¹Scribner log scale.

²Boundary between the two regions is the county lines along the crest of the Cascade Range.

³Private includes large forest landowners, small forest landowners, industrial timber owners, and Native American.

⁴Harvests from lands managed by the Washington State Department of Natural Resources.

⁵Includes public lands owned by cities, counties, public utilities, and state agencies other than Department of Natural Resources.

NA - Not available.

¹Income categories modified in 1989. Other includes interest income, equipment rental/sales, fire activity, federal grants, misc.

²Totals may not add due to rounding. Starting in 2001, totals do not include land transfers in the distribution of income numbers.

³Income from the sale of timber, land, and other valuable materials less Forest Road Assessments.

⁴Schools and other grantees. Trusts include the Current Funds (less the county revenues), the Permanent Funds, General Fund, Harbor Improvement, Capitol Purchase and Development, and Aquatic Land Enhancement Account (ALEA).

⁵Includes total Department of Natural Resources-Administered Funds less ALEA.

⁶Includes both Forest Board Transfer and Purchase.

⁷Includes Clarke-McNary, Institutions, Fisheries, Game, Social & Health Services, Natural Resources, Parks and others.

¹Preliminary.

²Resident Coastal Cutthroat and Anadromous Coastal Cutthroat.

³A virus at one of the hatcheries caused the release of brood stock. Brood stock is larger and, therefore, weigh more than the fish normally released.

Note: Data are for Department of Fish and Wildlife hatcheries only. Data do not include Triploid fish purchased and released by DFW.
