4.2 Selection Process

Beginning no earlier than January 1st, and no later than March 15th of each year, the new master review process will be initiated by the employer to identify those mates with masters' licenses who are not part of the bargaining unit pursuant to this Section, who may be placed on the master's eligibility list upon completion of this selection process. The selection process shall be completed, and the Master's Eligibility List posted to the fleet before the beginning of regular bidding for the summer season.

A. Solicit Applications

The Employer shall offer application opportunities to mates with masters licenses. Mates with master's licenses shall apply to be placed on the master's eligibility list in a format provided by the employer. This will include submission of an application/letter of interest, and the submission of at least three (3) recommendations from current masters in the fleet on a form provided by the Employer. The evaluation/recommendation form will be developed in consultation between the Union and the Employer.

B. Prior to the beginning or regular bidding for the summer season, new master applicants/candidates shall have documented through a sea-time letter generated by the Employer, a minimum of two thousand, eight hundred eighty (2,880) hours, or three hundred sixty (360), eight (8) hour days of sea-time as a chief mate on WSF vessels. Applicants who do not hold a regular chief mate position, may supplement the documentation of their sea-time hours, up to four hundred eighty (480) hours, with a maximum of four (4) hours per calendar day, on a form provided by the Employer and verified by vessel masters witnessing the applicant's watchstanding, navigation and handling of the vessel.

C. Structured Oral Exam

All candidates will be given a structured oral exam. The oral exam will be created in collaboration with subject matter experts (staff masters and masters). The oral exam panel shall include three (3) MM&P members and three (3) management members. The oral exam shall not be grievable.

D. Screen Applicants

The Employer will review the applicant's personnel and supervisory files to determine if there are documented performance issues that would disqualify them from the process. These deficiencies shall be shared with the applicant and the Union. Documented performance issues which would disqualify an employee from moving on in the process include, but are not limited to, documented repetitive violations of the WSF Code of Conduct, or discipline which has not been removed or is not scheduled to be removed from the employee's personnel file prior to the oral exam. In each annual application cycle, new master applicants/candidates whose sea-time review places them between two thousand, four hundred (2,400) hours, or three hundred (300), eight (8) hour days, and the required sea-time in [Subsection 4.2 \(B\)](#), may apply to be reviewed for a position on the Master's Eligibility List, and may be placed on the list upon documented completion of the sea-time requirements, between annual review cycles providing no documented performance disqualifiers, as per [Subsection 2.1 \(L\)](#) have occurred in the interim.

E. Application Review Panel

A structured oral exam panel will be convened at least one (1) week before the start of bidding for summer positions to review applications and supporting documentation of the candidates. The panel shall include three (3) MM&P members and three (3) management members. The panel will review all pertinent materials, including responses to the oral exam for each candidate and determine suitability for command. The decision of the panel shall not be grievable. The panel shall make a majority recommendation to the Director of Operations of candidates to be advanced. The Director of Operations shall then make the formal offer of advancement to successful candidates. If the panel fails to reach a majority recommendation, the candidate will not be recommended for advancement. Those candidates who are not recommended for advancement will be given written notification of the decision with recommendations for areas of improvement and may be invited to reapply during the next selection cycle.

F. Masters Eligibility Pool

Employees who pass the oral exam and have met the application and review requirements of [Rule 4](#), will be ranked based on the master's seniority list to create or replenish a pool of no less than fifteen (15) eligible masters who do not hold a permanent master position. The Employer shall appoint candidates from this ranked pool in order of seniority. Employees may be removed from this pool for just cause.

G. Employees new to the master's eligibility pool who have not already attended leadership and management training shall request to be scheduled for this training at the earliest opportunity once the training has been developed and approved by WSF.

H. Employees new to the master's eligibility pool shall request a minimum of three (3) working days' break-in as per [Section 20.2](#) when awarded their first assignment as a master either through the optional or extended temporary bidding process. Up

to forty (40) hours of break-in requested by new masters shall not be unreasonably denied.

- I. Working out of Class (“Bump Up”)
Members of the master’s eligibility pool may be called by dispatch to “bump up” when vacant positions cannot be filled by relief masters. Any time a member of the master’s eligibility pool works while bumping up, that time shall be applied to the required trial service hours.
- J. Temporary Bump Up
Nothing in this Rule shall prevent the temporary bump up of a mate with a master’s license, who is not a member of the master’s eligibility pool, in an emergency.
- K. Masters whose names appear on the masters’ eligibility list on June 30, 2023, are grandfathered onto the eligibility list without need for further application or review.
- L. Nothing in this Rule precludes the Employer, after consultation with the Union, from initiating the selection process in addition to, but outside the annual cycle when the pool of available masters, who do not hold a permanent master position, drops below fifteen (15).

4.3 Trial Service Period

- A. Once placed on master’s eligibility list, employees shall serve a trial service period of one thousand, forty (1,040) non-overtime hours worked as a master. The trial service period may be extended by mutual agreement. Any contemplation of an extension to the trial service period will be considered after the input of the oral exam panel described in [Subsection 4.2 \(C\)](#) who may, at their discretion, identify correctable performance deficiencies and require remedial training to be completed during the extension. With three (3) working days’ notice, and with the concurrence of the oral exam panel, the Employer may reject an employee who does not satisfactorily complete their trial service period based upon documented performance deficiencies.
- B. Employees with permanent status with WSF who do not satisfactorily complete their trial service period shall be reverted to the employee’s previous permanent job classification. Reverted employees must wait a minimum of twelve (12) months prior to reapplying to be a master.
- C. Trial service reversions are subject to the grievance procedure; however, the arbitrator’s decision shall be limited to considering whether the Employer acted in a discriminatory, arbitrary or capricious manner.
- D. The hours mates with masters’ licenses, who are not members of the master’s eligibility pool, work out of class shall not be counted as part of their trial service period if they are subsequently promoted to master.

