFFR and RDA. The workgroup will continue to hold quarterly meetings to review the MOE projection data.</li> <li>• Developed a quarterly report review checklist to ensure sufficient documentation is maintained for the quarterly and annual reports currently in use. Written policies and procedures were updated to include this new process.</li> <li>• Initiated a meeting with the auditors to discuss the interpretation of the federal regulations and obtain feedback on the newly developed written policies and procedures.</li> </ul>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	019	<p data-bbox="483 422 662 449">Finding:</p> <p data-bbox="670 422 1463 548">The Department of Social and Health Services did not have adequate internal controls over and did not comply with requirements to ensure payments to child care providers for the Temporary Assistance for Needy Families program were allowable.</p> <p data-bbox="483 579 602 636">Corrective Action:</p> <p data-bbox="670 579 1463 961">The Department partially concurs with the finding.</p> <p data-bbox="670 646 1463 961">The Working Connections Child Care program policy and guidance, as maintained by the Department of Early Learning (DEL), does not require staff to verify employment or school schedule as a condition of eligibility. The Individual Responsibility Plan (IRP) outlines the approved activities for Temporary Assistance for Needy Families (TANF) clients participating in the Department’s WorkFirst program. The IRP also lists the number of hours the client is required to participate, which determines the client’s authorization for full-time or part-time child care. The WorkFirst program staff and contractors maintain a client’s schedule, and regularly track and report actual hours of participation.</p> <p data-bbox="670 993 1463 1182">The Department acknowledges that adequate attendance records are necessary in the reconciliation process to determine allowable payments. DELs policy requires providers receiving subsidy payments to maintain attendance records and provide them upon request. However, because attendance records are paper-based, it is not feasible for staff to request, review and reconcile all records before subsidy payments are made.</p> <p data-bbox="670 1213 1463 1465">The Department will continue to conduct post-payment reviews of cases where an improper payment appears likely to have occurred, such as when providers bill the maximum authorization each month. For these cases, staff will review the case specifics and perform verification, to include, requesting attendance records to determine if an overpayment has occurred. The review will also determine if it is a provider or a client overpayment, the amount of the improper payment, and establish an overpayment if appropriate.</p> <p data-bbox="670 1497 1463 1686">The Department plans on implementing major changes to improve internal controls, while minimizing impact to the clients. The Department will seek to add 25 additional full-time employees and necessary resources to staff the business-process redesign and support the information technology initiatives necessary to improve our internal controls.</p> <p data-bbox="670 1717 1463 1885">The Department will also explore other options to strengthen our processes including third-party reviews and pre-authorization reviews on high-risk and/or high cost cases. These initiatives focus on improving accuracy in eligibility and authorization determinations, which will reduce the risk for improper billings from providers.</p> <p data-bbox="483 1917 613 1974">Completion Date:</p> <p data-bbox="670 1917 1312 1944">Corrective action is expected to be complete by March 2018</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	023	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls over and did not comply with client eligibility requirements for the Child Care Development Fund.</p> <p><b>Corrective Action:</b> The Department partially concurs with this finding.</p> <p>The Department thoroughly reviewed each of the 50 exceptions identified by the auditors, and agrees that 26 of them were exceptions on eligibility determination. The Department’s review indicated one case of likely fraud when the client failed to accurately report household composition and 18 cases where overpayments occurred. The Department referred the fraud case for prosecution and the 18 overpayments to the Office of Financial Recovery for collection.</p> <p>The Department does not concur with the remaining 24 audit exceptions. The disagreement centers on two primary policy interpretations:</p> <ul style="list-style-type: none"> <li>• Allowing self-attestation of work schedules.</li> <li>• Allowing 60 days for verification of new or changed employment.</li> </ul> <p>The U.S. Department of Health and Human Services (HHS)’s Administration of Children and Families Administration (ACF) encourages states to adopt family-friendly policies in determining child care subsidy eligibility. The Department of Early Learning (DEL), the lead agency for the Child Care and Development Fund (CCDF), has embraced this philosophy when addressing a prior year’s finding on the same issue. DEL clarified and ratified these two policies and highlighted them in the Fiscal Year 2016-2018 CCDF Washington State Plan. The State Plan was approved by HHS in June 2016, but was made effective as of March 2016.</p> <p>The Department also had concerns with the auditors’ sampling methodology and associated extrapolation of questioned costs. In May 2017, the Department and other agencies met with the auditors but agencies’ concerns have not been resolved.