

This job aid includes step-by-step instructions for creating a new leased facility in FPMT.

As of April 2024, FPMT’s accounting functionality and integration with the Agency Financial Reporting System (AFRS) have been removed. There is now one agency editor role, which has access to all wizards. Additionally, creating a new leased facility is now a single-step wizard process.

**Overview**

<p><b>Where do I access the Create Leased Facility wizard?</b></p>	<ul style="list-style-type: none"> <li>The Create Leased Facility wizard is accessed via the menu button on the agency tile.</li> </ul>
<p><b>When should I enter a new leased facility?</b></p>	<ul style="list-style-type: none"> <li>New leased facilities should be entered into FPMT no earlier than 30 days before, and no later than 30 days after, the lease contract start date.</li> </ul>
<p><b>What counts as a lease?</b></p>	<ul style="list-style-type: none"> <li>A contract where the primary purpose is to grant use of a property during a specific period. The contract may be in a traditional lease form or may take other forms, including but not limited to, a sublease from a private sector entity, a resource sharing agreement (RSA), a memorandum of understanding (MOU), an interagency agreement with a local or federal government (IAA), or a federal license.</li> <li>All facility leases, including agreements with no exchange of money (i.e., \$0), must be entered into FPMT.</li> <li>For subleases where a state agency is the lessor, refer to the <a href="#">Create Receivable Lease</a> job aid.</li> </ul>
<p><b>What information do I need to create a new leased facility?</b></p>	<ul style="list-style-type: none"> <li>A copy of the lease contract.</li> <li>If you are creating a new facility:             <ul style="list-style-type: none"> <li>Parcel Number</li> <li>Legislative District</li> </ul> </li> </ul>
<p><b>What is the difference between creating a new facility and creating a new leased facility?</b></p>	<ul style="list-style-type: none"> <li>Facilities and leased facilities are two separate tables in FPMT. A leased facility table must be associated with a facility.</li> <li>The facility table captures static information about the building, such as the address, map coordinates, parcel number etc. The leased facility captures information about the tenant agency and the condition of the leased space.</li> <li>As part of the wizard process, you will have the option to create a new facility or link to an existing facility.</li> <li>Always search FPMT before creating a new facility to ensure that the building 1) is not occupied by another agency or 2) was not previously obligated to the state.</li> </ul>
<p><b>If I need to create a new facility, how do I get the unique facility identifier (UFI) into HRMS?</b></p>	<ul style="list-style-type: none"> <li>Make sure to select “yes” for the HRMS field in the facility table.</li> <li>The UFI will be uploaded to HRMS after the new facility record has been reviewed for accuracy and approved by OFM.</li> <li>Refer to the <a href="#">UFI Frequently Asked Questions</a> for more information.</li> </ul>
<p><b>Why should I use the wizard?</b></p>	<ul style="list-style-type: none"> <li>Users no longer have permissions to edit tables manually and must use the wizard to create a leased facility.</li> <li>The wizard simplifies the leased facility creation process by guiding you through each step and automating some steps behind the scenes.</li> <li>The wizard also includes business rules, or validation checks, to prevent incomplete data and common data entry errors.</li> </ul>
<p><b>Wizard basics:</b></p> <ul style="list-style-type: none"> <li>The wizard opens in a new window, which will close when you complete the leased facility creation process. Once the window closes, you will need to refresh your original FPMT window to see all of the changes.</li> <li>Once you Save and Close, you cannot go back into the wizard.</li> <li>Make sure to allow enough time to complete the wizard process in one sitting. If you time out during the process, <u>you will lose your data</u>.</li> <li>You must go all the way through the wizard to the Data Review section and select the last Save and Close button to complete the wizard and save your changes to the database. If you exit out of the wizard before this step, <u>you will lose your data</u>.</li> </ul>	

## Search for the Facility

Always search for the facility to ensure it's not already part of the inventory.

1. **Open** the Data Explorer module.