4.4 Movement between Bargaining Units

- A. A master may waive a master's position during the bid process and may bid on a mate's position provided they meet all mate qualifications.
- B. WSF shall have the right to fill all vacant master and relief master positions by assigning in inverse seniority order from the master's bidding list.
- C. Masters who do not have adequate seniority to bid on a master's position may bid on a mate's position based on the employee's mate seniority date.
- D. Masters on the master's bidding list shall be ranked by the employee's master seniority date.

4.5 Notification of Project Assignments

The Employer shall publish notice of project assignments. A copy of the published notice will be provided to the Union. An employee interested in being considered for an assignment may submit a resume to the WSF appointing authority for appointment consideration.

A. Project Assignments

The regular assignment for a deck officer who leaves to fill a project assignment that is scheduled to last more than thirty (30) days shall be open for bid as an extended temporary position.

If a project assignment continues for over one (1) year, the deck officer's regular assignment shall be open for permanent bid.

B. Elimination of Project Assignment Lasting over One (1) Year

Whenever a project assignment that has extended past one (1) year is eliminated and the deck officer's permanent assignment has been bid out permanently, or the deck officer chooses to return to the fleet after filling the project assignment for more than one (1) year, that deck officer shall have the absolute right to exercise their seniority, as per [Section 20.10](#) - Elimination of Position.

C. Promotion of Deck Officers Filling Project Assignments

Any deck officers working on project assignments shall be paid according to the classification of their permanent assignment. A deck officer working on a project assignment shall be allowed the right to promote during their project assignment, and shall be paid in accordance with the wages of their promoted classification.

RULE 5 - MANNING OF VESSELS

5.1 Compliance with Certificate of Inspection (COI)

All vessels shall be manned according to the United States Coast Guard COI as prescribed by law, and the certificate of all current and future vessels of the WSF. This manning requirement shall apply to all movements of a vessel under its own power. The Employer, at their discretion, may man a vessel at a level higher than COI.

- 5.2**
- A. When an employee is promoted at the commencement of a work shift in order to comply with the COI, due to the late arrival of another master or staff master, the promoted master shall be compensated at the higher salary on an hour-for-hour basis, with a two (2) hour minimum, until relieved.
 - B. Should circumstances require the dispatch of another master, all promoted master's shall be paid hour-for-hour at the higher rate until relieved.
 - C. In the event a mate with a master's license is required by operational necessity to upgrade to a master for berth shifts or push the dock, the mate shall be compensated at the higher salary on an hour-for-hour basis with a four (4) hour minimum. This does not apply to boat moves or sea trials.
 - D. In all other instances, the mate shall be compensated at the higher rate of pay for the entire shift.
 - E. Bypass pay is not applicable to this Rule.

5.3 Pilotage Required

- A. All vessels of the Employer, while underway, not under its own power, must be under the direction and control of a pilot, who possesses a pilotage endorsement for the particular waters through which the vessel is being moved.
- B. Only employees on the master's eligibility list who possess a pilotage endorsement for the particular waters through which a vessel is moved under its own power shall be authorized or permitted to move the vessel as its master.

RULE 6 - WAGES

6.1 Rates of Pay

Masters will be paid a supervisory differential of a five percent (5%) separation between the classification of master and the highest rate paid, in any classification, for deck department employees who are either temporarily or permanently assigned to their watch, below them in the chain of command.

Relief masters will be paid at the base rate of twenty percent (20%) above the base rate for a regular master.

Staff masters will be paid at the base rate of seven and two one hundredths percent (7.2%) above the base rate for a relief master.

In addition to the supervisory differential above:

The masters bargaining unit will receive a general wage increase of six percent (6%) in year one (1) of the agreement. Effective July 1, 2023, through June 30, 2024, the following rates of pay shall apply:

Classification	S.T.	O.T.	80 Hours
Staff Master	\$83.38	\$125.07	\$6,670.4
Master	\$64.82	\$97.23	\$5,185.60
Relief Master	\$77.78	\$116.67	\$6,222.40

The masters bargaining unit will receive a general wage increase of five percent (5%) in year two (2) of the Agreement. Effective July 1, 2024, through June 30, 2025, the following rates of pay shall apply:

Classification	S.T.	O.T.	80 Hours
Staff Master	\$88.38	\$132.57	\$7,070.40
Master	\$68.71	\$103.07	\$5,496.80
Relief Master	\$82.45	\$123.68	\$6,596.00

6.2 Calculation of Overtime Pay

Whenever the payment of overtime is required or authorized under any of the terms or provisions of this Agreement, such payment shall be made at one and one-half (1½) times the appropriate straight-time rate of pay for each classification of employee receiving such pay consistent with [Rule 9](#) of this Agreement.

6.3 Calculation of Pay During Jury Duty

No employee shall be required to report for work on any day that the employee is called for jury duty, nor shall any regular deck officer be required to report for work during any calendar week in which the employee has been on jury duty for five (5) days. Each regular deck officer required to report for jury duty on a regular working day, whether actually impaneled on a jury or not, shall be paid their regular rate of pay for all hours the employee is scheduled to work that day. No payment shall be made for jury duty on a regular deck officer's assigned days off. Any regular relief deck officer required to report for jury duty, whether actually impaneled or not, shall be paid their regular rate of pay for all hours the employee is scheduled to work that day, not to exceed eighty (80) hours in any two (2) week work period.

6.4 Notwithstanding any other provisions contained within the Agreement or any practice previously used in the payment of wages to employees covered by this Agreement, all employees will be paid pursuant to [WAC 82-50-021](#) as now in effect or hereinafter amended by the Office of Financial Management (OFM). For purpose of this Agreement, the term, "pay date," will be those days designated by OFM as the official pay dates. For the purpose of this Agreement, the term, "pay period," refers to those periods from the first, to and including, the fifteenth of each month, and from the sixteenth, to and including, the last day of each month.