</p> <p>In response to the audit recommendations, the Department is taking the following actions:</p> <p>(1) Eligibility determination reviews:        The Department will continue to use the following criteria in child care authorization audits:</p> <ul style="list-style-type: none"> <li>• At least one percent of child care caseloads are audited monthly.</li> <li>• Exceptional payment authorizations are reviewed and approved by a supervisor before payments can be made.</li> <li>• 100 percent audit of pre and post-authorizations made by new child care eligibility staff until they attain proficiency.</li> <li>• Review cases where an improper payment appears likely to have occurred, such as when providers bill the maximum authorization in each month. For these cases, staff review case specifics and perform verification, including requesting attendance records to</li> </ul>

2016 F	023 (cont'd)	<p>determine if an overpayment has occurred. The review will also determine if it was a provider or client overpayment, the amount of the improper payment, and will establish an overpayment if appropriate.</p> <p>By January 2018, the Department’s Community Service Division (CSD) will optimize usage of Audit Plus for child care reviews. The program is an auditing tool designed to randomly sample case actions based on a pre-determined criteria and support manually added case actions. Requests for enhancements to the program have been made to:</p> <ul style="list-style-type: none"> <li>• Update the auto-add sampling criteria to ensure appropriate cases are randomly selected for review.</li> <li>• Add a new review type for child care cases with a higher risk of errors.</li> <li>• Add child care reports to review error trends. These reports will be used to determine areas selected for accuracy focus review.</li> </ul> <p>The Department is also working on identifying high risk cases where care was authorized more than full time. These cases have separate coding indicating supervisory review is required prior to authorization. As of July 2017, CSD started generating a monthly report listing these cases. The reports are submitted to the child care leadership team in the field for supervisory review and determination of next steps.</p> <p>CSD will work with the Department’s Economic Services Administration Division of Program Integrity and DEL to implement a third party review process. By February 2018, CSD will use the third party review to identify categories that have a potentially high risk of error and based on their findings may institute additional categories of pre-authorization review.</p> <p>The Department will also participate in the Improper Payments Information Act audit conducted by DEL every three years in accordance with the Federal Office of Child Care requirements. For the audit conducted in federal fiscal year 2013, less than one percent of the total amounts of payments for the sampled cases were found to be made in error.</p> <p>(2) Employee training:        As of May 2017, the CSD Child Care Program Manager compiled and submitted training work requests. Training focus includes ensuring staff review and compare client eligibility documents with available source documents. The Child Care Program Manager will work with Child Care Operations and the division’s training and development team to determine if existing training and desk aids need to be updated for child care workers. New training will also be created as needed to ensure understanding of existing policies and systems used in eligibility determination.</p>

**Agency 300**

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	023 (cont'd)	<p>Relevant training has been developed and the Department anticipates the accompanying handbook will be completed by December 1, 2017. Once the handbook is completed, the Department has an expectation for staff to complete training within 30 days, and strives to achieve at least 95 percent as a successful completion rate by December 2017.</p> <p>(3) Segregation of duties:        By March 2018, CSD will initiate the process of gathering information technology (IT) requirements to support changes in the child care subsidy procedures to separate the eligibility determination from the authorization process. These include IT and CSD staffing changes needed for segregation of duties, and for pre-authorization review of highest cost cases and high risk cases. The Department's consideration of potential solutions will include weighing the associated adverse impact to timeliness of service delivery.</p> <p>By April 2018, the Department will transition the responsibility to approve Family Friends or Neighbor providers to DEL, segregating a part of the approval process for these license exempt providers where the potential for fraud has historically been above average. CSD staff will not be able to authorize payments until DEL approves these providers.</p> <p>(4) System Enhancements:        As of August 2017, CSD completed the enhancement to Working Connections Automated Program (WCAP) to automatically generate and send notifications to clients specifying the due dates for their income verification, and that their benefits will be terminated if verification is not received by the due date.