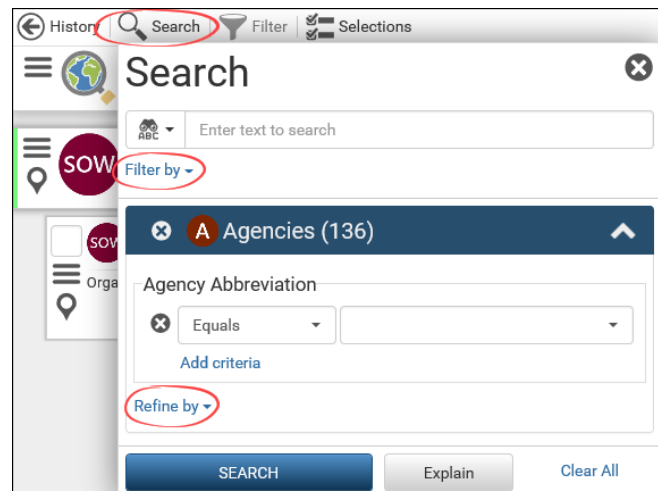

2. **Select** the  **Search** button on the data explorer tool bar.
3. **Select** **Filter by** and choose **Facilities**.
4. **Select** **Refine by** and choose **Primary Address**.
5. **Enter** the street address.
  - Be aware that the system will not recognize abbreviations and full street names as the same word (e.g., St vs. Street).
  - Start with the abbreviation. If you don't find the facility, repeat the search with the full name.
6. **Select** 
  - If the facility already exists in the inventory, you will link to it as part of the wizard process instead of creating a new location.

## Launch the Leased Facility Creation Wizard

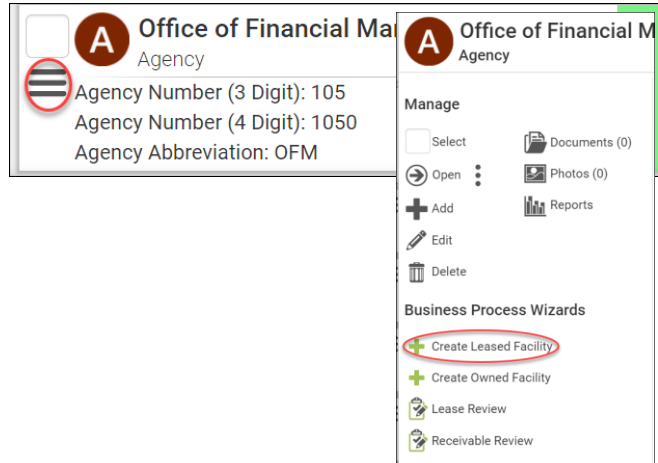

Navigate to the agency tile and launch the leased facility creation wizard.

1. **Select** the  **Search** button on the data explorer tool bar.
  - If you are doing this search immediately after the above search, select **Clear All** before continuing on to step 2.
2. **Select** **Filter by** and choose **Agencies**.
3. **Select** **Refine by** and choose **Agency Abbreviation**.
4. **Enter** the abbreviation.
  - These are [SAAM acronyms](#).
5. **Select** 

2. Select the  menu button on the agency tile.
3. Select Create Leased Facility.

→ You will have the opportunity to add documents and photos to each table as you move through the wizard.

### Add a New Leased Facility

1. Select Add New Leased Facility
2. Enter agency data. Red fields are system required. Other required fields are noted in this job aid.
  - Additional guidance is available by selecting the information icon  next to the field name.
  - Name
    - Agency SAAM acronym – Agency common name (e.g., ES – Yakima Worksource)
  - Condition Assessment Score
    - This is a required field for all facilities (1-5 or NA).
    - The [Condition Matrix](#) table, which is available later in the wizard, is an optional way to populate this score.
    - If you skip this field and the matrix, you will receive an error.
  - Six-Year Facilities Plan
    - Ensure this field is marked “yes” if this leased facility is in scope for the [Six-Year Facilities Plan](#). Otherwise, select “no.”

3. Select 

Edit Leased Facility Details

Leased Facility Documents Photos

Name

Required

Condition Assessment Score 

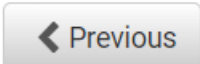

- Superior - 1
- Adequate - 2
- Fair - 3
- Limited - 4
- Emergent Services Only - 5
- Not Assessed - NA

#### Errors

- Leased Facility must have a Condition Assessment Score or have a Condition Matrix.

Six-Year Facilities Plan 

Required

  [Cancel All Changes](#)

**Facility – Add New or Link to Existing**

→ If you located an existing facility in your initial search, choose **Select an existing facility**.