6.5 Penny Rounding Differences

Labor and management recognize that the statewide payroll system (HRMS) rounds payroll calculations to five (5) decimal places. Therefore, manual calculations using rates in the Collective Bargaining Agreement may result in penny rounding differences. The parties accept these differences do not require further payroll adjustments that would cause

the employee to pay back penny rounding differences or for management to add penny rounding differences to an employee's pay.

RULE 7 - TRAVEL PAY AND MILEAGE

7.1 Calculation of Travel Pay

Whenever travel pay is required or authorized under any of the terms or provisions of this Agreement, such payment shall be made at the straight-time rate of pay for each classification of deck officer receiving such pay, and for the appropriate travel time indicated in Schedules [A](#) and [D](#), attached.

7.2 Calculation of Mileage

When any deck officer furnishes the deck officer's own transportation under such circumstance as would entitle the deck officer to travel pay under any of the terms and provisions of this Agreement, the deck officer shall be reimbursed, at the rate allowed by the OFM, for the use of private automobiles for the appropriate number of miles as indicated in Schedules [A](#) and [D](#), attached.

7.3 Alternate Route Travel (ART)

- A. The parties agree that employees are entitled to be paid for ART in situations where the contract requires compensation for travel, and ferry service at a particular terminal is shut down for the night or otherwise unavailable, and the employee, of necessity, must drive to another terminal for ferry service, or must drive around rather than taking a ferry, the employee should be compensated for such travel accordingly. Similarly, if an employee is required to take two (2) ferries to reach a particular terminal because direct service is unavailable, then it is appropriate to compensate the employee for the travel time.
- B. The parties agree to use [Schedule D](#), dated August 30, 2013, to compute travel time and mileage when direct ferry service is not available and an employee of necessity must use ART. The parties agree that [Subsection 7.3 \(C\)](#), as follows, delineates when direct service is unavailable.
- C. Direct Service Unavailable
Direct service is unavailable between two (2) terminals when no ferry service is available directly between the two (2), as, for example, when ferries are tied up for the night on certain runs. Direct service is also unavailable when a deck officer must wait more than fifty (50) minutes from the end of the deck officer's scheduled watch until the next scheduled sailing on that run. When direct service is unavailable, deck officers entitled to travel time and mileage may use, and receive, travel time and mileage per [Schedule D](#) for alternate route travel from the deck officer's terminal of commencement to the deck officer's home terminal. In returning to the deck officer's home terminal, the deck officer shall exercise the deck officer's best efforts to minimize the cost to the Employer for travel time and mileage, consistent with the deck officer's safety.

1. The parties agree that each season the MM&P scheduling committee members and WSF management shall predetermine when and which watches shall use [Schedule A](#), or ART based on [Schedule D](#).

RULE 8 - HOURS OF EMPLOYMENT AND ASSIGNMENT

8.1 Establishment of Work Periods

- A. The principle of the eight (8) hour day is hereby established. For all practical purposes, eight (8) consecutive hours shall constitute one (1) work day. Forty (40) hours shall constitute a work week, and eighty (80) hours shall constitute a two (2) week work schedule. The following work schedules shall be observed:
 1. Five (5) consecutive eight (8) hour days followed by two (2) consecutive days off;
 2. Ten (10) consecutive eight (8) hour days followed by four (4) consecutive days off;
 3. Four (4) consecutive ten (10) hour days followed by three (3) consecutive days off;
 4. Eight (8) ten (10) hour days followed by six (6) consecutive days off;
 5. Nine (9) consecutive nine (9) hour days followed by five (5) consecutive days off totaling eighty-one (81) straight-time hours; or
 6. Five (5) consecutive nine (9) hour days followed by three (3) consecutive days and four (4) consecutive nine (9) hour days followed by two (2) consecutive days off totaling eighty-one (81) straight-time hours.
- B. By mutual agreement, additional work schedules may be observed.
- C. Employees that are working a schedule as defined in 3 or 4, above, shall be compensated at the straight-time rate of pay. Employees that are scheduled as defined in 5 or 6, above, shall have the option of having the eighty-first hour worked in a two (2) week period compensated at the straight-time rate of pay or credited with one (1) hour of compensatory time at the straight-time rate of pay.
- D. Operating crews assigned to extra service vessels may be required to work four (4) consecutive ten (10) hour days followed by three (3) consecutive days off.
- E. Deck officers on Anacortes-San Juan Islands and Sidney routes may be scheduled to work up to ten (10) hours in one (1) day or eighty (80) hours in a two (2) week schedule on touring watches as defined in [Section 8.3](#) of this Agreement, without incurring an overtime pay obligation.
- F. In cases where running schedules of vessels will not permit relieving of crew members at port of embarkation within the eight (8) hour day, the overtime penalty

will not be incurred; provided, however, that no employee shall work more than nine (9) hours in one (1) day or eighty-one (81) hours in a two (2) week work schedule.

G. Limitation on Flexing Shifts

1. For shifts of ten (10) hours, working hours may flex up or down one-half (1/2) hour or less in order to permit relieving of crew members at port of embarkation without incurring overtime, subject to committee process in [Subsection \(H\)](#).
2. If schedules include offsetting eight (8) hour shifts, the WSF agrees to pay no less than eight (8) hours pay for working the short shift for all employees on single day dispatch.