</p> <p>As of October 2017, the Department enhanced WCAP to actively alert a worker when the household composition in WCAP is different from the household composition for other Department administered programs. This feature ensures workers review and assess all available information prior to making an eligibility determination.</p> <p>If HHS contacts the Department regarding questionable costs that should be repaid, the Department will work with them and will take appropriate action.</p> <p>DEL concurs with this finding and the auditors' recommendations. In collaboration with the Department, DEL will prioritize internal control improvements on eligibility determinations. DEL has already adopted rules and policy changes and aligned supporting guidance and documentation to simplify and clarify eligibility determination and payment authorization within the bounds of federal and state law and regulations.</p> <p>In April 2016, DEL revised WAC 170-290-0012 and created WAC 170-290-0014 outlining the specific information that must be verified before</p>

2016 F	023 (cont'd)	<p>making a payment to a provider. The rules specifically allow for self-attestation of work schedules.</p> <p>In July 2016, DEL revised WAC 170-290-0095 that included language to allow 60 days for verification of new employment.</p> <p>Specific rules and policy changes included the following:</p> <ul style="list-style-type: none"> <li>• Model household composition determination requirements after those of the Supplemental Nutrition Assistance Program, requiring questionable client statements of household composition be supported with additional third party verification.</li> <li>• Clearly define “new employment” so that client attestation of income for the first 60 days of new employment is unambiguous.</li> <li>• Eliminate the requirement to use three months of wages for income determination. Provide flexibility in income counting rules and income verification requirements to allow use of income documentation that most accurately reflects the consumer’s economic situation and allows income eligibility determination to be completed.</li> <li>• Standardize authorization amounts for all families across all provider types, including those with parents participating in approved activities, such as:             <ul style="list-style-type: none"> <li>▪ full time and part time,</li> <li>▪ traditional and non-traditional,</li> <li>▪ variable working schedules,</li> <li>▪ school age and non-school age children.</li> </ul> </li> <li>• Clarify and simplify rules and policies as to how parent and child schedules may impact the authorization.</li> <li>• Clarify rules and policies regarding work schedules to specify circumstances where schedule information and third party verification may be required. Specify acceptable forms of documentation and timelines for submission.</li> <li>• Create rules and policies describing consequences for client and provider intentional program violations, including potential ineligibility for client benefits and provider payment. Intentional program violations in this context will be defined and will likely include intentional acts that knowingly result in an unallowable payment but exclude fraud.</li> </ul> <p>In addition, DEL will support the Department’s commitment in the planned actions on increasing reviews, continuing monitoring protocols, segregating eligibility determination and payment authorization duties, and implementing necessary system enhancements.</p> <p>The conditions noted in this finding were previously reported in finding 2015-026, 2014-026, 2013-017, and 12-30.</p> <p>Completion Date: Corrective action is expected to be complete by April 2018</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	024	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls over and did not comply with foster care payment rate setting and application requirements for the Foster Care program.</p> <p><b>Corrective Action:</b> During the current audit, the Department’s Children’s Administration (CA) did not have a policy that defined the time period required to perform a periodic review of foster care payment rates since current federal regulation did not specify a time table for states to comply with the requirement.</p> <p>During fiscal year 2015, the Family First Act was introduced to Congress, which included setting time parameters for foster care payment rate review to be done every three years. The Act failed to pass and was later incorporated into the 21<sup>st</sup> Century Cures Act and reintroduced to Congress in fiscal year 2016.</p> <p>The 21st Century Cures Act passed in December 2016. The Department intended to create new Department policy that aligns with potential new federal regulations resulting from implementation of the Act. However, the Family First Act was subsequently dropped along with the three-year rate review requirement.</p> <p>The Department will review the maintenance payment rate again in 2019, based upon an economic analysis, to determine if the rate needs to be adjusted. If an increase is necessary, the Department will submit a decision package for additional funding. Reviews after 2019 will occur every four years.</p> <p>By June 2018, the Department will update the policy to include that the economic analysis be completed every four years after 2019. This policy will be included in the Title IV-E State Plan submission.</p> <p>The conditions noted in this finding were previously reported in finding 2015-028 and 2014-027.</p> <p><b>Completion Date:</b> Corrective action is expected to be complete by June 2018</p> <p><b>Agency Contact:</b> Rick Meyer        External Audit Compliance Manager        PO Box 45804        Olympia, WA 98504-5804        (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>	