→ If you did not find an existing facility, choose [Create a new facility](#).

**Link to an Existing Facility**

1. Select the  Search button to locate an existing facility.

2. Enter the primary address in the search box using quotation marks.

→ You can also use the UFI.

3. Select SEARCH

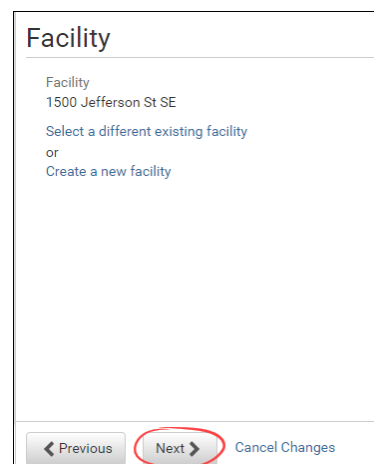

4. Select the checkbox next to the facility.

5. Select 

→ Your new leased facility is now associated with an existing facility record.

→ If you need to make a change, you can either **Select a different existing facility** or **Create a new facility**.

→ Once you have the correct facility, select

→ Click/tap [here](#) to skip the new facility instructions and continue on to adding a new space.

### Add a New Facility

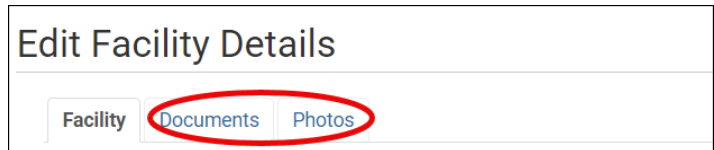

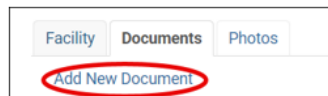

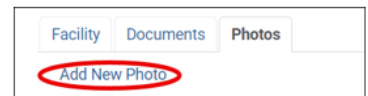

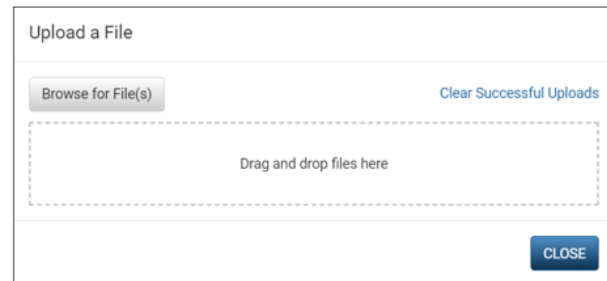

→ You can upload documents and photos to the Facility table here. Do not upload a copy of the lease until reaching the lease contract table later in the wizard.

- **Select** Documents or Photos.
- **Select** Add New Document or Add New Photo.
- Browse for, or drag and drop, your file(s).
- **Select** CLOSE.

1. **Enter** agency data. Red fields are required.

→ Additional guidance is available by selecting the information icon (?)

- **Name**
  - Use the primary address. If the facility address is not unique, include a building number. (e.g., 1313 N 13<sup>th</sup> Ave – BLDG 1W165000)
- **Primary address**
  - This is the legal address.
  - Abbreviate the directional and street suffix per [USPS Addressing Standards](#). (e.g., 123 S Main St)
  - The system will require a secondary address if a facility with the same primary address already exists.
  - The system will only catch duplicate addresses if they are entered exactly the same. If you are entering multiple facilities with the same primary address, make sure to use the same formatting. (e.g., Jefferson St)

- **Secondary Address**  
→ A secondary designator, such as a building number or name.
- **Alternative Address**  
→ Only populate this field if the facility has an address other than the legal address, for example a different mailing address.

Secondary Address [?](#)

Alternative Address [?](#)

- **City – Out of State**  
→ If the facility is located outside of Washington State, select Out of State at the bottom of the dropdown list on the City, County and Legislative District fields. Enter the city in the City – Out of State field.