H. Committee Process

1. Before the Employer changes any printed running or crew schedules, the Masters, Mates and Pilots and the Inlandboatmen's Union (Unions) shall jointly be consulted to arrange crew schedules reasonably consistent with the health and safety of deckhands, masters, mates and pilots, and with properly and conveniently serving the customer, and to provide shifts for deckhands, masters, mates and pilots as provided above. The Unions will each name two (2) employees to a committee whose sole purpose will be to examine proposed changes to crew schedules and recommend improvements therein to the Employer. The said committee will meet as is necessary to meet crew schedule changes. Based on the employee's regular schedule, Union members will be paid for a minimum of eight (8) hours and a maximum of ten (10) hours at their regular straight-time rate of pay for each committee meeting. Committee meetings will be scheduled to allow time for travel within the eight (8) hour shift. Mileage will be paid as is appropriate. If management extends the committee meeting time, then travel time will be paid as appropriate.
2. Should the Employer and the Unions not reach agreement over the proposed crew deck schedules, the Unions may elect to jointly file a grievance and proceed to expedited arbitration based on whether the schedule(s) are reasonably consistent with the health and safety of deckhands, masters, mates and pilots.
3. In the event of such a dispute, the parties agree upon the following process:
 - a. The Unions and the Employer shall select an independent standing arbitrator (arbitrator) as would be deemed qualified to serve as an arbitrator by the American Arbitration Association (AAA). The Unions and the Employer shall meet and each will submit a list of eleven (11) arbitrators using the strike method until an arbitrator has been selected.

- b. Within five (5) working days of receipt of a grievance being filed as referenced above, the parties shall schedule a meeting with the arbitrator selected. The meeting will be scheduled as expeditiously as possible, but in no event more than fifteen (15) working days from the receipt of the grievance unless otherwise mutually agreed to.
 - c. At the arbitration hearing, the arbitrator shall have sole and unfettered discretion to consider any evidence that is presented by the representatives, as well as to limit the length or volume of information presented. The arbitrator shall have the authority to question the representatives and their witnesses, and ask for further information, and to control the conduct of the meeting in any fashion.
 - d. Within ten (10) days of the conclusion of the meeting referred to in [Subsection \(c\)](#), above, the arbitrator shall inform the parties in writing of their decision. The decision shall not alter or amend the terms and conditions of the Agreement. The arbitrator will also include in their decision any analysis or reasoning on which the decision is based. Additionally, if the arbitrator finds the schedule not reasonably consistent with health or safety standards, the arbitrator will provide the parties' guidance as to the changes necessary to bring the schedule into compliance. The decision of the arbitrator shall be final and binding upon the Union, the Employer and the grievant(s).
- I. All deck officers working regular assignments shall receive in wages not less than eighty (80) times the base straight-time rate for each two (2) week work period; provided, however, that such deck officers are available for work at the time scheduled by the Employer. Travel time, if any, shall be included within the scheduled work day, to the extent possible, when deck officers are assigned to move vessels to a different terminal or to a repair yard, and such vessel moves do not occupy the entire work day.
 - J. Watches shall appear in the seasonal deck schedule as an a.m., p.m. or graveyard shift(s).

8.2 Relief at Terminal of Commencement

All regular deck officers shall be relieved at the same terminal where they began their duties; and any such deck officer not so relieved shall be paid mileage and wages at the rate of pay applicable to the deck officer's classification, whether overtime or straight-time, for the total detention time involved. In returning to the deck officer's terminal of commencement, the deck officer shall exercise the deck officer's best efforts to minimize the cost to the Employer for travel pay and mileage consistent with the deck officer's safety.

A. Early Relieving Procedures

1. Employees may be properly relieved prior to the end of their scheduled watch and at a terminal other than the terminal where they began the duties.
2. The master shall know the work status of all watch-standers. Employees requesting to be relieved early shall inform the master of their request. The master retains the authority to deny any requests for early relief of any of their assigned crew.
3. Any agreement between employees to relieve early or be relieved early shall not violate the CBA manning levels.
4. Any agreement between employees to relieve early or be relieved early shall not be subject to grievance process.
5. Relief of master shall only be by the oncoming assigned master.
6. The early relieving of an employee shall comply with SMS crew dispatch qualifications and procedures.
7. The early relieving of an employee shall comply with USCG crew endurance standards. (No violation of the 12 in 24 Rule)
8. The ships log and the employees' time sheets shall document accurately any relief, to relieve early or to be relieved early.
9. Employees shall be compensated for only those hours of the watch they are scheduled whether relieved early or relieving early. (Example 1)
10. Overtime shall be paid only for the time actually worked beyond employee's scheduled shift whether relieved early or relieving early. (Examples 2 and 3)

Example 1

Employee A is scheduled to work from 0500 to 1300 (eight [8] hours). End of shift is 1300. Employee B is scheduled to work from 1300 to 2100 (eight [8] hours). End of shift is 2100.

Employee A is relieved early by employee B at 1200 hours.

Employee A shall be paid for eight (8) straight-time hours.
Employee B shall be paid for eight (8) straight-time hours.

Example 2

Employee A is scheduled to work from 0500 to 1300 (eight [8] hours). End of shift is at 1300. Action ring off is 1305. Employee B is scheduled to work from 1300 to 2100 (eight [8] hours). End of shift is 2100.

Employee A is relieved early by employee B at 1200 hours.

Employee A shall be paid for eight (8) straight-time hours.
Employee B shall be paid for eight (8) straight-time hours.

Example 3

Employee A is scheduled to work from 0500 to 1300 (eight [8] hours). End of shift is at 1300. Employee B is scheduled to work from 1300 to 2100 (eight [8] hours). End of shift is 2100. Actual ring off is at 2105.

Employee A is relieved early by employee B at 1200 hours.

Employee A shall be paid for eight (8) straight-time hours.

Employee B shall be paid for eight (8) straight-time hours and OT in six (6) minute increments.