2016 F	025	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p> <p>Agency Contact:</p>	<p>The Department of Social and Health Services did not have adequate internal controls over federal eligibility requirements for the Foster Care program.</p> <p>The Department does not concur with the finding.</p> <p>The Department verified that all providers included in the auditors' test sample had background checks completed prior to payment for the period under review. Nevertheless, the Department will continue to communicate to staff the requirement of properly conducting background checks for providers.</p> <p>With regard to documentation for income eligibility, the Department contends that it is not a federal rule or requirement that documentation be printed and placed in clients' files. The Department uses FamLink as the official case management system and source for Title IV-E income verification information. The Department prints income source documentation when the information contains amounts over zero dollars and places the information in the Title IV-E eligibility folder, which is a part of the client's file. The Department also makes note of the zero dollar resource information in FamLink.</p> <p>The Department will continue to ensure proper documentation is maintained to support eligibility determination.</p> <p>February 2017, subject to audit follow-up</p> <p>Rick Meyer        External Audit Compliance Manager        PO Box 45804        Olympia, WA 98504-5804        (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

**Agency 300**

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	027	<p><b>Finding:</b> The Department of Social and Health Services did not have adequate internal controls over federal eligibility requirements for the Adoption Assistance program.</p> <p><b>Corrective Action:</b> The auditors found the Department did not complete background checks for the providers of one child. While the Department cannot produce the physical document showing a cleared background check conducted in 1995, there is a notation by the case worker in the case management system that a background check did occur at that time, which was prior to the adoption. There was also a notation of a background check occurring in early 1997.</p> <p>It should be noted that in the event a background check was not conducted prior to adoption, the Department has no legal authority to run a background check retroactively on the adoptive parent.</p> <p>The Department maintains adequate internal controls to ensure background checks of providers and prospective providers are performed in accordance with state regulations and program rules. This is evidenced in the audit testing result that only one 20-year old case was identified as an exception. To address the auditor’s recommendation, the Department will continue to communicate the importance of the background check requirement to staff responsible for eligibility determination.</p> <p>As of October 2017, the Department provided the U.S. Department of Health and Human Services (HHS) documentation showing that the background check was indeed completed and discussed any necessary repayment of the questioned costs.</p> <p>By January 2018, the Department will confirm with HHS if the noted questioned costs need to be repaid.</p> <p><b>Completion Date:</b> Corrective action is expected to be complete by January 2018</p> <p><b>Agency Contact:</b> Rick Meyer          External Audit Compliance Manager          PO Box 45804          Olympia, WA 98504-5804          (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	036	<p><b>Finding:</b> The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over requirements to ensure surveys for Medicaid nursing home facilities were completed in a timely manner.</p> <p><b>Corrective Action:</b> The Department partially agrees with this finding</p> <p>While the Department surveyed nursing homes within the required timeframes, documentation for nursing homes with deficiencies was not sent or received in a timely manner.</p> <p>The Department recognized that the Plans of Correction (POCs) were not always received within ten calendar days from issuance of the Statement of Deficiencies (SOD). However, the Department used the POC receipt date as its metric whereas the auditors used the date POC was determined acceptable by the Department.</p> <p>The Department follows the Centers for Medicare and Medicaid Services (CMS) State Operational Manual (SOM) guidelines for receiving POCs. If deficiencies are noted on the initial POC, it will not be accepted. Sometimes, the process may require more than ten calendar days to complete an acceptable POC.</p> <p>During the current audit, the Department requested and received clarification from the CMS Technical Director for Enforcement and Certification for the Division of Nursing Homes. Email correspondences with CMS supported and confirmed the Department’s interpretation of the CMS policy, which was consistent with the current practices of other states when initial POCs are not acceptable.</p> <p>The Department agreed with the Statement of Deficiency (SOD) finding based on the auditors’ testing methodology. While the CMS SOM does not require formal tracking, the Department did develop an internal tracking spreadsheet for SODs and POCs in January 2016 for use by field offices statewide. The Department will continue to enhance its ability to distribute SODs in ten working days and receive POCs in ten calendar days.