- **Property Tax Parcel or Account Number**  
→ This information can be found on the county assessor’s website.  
→ If there is no parcel number for this facility or it is located out of state, enter N/A.
- **Latitude & Longitude (required)**  
→ FPMT will automatically populate this data after you geocode the facility.
- **Legislative District**  
→ Based on location of the facility. You can locate the legislative district on the [Legislature’s website](#).
- **Registered Historic Property**  
→ If unsure, refer to the Department of Archaeology and Historic Preservation for more information
- **Essential Public Facility**  
→ Essential public facility refers to public facilities that are typically hard to site and critical to state government. Refer to [WAC 365.196.550](#), [RCW 36.70A.200](#), [RCW 47.06.140](#) or [RCW 71.09.020](#).

- Facility Type (Building or Structure) – **only buildings are included in the facilities inventory**
  - A building is a facility with at least one wall, a roof and permanent foundation, regardless of occupancy.
  - A structure is a real property improvement constructed on or in the land, which is not a building.
- Property Class
  - Auto-populated based on the primary space type with the most square feet in the Space table.
- Surplus
  - Select “yes” if the facility is no longer needed by the agency and can be surplus.

Facility Type

Required

Property Class

Surplus

Required

- Campus
  - Is this facility part of a campus? (Yes/No)
- Campus Identification Number
  - As defined in the Energy Star Portfolio Management System. The format should be the agency SAAM number and campus ID (e.g., 405-0123).
- Conditioned Space
  - Select Yes if the facility meets the criteria for conditioned space as defined by the Washington State Energy Code. This code defines conditioned space as any facility which has a room or area that is being heated or cooled, containing uninsulated ducts or with a fixed opening directly into adjacent conditioned space.

Campus

Campus Identification Number

Conditioned Space

→Populate the following fields with the corresponding value from the Energy Star Portfolio Management System.

- Portfolio Management Identification Number
- Parent Portfolio Management Identification Number
- Energy Use Intensity (EUI)

→Refer to the Department of Commerce’s [website](#) for more information on Clean Buildings Act compliance criteria.

- Does this facility meet the Clean Buildings Act standard? (Yes/No)

→Click the information icon (?) for electric vehicle charging port definitions.

- Number of Level 2 Charging Ports
- Number of Level 3 Charging Ports
- Number of Publicly Available Charging Ports

**2. Select Edit Geometry** to geocode your facility (place a point on the map).

→You must geocode the facility or manually populate the coordinates.

→You will receive an error if you skip this step.

Edit Geometry

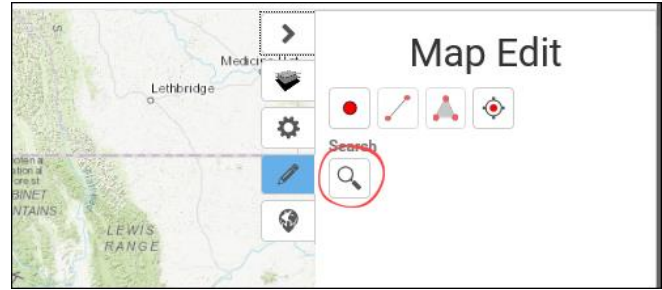

SAVE CHANGES

Cancel Changes

**Errors**

- Facility must have Latitude and Longitude or be geocoded.

3. Select the search  button.

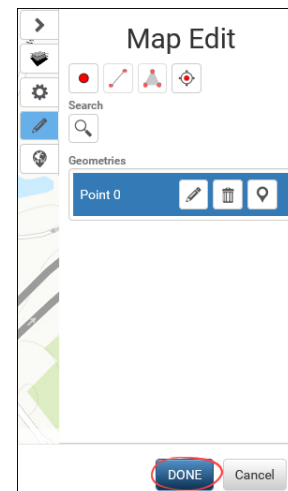

- 4. Enter the street address – the system will populate addresses in the dropdown menu.
- 5. Select the appropriate address.
- 6. Select Place Point at Selection

- 7. Select the  button to zoom in on the map.  
→ A black dot will appear at the specified address.

- 8. If the point is in a road, you will need to move it so it is on the actual facility.
  - A. Select the dot – it will become blue, and it will be highlighted.
  - B. Move the dot to the approximate center of the building.
  - C. Click/tap anywhere on the map when you're finished. The dot will be blue and no longer highlighted.
- 9. Select Done.
  - Once you save your changes, the dot will be black if you go back into the map editor.

→ In the event that a building shape does not exist yet at the address you have entered, do your best to approximate the location and add a comment.