8.3 Establishment of Touring Watches

The Employer may establish touring watches with the reasonable consent of the Union. When a touring watch is established, the employment of deck officers assigned to such watches shall be at the straight-time rate of pay for each such deck officer's classification. No tour may exceed a period of twenty-four (24) hours and there must be a minimum of eight (8) hours off duty between work shifts. Whenever the off duty time between work shifts is less than eight (8) hours, the deck officer's compensation will be continuous at the applicable overtime rate of pay. Further, no touring watch may exceed five (5) consecutive tours to be followed by no less than four (4) consecutive days off duty. Whenever such a touring watch has been established, it shall be subject to change under the same conditions.

8.4 Removal from Regular Assignment

Whenever any deck officer is required by the Employer to move from the deck officer's regular assignment and temporarily assigned to a vessel on a different route due to service disruptions or temporary route closures, and/or if the deck officer is to use the deck officer's private vehicle for travel between the deck officer's terminal of commencement and the deck officer's temporarily assigned terminal of commencement, each such deck officer shall receive travel pay and mileage for the distance between the regular deck officer's home terminal and the temporary relieving terminal, in accordance with Schedules [A](#) and [D](#).

Whenever a regular or relief LDO works overtime on a day off they will be paid travel time and mileage roundtrip to the terminal of commencement from their home terminal.

Travel time for training purposes will be computed using Schedules [A](#) and [D](#), and compensated from the terminal closest to the employees' home to the terminal closest to the training location. Travel time and mileage from the terminal closest to the training location to the training facility will be paid.

If a temporary assignment is expected to last thirty (30) days or longer, travel time and mileage will not be paid.

If a temporary assignment as a trainer or special project is expected to last thirty (30) days or longer, the deck officer's current position will be bid out as an extended temporary position. If the temporary assignment is expected to last one hundred (100) days or longer, travel time and mileage will not be paid past the one hundredth day.

When, due to vessel or terminal breakdown, any deck officer, excluding relief deck officers, is removed from their regular assignment to work another job in the fleet, such deck officers shall only be assigned by dispatch to work shifts on their own route, on their scheduled work day, and with like hours (start time within three [3] hours of the deck officer's regular start time). If there are no work shifts available on their own route, the deck officer will be offered all available jobs for the day and may choose to accept any job they are qualified to work, provided it does not interfere with scheduled work the following day.

8.5 Deck Officers Assigned to More than One (1) Route

- A. Whenever any deck officer is assigned to more than one (1) route, the deck officer shall be assigned a primary terminal of commencement and shall be paid travel pay and mileage as required by Sections [7.1](#) and [7.2](#) of this Agreement, respectively, both to and from all such assignments, other than the deck officer's primary terminal of commencement. Such employees will be paid travel time and mileage to and from their primary terminal, regardless of the location of their home, to the location of their dispatched assignment which occurs someplace other than their primary terminal.
- B. Removal from Regular Assignment
Whenever any deck officer is removed from the deck officer's regular assignment and temporarily assigned to a vessel on a different route, or if the Employer requires any deck officer to use the deck officer's private vehicle for travel between the deck officer's terminal of commencement and the deck officer's temporarily assigned terminal of commencement, each such deck officer shall receive travel pay and mileage for the distance between the regular deck officer's regular relieving terminal or the terminal nearest the deck officer's home, and the temporary relieving terminal, whichever is less, in accordance with Schedules [A](#) and [D](#).
- C. Travel time for training purposes will be computed using Schedules [A](#) and [D](#), and compensated from the terminal closest to the employees' home to the terminal closest to the training location. Travel time and mileage from the terminal closest to the training location to the training facility will be paid.

8.6 Relief Assignments

All deck officers working as a regular relief deck officer as determined by current Letter(s) of Understanding between the Union and the Employer shall be assigned a home terminal as close as possible to their residence. Reliefs will not receive travel time unless otherwise noted elsewhere in this Agreement. When dispatched to Friday Harbor, reliefs will receive an additional five (5) hours of pay for each day assigned; connected touring watches will be defined as one (1) day for the purpose of this Rule. Friday Harbor and/or inter-island home ported employees will not receive any stipend pay. Mileage will be paid in

accordance with the provisions of [Section 7.2](#) of this Agreement. If a regular relief deck officer is relieved at other than the deck officer's terminal of commencement, the deck officer shall be paid actual mileage and wages at the rate of pay applicable to the deck officers classification, whether overtime or straight-time, for the total detention time involved from the time and point of relief from duty to the time of arrival at the deck officer's home terminal. In returning to the deck officer's home terminal, the deck officer shall exercise the deck officer's best efforts to minimize the cost to the Employer for mileage, consistent with the deck officer's safety.

Relief personnel will be given a minimum of twelve (12) hours off prior to being called back to duty. The twelve (12) hour period begins upon completion of the scheduled work shift and ends upon reporting for the next shift. Note: this Rule does not apply to relief personnel working an established touring watch or for double backs. Whenever a relief deck officer on a touring watch is authorized mileage under any terms or provisions of this Agreement, such mileage will be paid for round trips when actually traveled.

Relief employees are required to maintain expertise and knowledge on multiple classes of vessels and are assigned throughout the system as needed. This includes, but is not limited to:

- Familiarization on multiple classes of vessels;
- Performing documented break-in on multiple classes of vessels;
- Proficiency in the operation of multiple classes of vessels;
- Knowledge of USCG stability requirements on multiple classes of vessels;
- Knowledge of system waterways including currents, tides, weather conditions and the effects on routes;
- Knowledge of specific emergency evacuation plans, safety systems, emergency equipment and ability to take charge of an unfamiliar crew during emergent situations; and
- Ability to perform lead duties over crew on multiple classes of vessels.

Mileage shall be paid only for travel actually performed to a location other than the employee's home terminal according to Schedules [A](#) and [D](#).

