A021 Providing Worker Compensation Benefits

This activity administers the State Fund provision of workers' compensation insurance for about 2,570,000 employees working for 171,000 employers. This work includes setting rates, collecting premiums, and helping employers to control costs and manage claims. It provides benefits to eligible workers who are injured or become ill as a result of a work place injury or exposure. Benefits include wage replacement, medical, and return to work or vocational assistance. For workers who are permanently disabled or fatally injured Labor and Industries provides lifetime pension benefits for workers or their family members.

A022 Protecting Worker Safety

Appropriation Period: 2019-21 Activity Version: 36 - Working Analyst Supp. Version 6 Sort By: Activity

This activity provides services to reduce preventable workplace injuries, illnesses, and fatalities. Division of Occupational Safety and Health (DOSH) inspectors investigate hazardous workplaces, fatalities, serious accidents, and employee safety complaints. They ensure that employers correct serious hazards. DOSH also encourages voluntary compliance by providing onsite safety, health, and risk consultations to help employers identify and fix workplace hazards.

A023 Licensing and Regulation of Construction Professionals and Installations

This activity protects the public and workers from the potential financial and safety risks associated with residential and commercial construction by licensing professional installers who do electrical, elevator, plumbing, and pressure vessel work. We maintain a register of building contractors to protect homeowners from unreliable, fraudulent, financially irresponsible, or incompetent construction contractors who fail to meet their financial obligations. We inspect installations including amusement rides, elevators, conveyances, grain elevators, mobile and manufactured homes, modular schools, construction trailers, mobile medical units, recreational vehicles, vendor trailers, plumbing, boilers, and pressure vessels.