</p> <p>As of March 2017, the Department’s Residential Care Services Division worked with Management Services Division to finalize a tracking website for SODs requiring enforcement review and action. This website enables daily tracking of SOD processing between field managers and headquarters enforcement staff to ensure electronic SOD delivery within ten working days of survey exit date.</p> <p>As of April 2017, the Department implemented the web-based electronic Plan of Correction (ePOC) system. The system:</p> <ul style="list-style-type: none"> <li>• Electronically communicates and time-stamps distribution of SODs to providers and submission of POCs from providers.</li> <li>• Tracks and monitors the sending and receipt of documents through reporting functions.</li> </ul>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	039	<p><b>Finding:</b> The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls over and did not comply with requirements to ensure complaints of abuse and neglect of clients at Medicaid residential facilities were responded to properly.</p> <p><b>Corrective Action:</b> The Department partially agrees with this finding.</p> <p>As of April 2016, the Department added additional staff to assist with processing complaints. The Department has also been authorizing overtime as a temporary measure to ensure that complaints are responded to within 24 hours of receipt.</p> <p>As of May 2016, the on-call staffing program was implemented to help improve the timeliness of field investigations.</p> <p>As of July 2016, the Tracking Incidents of Vulnerable Adults (TIVA) case management system reporting tool was completed which provides all required information for reliable tracking and monitoring. Since then, the Complaint Resolution Unit (CRU) implemented weekly monitoring using the TIVA 2016 report for complaints that require responses within 24 hours and those that need two working days response time. Management reviews all complaints that exceed the required response time and correct errors or discuss timeliness issues with the CRU staff. The weekly reports and statistics are also communicated to staff to show performance compared to required benchmarks.</p> <p>As of August 2016, CRU implemented the public online reporting system which is a shared system with Adult Protective Services. The online reports are imported into TIVA and the process takes less time than phone complaints. The hotline script was updated in the following month informing callers that an online option is available for providers and the public.</p> <p>As of April 2017, the Department implemented enhancements to the TIVA database to eliminate input errors. CRU staff are no longer able to link a nursing home or intermediate care facilities complaint to the field without prior review by a clinical triage nurse. Additionally, a message will appear if the complaint time exceeds 24 hours from the time of receipt.</p> <p>As of October 2017, CRU developed an additional Standard Operating Procedure to define extenuating circumstances for non-immediate jeopardy complaints. In addition, a TIVA system enhancement was completed to only allow supervisors to link a complaint that falls into one of the approved extenuating circumstances. This enhancement does not allow any complaint to be linked over two working days without supervisor override.</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	040	<p><b>Finding:</b> The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls to ensure Medicaid Community Options Program Entry System and Community First Choice in-home care providers had proper background checks.</p> <p><b>Corrective Action:</b> The Department does not concur with the finding.</p> <p>The Department disagrees with the auditors' statement that there were inadequate internal controls to ensure in-home care providers (IP) had proper background checks. Of the 200 IPs sampled and tested by the auditors, four were found to have errors with their background checks ranging from a data entry mistake to a missing fingerprint check. This represented 98 percent proficiency rate which reflected the strong internal controls established by the Department to ensure that IP had proper background checks.</p> <p>As noted by the auditors, due to the Washington Service Employees International Union Training Partnership lawsuit, the Department was not able to access provider documents held by the Partnership. Due to this reason, the Department did not complete its quality assurance IP review until August 2016 when a work around was put in place to access the data. The auditors determined that IP monitoring and file review was not performed during the audit period. However, there is no federal requirement stipulating that file reviews must be completed by fiscal year rather than calendar year.</p> <p>The Department also disagrees with the auditors' determination that providers for whom a background check or a character, competence, or suitability (CCS) was not renewed every two years are unqualified. WAC 388-71-0510 states that the provider must complete a background check to become an IP, but does not state that the IP will become unqualified if another background check is not completed within two years. WAC 388-71-0513 states an IP must not have a disqualifying crime or be determined unqualified based on a CCS. There is no state or federal regulations requiring that a background check or CCS be repeated every two years. As such, the Department does not agree that the findings should be tied to questioned costs.