A. Number of Free Days

Regular relief deck officers shall be allowed three (3) consecutive free days in every two (2) week work period that will be repeated thereafter on a biweekly basis.

- E. An employee may cancel a vacation leave day if the cancellation is due to the last minute cancellation of business between the Union and the Employer. However, the displaced relief may be called to be reassigned to another shift only for the day in which the vacation leave day has been cancelled or the relief may work the cancelled shift at WSF's discretion.

The Employer may, but need not, require break-in procedures of any classification of deck officer. Any such break-in procedures may be offered to deck officers in the applicable classification; and any deck officer undergoing any required break-in procedure shall receive full pay for the time required under all provisions of this Agreement relating to the payment of wages, overtime, travel time, and all other forms of compensation. In addition to the above, all deck officers, at their request, with the concurrence of the port captain, prior to accepting a pending deck officer assignment, shall be entitled to a break-in period not to exceed five (5) days (forty [40] hours), on any vessel on any route and shall receive the straight-time rate of pay for such break in. Upon successful completion of mate orientation, the employee's preliminary seniority date will be established as their seniority date for the mate's seniority roster. If the employee is unsuccessful at completing all elements of mate orientation or, the employee chose not to attend the mate's orientation when invited by the Employer, a new preliminary mate's seniority date will be established on the first day of the next available mate's orientation in sequential order of document submittal to WSF.

C. Any former WSF/MM&P deck officer that is rehired by WSF, will be placed on the mate's seniority list upon being rehired by WSF. They may not be required to complete the mate's orientation.

20.8 Protest of Seniority Rosters

All seniority rosters shall be subject to protest by written notification to the grievance committee of the Union, consisting of not less than three (3) members to be elected by the membership of the Union, and who shall be responsible for the preliminary adjudication of all seniority disputes, under the provisions of this Agreement relating to disputes, [Rule 22](#), provided, however, that no protest of seniority roster, except for the correction of a typographical error, shall be commenced more than ninety (90) days after the facts and circumstances giving rise to the protest actually become known or, in the exercise of reasonable care, should have become known, to the deck officer affected.

20.9 Union and Management Positions

Any deck officer, who maintains good standing, and has established seniority when elected or appointed to a full-time Union position, or when transferred to a position in management, shall retain their seniority status throughout their term, or terms, of office, or throughout their employment in management. When returning to the fleet and remaining in good standing with the Union, a deck officer will have the absolute right to exercise a bump by seniority in selecting an assignment.

In the event that a deck officer is wrongfully bypassed by a less senior deck officer for such assignments, the bypassed deck officer shall be paid the wages, including travel time, the deck officer would have received if they had not been so bypassed.

20.12 Service by Retired Deck Officers

Present or previously employed deck officers who retire in good standing from the Employer's service may, with the approval of Union and the Employer, obtain a temporary appointment. The temporary appointment is contingent each year upon the deck officer providing, a current copy of the applicant's up-to-date license, a drug free certificate, and a medical certification of fitness for duty and completing an orientation and refresher training as may be required by the Employer. The assignment of the retiree will be as follows:

- A. WSF Employees who retired under the provisions of the State Employees Retirement System may be rehired consistent with all applicable provisions, laws, and regulations of the State Employees Retirement System.

- F. Retirees are allowed to come back at the deck officer classification they "retired" at or at a lower deck officer classification.

The Union shall provide a list of available retired deck officers to WSF by May 1st of each year. WSF shall provide a status report documenting retiree assignments to the MM&P VP-UIG and each delegate to the committee via email as requested. The Union and the Employer agree that assignment of retirees does not provide any special rights or privileges. Upon returning, retirees will be made aware of this contract provision.

- G. A uniform allowance shall not be paid to retirees.

20.13 Reduction and Increase in Personnel

In all reductions and increases of personnel, strict seniority shall govern absolutely. Whenever layoffs are necessary, the least senior deck officer shall be the first laid off; and whenever deck officers are called back to service, the most senior deck officer laid off shall be the first returned to work. A laid off master shall have the right to exercise a bump into a mate's position or remain an extra relief deck officer in either classification and return back to the prior classification when service is made whole or service is restored.

20.14 Demotions

In the event that a master returns to the classification of mate due to a reduction of personnel, personal request, for cause, or for any other reason, the deck officer shall be entitled to the same position on the mates' seniority roster from which the deck officer was

previously promoted; and the Employer shall immediately notify, in writing, both the Union and the master involved, of the date of each such demotion.

20.15 Reinstatement of Demoted Deck Officers

20.16 Staff Master

The staff master classification scope of responsibility is delineated in a staff master [Addendum B](#) as part of the agreement between the parties. position without loss of seniority; shall be paid for all time lost in the amount which the deck officer would ordinarily have earned had the deck officer been continued in the service during such period; shall have all documents pertaining to the specific incident removed from the deck officer's personnel file and all other records of the Employer immediately changed to reflect the disposition; and the incident shall not be used against the deck officer in any manner.

21.4 Derogatory Documents

A deck officer shall be given a copy of all written censures, letters of reprimand, adverse reports, adverse performance evaluations, or other documents of an adverse or derogatory nature which are placed in such deck officer's personnel file. The deck officer may respond to such material, which response shall be placed in their personnel file, or the deck officer may resort to the grievance procedure established by the provisions of this Agreement relating to disputes in [Rule 22](#), and the eventual adjudication or resolution of the dispute shall also become a part of the deck officer's personnel record. However, the evaluation process is subject to the grievance procedure. The specific contents of performance evaluations are not subject to the grievance procedure.

21.5 Absent Without Approved Leave

When an employee is absent from work for three (3) consecutive days and who is not on an approved leave may be disciplined up to, and including, termination. Absences due to illnesses, injury or due to emergency situations as specified in [Subsection 28.1 \(B\)\(5\)](#) must be considered in determining just cause.

