SALARY PROJECTION SYSTEM (SPS) RATES/LOOKUP MAINTENANCE

June 7, 2021

The Salary Projection System (SPS) utilizes a number of sources for the rates used in the salary projections. The rates are entered into the SPS Data Tables and allows the user to select valid options for job class codes, salary steps, retirement system as well as determining the calculation used in a projection. This document is a guide to finding the rates utilized by SPS. Information available on the Internet will be listed here as links to the relevant websites. Other information is available in tables of this document.

If you find an error or omission, please report it as soon as possible by contacting OFM Help Desk at HereToHelp@ofm.wa.gov or call 360.407.9100. Please be prepared to cite a source for the correction.

The Department of Labor and Industries (LNI) Agency Experience Factor used in SPS is not publicly available; therefore, a link is not available.
