

**Median Household Income Estimates by County: 1989 to 2016 and Projection for 2017**

In current dollars; series revised 1990 forward. The estimation is based on 1990 and 2000 Census data, and on the Census Bureau's American Community Surveys' estimates for 2000-2014. These model-based estimates may differ from other median household income data developed from the Office of Financial Management's State Population Survey, Bureau of the Census estimates, or other sources. Survey data, which are subject to sampling variability and errors, are not necessarily more accurate than the estimate data.