</p> <p>In December 2016, the Department submitted the change request to modify the Department's Agency Contract Database and the Background Check Central Unit's data feed for better monitoring and tracking of IP background check compliance.</p> <p>In May 2017, the Department sent a letter to the U.S. Department of Health and Human Services regarding the disagreement with repayment of questioned costs, but have not yet received a response.</p> <p>By July 2018, the Department will develop a report from the contract database that will include IP background check due dates. Field staff will be able to access the report as a tool to monitor contracted providers to ensure ineligible providers do not have access to vulnerable Medicaid clients.</p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016	041	<p><b>Finding:</b> The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and did not comply with requirements for cost of care adjustments paid to Medicaid supported living providers.</p> <p><b>Corrective Action:</b> The Department partially concurs with this finding.</p> <p>The Department agrees that two payments were made to providers when clients were in a hospital and that one payment was inaccurately calculated. However, the Department disagrees that justification forms were inadequate.</p> <p>The Department believes that the exceptions identified in the finding are based upon the auditors’ subjective analysis of the justification information contained in the cost of care adjustment (COCA) requests. The auditors did not give consideration to the resource managers’ knowledge or expertise of the program. Furthermore, they did not consider the review of other related documents performed by resource managers while processing the COCA requests.</p> <p>Department staff who are responsible for reviewing and approving COCA requests have in-depth knowledge of the policies and of the instructions that are given to providers. The Department believes the instructions are concise and clear.</p> <p>The Department will continue to communicate the justification requirements to staff in accordance with Department policies. In addition, instructions will be provided on accurately completing the COCA forms to the residential providers and to the resource managers.</p> <p>As of July 2017, the Department reviewed the policy as part of contract negotiations with stakeholders and it was determined changes to the policy were not necessary. However, the Department will continue to monitor and assess the need for policy changes. Any updates will be submitted as part of the waiver renewal or amendment in January 2018. The Department will communicate changes and provide on-going training to staff and providers.</p> <p>The Department will consult with the U.S. Department of Health and Human Services regarding resolution of questioned costs.</p> <p>The conditions noted in this finding were previously reported in finding 2015-052, 2014-041, and 2013-038.</p> <p><b>Completion Date:</b> Estimated January 2018</p> <p><b>Agency Contact:</b> Rick Meyer          External Audit Compliance Manager          PO Box 45804          Olympia, WA 98504-5804          (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	044	<p><b>Finding:</b> The Department of Social and Health Services, Aging and Long-Term Support Administration, did not have adequate internal controls and did not comply with regulations to adequately monitor Adult Family Home providers to ensure Medicaid providers and their employees had proper background checks.</p> <p><b>Corrective Action:</b> The Department partially concurs with the audit finding.</p> <p>The Department agrees with the number of audit exceptions. The following actions have been taken to address adult family homes' (AFH) noncompliance with background check licensing requirements:</p> <ul style="list-style-type: none"> <li>• As of November 2016, the Department updated the AFH provider orientation and AFH provider administration training to include the requirement of timely completion of background checks and the possible penalties for not meeting the requirement.</li> <li>• As of December 2016, the Department:             <ul style="list-style-type: none"> <li>○ Revised the online training on the Department's Residential Care Services Division internet site to include information on the background check renewal process.</li> <li>○ Worked with the AFH provider association to share information about background checks through the association's newsletters and intranet site, as well as the Department's Background Check Central Unit's project communication plan. The Department also ensured that all providers have access to the information.</li> </ul> </li> <li>• As of January 2017, the Department added language to the provider contract renewal letter and the annual license renewal statement reminding providers that they need a current background check to renew the contract.</li> <li>• As of April 2017, the Department created a report that will proactively identify providers with background check renewals coming due. The Department will send reminder notices to providers 60 days prior to the expiration dates of their background checks.</li> </ul> <p>The following actions have also been taken to improve internal controls to ensure compliance with background check requirements:</p> <ul style="list-style-type: none"> <li>• As of July 2017, the Department reviewed and revised the State Plan to consistently reflect the minimum AFH provider qualifications as stated in state law.</li> <li>• As of August 2017, the Department started the process of addressing overdue checks listed and assigning staff to send out reminders to providers with balance due within the next 60 days.</li> </ul> <p>The Department does not agree the exceptions should be tied to questioned costs. The auditors' finding did not identify any providers who did in fact have a disqualifying crime or negative action. Neither RCW 70.128.120 nor RCW 74.39A.056 requires the Department or the provider to conduct additional background checks after the initial screening.</p>