The deck officer may provide a written rebuttal to any information in the file that they consider objectionable. All material placed in the deck officer's personnel file relating to misconduct will be removed when the deck officer has been exonerated of wrong doing. In all other cases, a deck officer may request that the appointing authority remove material one (1) year after issuance.

- A. Written reprimands will be removed from the deck officer's personnel file after two (2) years if:

2. The deck officer submits a written request for its removal.

D. Nothing in this Rule will prevent the Employer from agreeing to an earlier removal date.

RULE 22 - GRIEVANCE PROCEDURE

22.1 The Union and the Employer agree that it is in the best interest of all parties to resolve disputes at the earliest opportunity and at the lowest level. The Union and the Employer encourage problem resolution between employees and management and are committed to assisting in resolution of disputes as soon as possible. In the event a dispute is not resolved in an informal manner, this Rule provides a formal process for problem resolution.

22.2 Terms and Requirements

A. Grievance Definition

A grievance is an allegation by an employee or a group of employees that there has been a violation, misapplication, or misinterpretation of this Agreement, which occurred during the term of this Agreement. The term, “grievant,” as used in this Rule includes the term, “grievants.”

B. Filing a Grievance

Grievances may be filed by the Union on behalf of an employee or on behalf of a group of employees. If the Union does so, it will set forth the name of the employee or a description of the group of employees. The Union, as exclusive representative, is considered the only representative of the employee in grievance matters and has the right in a grievance to designate the person who will represent the employee on behalf of the Union.

C. Computation of Time

The parties acknowledge that time limits are important to judicious processing and resolution of grievances. Days are calendar days, and will be counted by excluding the first day and including the last day of timelines. When the last day falls on a Saturday, Sunday or holiday, the last day will be the next day which is not a Saturday, Sunday or holiday. Transmittal of grievances, appeals and responses will be in writing.

D. Failure to Meet Timelines

Failure by the Union to comply with the initial thirty (30) day deadline contained in [Subsection 22.3 \(A\)](#), below, will result in automatic withdrawal of the grievance. Failure by the Union to comply with other timelines contained in this grievance procedure may be submitted to the arbitrator for their determination. Failure by the Employer to comply with the timelines will entitle the Union to move the grievance to the next step of the procedure.

E. Contents

The written grievance should include the following information:

1. A statement of the pertinent facts surrounding the nature of the grievance;
2. The date of the occurrence giving rise to the grievance or the date the grievant knew or could reasonably have known of the occurrence;
3. The specific Rule and/or Section of the Agreement violated;
4. The specific remedy requested;
5. The name of the grievant or description of the group;
6. The steps taken to informally resolve the grievance; and
7. The name and signature of the Union representative.

F. Modifications

No newly alleged violations and/or remedies may be made after the initial written grievance is filed, except by written mutual agreement.

G. Resolution

If the Employer provides the requested remedy or a mutually agreed-upon alternative, the grievance will be considered resolved and may not be moved to the next step.

H. Withdrawal

A grievance may be withdrawn at any time.

I. Resubmission

If terminated, resolved or withdrawn, the same grievance cannot be resubmitted.

J. Consolidation

The Employer or the Union may consolidate grievances arising out of the same set of facts.

K. Bypass

Any of the steps in this procedure may be bypassed with mutual written consent of the parties involved at the time the bypass is sought.

L. Discipline

Disciplinary grievances will be initiated at the level at which the disputed action was taken.

M. Alternative Resolution Methods

Any time during the grievance process, by mutual consent, the parties may use alternative methods to resolve a non-disciplinary grievance. If the parties agree to

use alternative methods, the time frames in this Rule are suspended. If the selected alternative method does not result in a resolution, the Union may return to the grievance process and the timeframes resume. Any expenses and fees of alternative methods will be shared equally by the parties.

22.3 Filing and Processing

A. Filing

A grievance must be filed within thirty (30) days of the occurrence giving rise to the grievance or the date the grievant knew or should reasonably have known of the occurrence. This thirty (30) day period should be used to attempt to informally resolve the dispute.

B. Processing

Step 1 – Director of Operations or Designee

If the issue is not resolved informally, the Union may present a written grievance to the Director of Operations or designee with a copy to the WSDOT ferries division Labor Relations Office at laborrelations@wsdot.wa.gov within the thirty (30) day period described above. The Director of Operations or designee will meet or confer by telephone with a Union steward and/or staff representative and the grievance within fifteen (15) days of receipt of the grievance, and will respond in writing to the Union within fifteen (15) days after the meeting.

Step 2 – Pre-Arbitration Review Meetings

If the grievance is not resolved at Step 1, the Union may request a pre-arbitration review meeting (PARM) by filing the written grievance including a copy of all previous responses and supporting documentation with the OFM State Human Resources Labor Relations and Compensation Policy Section (LRS) with a copy to the WSDOT ferries division Labor Relations Office at laborrelations@wsdot.wa.gov within fifteen (15) days of the Step 3 decision. Within fifteen (15) days of the receipt of all the required information, the LRS will discuss with the Union.

1. If a PARM will be scheduled with the LRS, an agency representative, and the Union's staff representative will review and attempt to settle the dispute.
2. If the parties are unable to reach agreement to conduct a meeting, the LRS will notify the Union in writing that no PARM will be scheduled.

Within thirty (30) days of receipt of the request, a PARM will be scheduled. The meeting will be conducted at a mutually agreeable time.

