Position Detail (SA-001)

Description: Position availability, vacancy status, and position holder information. Provides the ability to audit position and employee coding. Includes an additional view of position detail by Organizational Unit Hierarchy.

- **Universe** WWA EDW Staffing Assignment.unx
- **Required filter prompt** Calendar Year Month
- **Position Detail (default)** Position availability, vacancy status, and position holder information.
- **Position Detail – Org Hierarchy** Position availability, vacancy status, and position holder information by Organizational Unit Hierarchy.

The standard report is located in the Washington Workforce Analytics Reports – Web Intelligence > Staffing Assignment Folder.

Prompts

Prompt values restrict the data pulled from the Enterprise Data Warehouse.

**Required Prompts** must include value(s) for Calendar Year Month.

**Optional Prompts**

- Business Area (POS)
- Business Area Code (POS)
- Employee Group (POS)
- Employee Subgroup (POS)
- Job (POS)
- Job Class Abbr (POS)
- Job Code (POS)
- Organizational Abbr
- Organizational Unit Code
- Personnel Area (POS)
- Personnel Area Code (POS)
- Personnel Subarea (POS)
- Personnel Subarea Code (POS)
- Position
- Position Abbr
- Position Code
- Vacancy Indicator
- Work Contract (Appt Status)
- Workforce Indicator (POS)
- Workforce Indicator Code (POS)

Things to Know

Employee Dimension

The Employee Dimension is the Staffing Assignments universe does not contain the following fields:

- Job (EE)
- Job Class Abbr (EE)
- Job Code (EE)
- Job Group Abbr (EE)
- Job Group Code (EE)
- Job Group (EE)

To compare a position’s job and an employee’s job, you can merge relevant objects with the Headcount and Personnel Actions universe and create variables for those fields not present in both universes. Reference Multiple Queries with Merged Dimensions for more information.

Organizational Unit Level Hierarchy and Org Unit Relationships

Organizational Unit Levels in the org unit hierarchy will only show in the results for organizational units with active position relationships. Organizational units in HRMS that do not have any active positions will be left out of the report.

Organizational Unit fields for positions which do not have an active A 003 Belongs To... relationships will be blank.