**Department of Social and Health Services**

**Agency 300**

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	045	<p>Finding: The Department of Social and Health Services, Developmental Disabilities Administration, did not have adequate internal controls over and did not comply with requirements to ensure Medicaid payments to supported living providers were allowable.</p> <p>Corrective Action: The Department does not concur with this finding.</p> <p>State law provides the Department the authority to authorize payments for individuals in community residential programs.</p> <p>The Department uses the annual cost reporting process that requires payments for the total annual contracted Instruction and Support Services (ISS) hours to be reconciled to the actual hours provided. The supported living (SL) provider attests to the accuracy of their cost reports. The Department may request additional evidence to verify the ISS hours were provided. The Department seeks recovery through an overpayment if the cost report indicates that either the hours or the funds provided for the ISS hours were not used by the agency for ISS purposes.</p> <p>The approved system is designed to allow resource flexibility for the SL provider throughout the year to meet the changing needs of the individual client. It also enables more efficient use of taxpayer resources by allowing additional staffing for peak demands. The Department requires that clients served by the agency receive all authorized ISS hours for the year. Providers are given the calendar year to address client instructions and support needs. As such, audit reviews based on a fiscal year timeframe do not accurately capture the entire delivery of service, or any corresponding annual underpayment or overpayment.</p> <p>The Department also believes the audit inappropriately treated cost settlements as overpayments. Cost settlements are based on reimbursement methodologies defined in policy, rule and contract, and are typically done in the aggregate on an annual basis, rather than on a client-by-client or case-by-case basis.</p> <p>As of July 2015, the Department revised its policy to:</p> <ul style="list-style-type: none"> <li>• Clarify the expectations that the service provider’s payroll system must adequately document ISS hours delivered.</li> <li>• Outline acceptable margins of flexibility of ISS hours delivered.</li> <li>• Require additional schedules to report ISS hours in a format reconcilable to payroll records.</li> </ul> <p>The Department provided training on the revised policies over the summer and fall of 2015.</p> <p>As of January 2017, the Department removed the two-year settlement request option from policy when the existing approvals expired. The Department already discontinued the approval of this option in calendar year 2014.</p>

**Department of Social and Health Services**

**Agency 300**

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>
2016 F	048	<p><b>Finding:</b> The Department of Social and Health Services, Aging and Long-Term Care Administration, made improper Medicaid payments to individual providers.</p> <p><b>Corrective Action:</b> The Department partially concurs with the audit finding.</p> <p>The auditors used payment data to identify payments made to individual providers who claimed payment for personal care and mileage services on the same date of service that payment was made to a hospital or long-term care facility. The Department concurs that unallowable payments were made, but it is not known whether payments were incorrectly claimed by the individual providers, rather than the hospital or long term care facility.</p> <p>The audit work was performed during the first three months after the Department’s new billing system, Individual ProviderOne (IPOne), went live. During this time, providers were experiencing a learning curve in using the new system, which may have contributed to incorrect claims made during this time period.</p> <p>Since the implementation of the IPOne system, internal controls have been strengthened in processing payments to individual providers. It is now easier for the Department to discover incidents when providers are claiming hours for a time period in which a client is in a hospital, long-term care facility, or other institutional setting.</p> <p>By March 2018, the Department will develop a process to research and remediate occurrences of payments made for personal care and mileage services while a client was either hospitalized or admitted to a long-term care facility.</p> <p>The Department will consult with the U.S. Department of Health and Human Services regarding the resolution of the questioned costs.</p> <p><b>Completion Date:</b> Corrective action is expected to be complete by March 2018</p> <p><b>Agency Contact:</b> Rick Meyer            External Audit Compliance Manager            PO Box 45804            Olympia, WA 98504-5804            (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>	
2016 F	050	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p> <p>Agency Contact:</p>	<p>The Department of Social and Health Services did not have adequate internal controls over the level of effort requirements for the Block Grants for Prevention and Treatment of Substance Abuse.</p> <p>The Department agrees with the finding.</p> <p>The Department formalized a written procedure to ensure established policies are followed in monitoring and managing level of efforts requirement for both treatment services for pregnant women and women with dependent children, as well as for tuberculosis services. The procedure references the data sources necessary for monitoring expenditure levels; frequency of monitoring efforts; and the appropriate actions to be implemented if expenditures are below the level of effort levels. The formal procedure was communicated to responsible staff across the agency.</p> <p>The Department collaborated with the Department of Health and the Health Care Authority to capture tuberculosis data quarterly and developed a methodology to determine and document the percentage of expenditures spent on individuals in substance abuse disorder treatment.</p> <p>The conditions noted in this finding were previously reported in finding 2015-053 and 2014-051.</p> <p>May 2017, subject to audit follow-up</p> <p>Rick Meyer          External Audit Compliance Manager          PO Box 45804          Olympia, WA 98504-5804          (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

1019974	2016-001	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p> <p>Agency Contact:</p>	<p>The Department of Social and Health Services' Children's Administration did not establish adequate internal controls to ensure volunteer drivers met requirements to transport clients.</p> <p>In response to the auditors' recommendations, the Department will take the following corrective actions:</p> <ul style="list-style-type: none"> <li>• By December 2017, the Department will establish a Department-wide policy regarding volunteers that will require each field office to create procedures for monitoring its specific type of volunteers.</li> <li>• By January 2018, the Department will:             <ul style="list-style-type: none"> <li>○ Implement a process for field offices to track volunteer driver's licenses and auto insurance documents annually. Supporting documentation, such as an tracking spreadsheet, will be maintained to show the annual review of these documents.</li> <li>○ Remove the language requiring volunteers to have first-aid certification from the Volunteer Handbook. While the Department agrees that first-aid certification of volunteers is a great recommendation, it is not a requirement of any RCW or WAC.</li> </ul> </li> </ul> <p>The Department recognizes that it is a good practice to perform background checks on volunteers on a regular basis, even though there is no current statutory or agency requirement. If the Legislature determines volunteer background checks should be performed on a consistent basis, the Department will implement additional processes to ensure they are completed.</p> <p>Corrective action is expected to be complete by January 2018</p> <p>Rick Meyer            External Audit Compliance Manager            PO Box 45804            Olympia, WA 98504-5804            (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>

<b>Audit Report</b>	<b>Finding Number</b>	<b>Finding and Corrective Action Plan</b>	
1019974	2016-002	<p>Finding:</p> <p>Corrective Action:</p> <p>Completion Date:</p> <p>Agency Contact:</p>	<p>The Department of Social and Health Services Children’s Administration did not establish adequate internal controls to ensure deliverables for a contract with the University of Washington were received before making payment.</p> <p>The Department executed the Master Agreement with the University of Washington (UW) in December 2011, with a performance period through 2021. The Department followed the same contracting process for the Annual Plans under this Master Agreement. This finding was issued for the fiscal year 2016 Annual Plan, which was not signed prior to the start of the performance period.</p> <p>The Department has initiated the fiscal year 2017 Annual Plan and has been working with UW to reach an agreement on the deliverables. As of October 2017, UW has not signed the Annual Plan despite mediation efforts by the Governor’s Office.</p> <p>The Department will continue to work with UW and the Governor’s Office and hopes to complete the process by December 2017. In the event that an agreement is reached, the Department will ensure that a properly executed agreement is in place before the performance period begins and no payment will be made prior to that.</p> <p>Once the signed 2017 Annual Plan is in place, the Department will implement a monitoring protocol where monthly or quarterly progress reports will be reviewed to determine if deliverables are completed before payments are made.</p> <p>Corrective action is expected to be complete by March 2018</p> <p>Rick Meyer          External Audit Compliance Manager          PO Box 45804          Olympia, WA 98504-5804          (360) 664-6027  <a href="mailto:Richard.meyer@dshs.wa.gov">Richard.meyer@dshs.wa.gov</a></p>