The proceedings of any PARM will not be reported or recorded in any manner, except for written agreements reached by the parties during the course of the PARM. Unless they are independently admissible, statements made by or to any party in the PARM, may not be:

1. Later introduced as evidence;
2. Made known to an arbitrator or hearings examiner at a hearing; and/or

3. Construed for any purpose as an admission against interest.

Step 3 – Arbitration

If the grievance is not resolved at Step 2, or the LRS notifies the Union in writing that no PARM will be scheduled, the Union may file a request for arbitration. The demand to arbitrate the dispute must be filed with the Federal Mediation and Conciliation Service (FMCS) within fifteen (15) days of the PARM or receipt of the notice no PARM will be scheduled. However, by agreement, the parties may instead refer the dispute to the Public Employment Relations Commission (PERC) for final resolution.

C. Selecting an Arbitrator

The parties will select an arbitrator by mutual agreement or by alternately striking names supplied by the FMCS.

D. Authority of the Arbitrator

1. The arbitrator will:

- a. Have no authority to rule contrary to, add to, subtract from, or modify any of the provisions of this Agreement;
- b. Be limited in their decision to the grievance issue(s) set forth in the original written grievance unless the parties agree to modify it; and
- c. Not have the authority to order the Employer to modify their staffing levels, unless the arbitrator finds that the Employer has violated the staffing levels required by this Agreement.

2. The arbitrator will hear evidence and arguments on and decide issues of arbitrability before the first day of arbitration at a time convenient for the parties, immediately prior to hearing the case on its merits, or as part of the entire hearing and decision-making process, at the discretion of the arbitrator. If the issue of arbitrability is argued prior to the first day of arbitration, it may be argued in writing or by telephone, at the discretion of the arbitrator. Although the decision may be made orally, it will be put in writing and provided to the parties.

3. The decision of the arbitrator will be final and binding upon the Union, the Employer and the grievant(s).

E. Arbitration Costs

1. The expenses and fees of the arbitrator, and the cost (if any) of the hearing room(s), will be shared equally by the parties.
2. If the arbitration hearing is postponed or cancelled at the request of one party, that party will bear the cost of the postponement or cancellation. The costs of any mutually agreed upon postponements or cancellations will be shared equally by the parties.

3. If either party desires a record of the arbitration, a court reporter may be used. The requesting party will pay the cost of the court reporter. If that party purchases a transcript, a copy will be provided to the arbitrator free of charge. If the other party desires a copy of the transcript, it will pay for half (1/2) of the costs of the fee for the court reporter, the original transcript and a copy.
4. Each party is responsible for the costs of its representatives, attorneys, witnesses, travel expenses, and all other costs related to the development and presentation of their case. Every effort will be made to avoid the presentation of repetitive witnesses. The Union is responsible for paying any travel or per diem expenses for its witnesses, the grievant and the Union representative.

RULE 23 – WORK STOPPAGE

There shall be no strikes, lockouts or work stoppages; it is the intent of the parties that all controversies shall be settled amicably and harmoniously.

RULE 24 - MANAGEMENT PROVISIONS

24.1 Management Rights

In addition to management rights established in [RCW 47.64.120](#), the Employer retains the right and duty to manage its business, including the following:

- A. The right to adopt regulations regarding the appearance, dress, conduct of its employees; and
- B. To direct the work force consistent with work procedures as are necessary to maintain safety, efficiency, quality of service and the confidence of the traveling public that are not contrary to the terms and provisions of this Agreement.

24.2 Union Intercession

The Union reserves the right to intercede on behalf of any deck officer who feels aggrieved and the right to process a grievance on behalf of any such deck officer pursuant to the grievance provisions of [Rule 22](#) of this Agreement.

24.3 Illegal Discrimination and Harassment

The Employer and the Union are committed to ending illegal discrimination and harassment in any and all forms. To this end, neither WSF nor the Union shall discriminate against any employee in any manner prohibited by law.

24.4 Reasonable Accommodations

When WSF is presented with a circumstance which may require the reasonable accommodation of a disability and the accommodation might result in a violation of this Agreement, WSF and the Union will meet to discuss the proposed accommodation and possible conflicts with this Agreement. By agreeing to discuss the accommodation, the

Union does not waive any position or argument, including, but not limited to, the following: accommodations that do not violate this Agreement are available and appropriate and the law neither requires nor permits accommodations that violate this Agreement.

RULE 25 –BIDS

25.1 Applicability

This Rule shall be used for filling vacant regular and extended temporary master positions, including bidding/bumping when positions are eliminated or positions are significantly changed.

25.2 Eligibility

To be eligible to bid for a specific job, a master must appear on the master's bidding list, have all route pilotage and have all appropriate documentation, including license, endorsements and physical, on file in WSF Human Resources.

If bidding on positions with routes to Canada, all reliefs must have no barrier to entry.

25.3 Seasonal Bidding

- A. All bidding will be stopped approximately six (6) weeks prior to the start of a season. Once bidding has stopped, all vacancies shall be filled by dispatch until bidding resumes.
- B. The following items shall be distributed to all masters in a bid packet prior to seasonal bidding:

- C. First, there shall be a "phone bump" for all masters in positions that are being eliminated or significantly changed. Second, there will be an "optional domino bid" for any vacant permanent positions as a result of the phone bump. Finally, there will be a "temporary domino bid" for all known extended temporary positions.

25.4 Phone Bump

- A. Masters in regular positions that will be eliminated or significantly changed for the next season shall have the opportunity to bump, based on seniority, to a different permanent position, which may include a mate's position.
- B. A permanent or relief master may waive a permanent master's position and bid on a permanent mate's position provided they meet all mate qualifications. If a deck officer bumps into a relief position, the relief next lower in seniority will be entitled to a bump. If that relief deck officer chooses to stay in a relief position, the bump

will continue down the seniority list within the relief pool until the least senior relief deck officer is bumped to another permanent position. The general phone bump will then continue by seniority until completion. WSF shall have the right to fill all vacant master and relief master positions by assigning in reverse seniority order from the master's bidding list.

- C. Permanent and relief masters who do not have adequate seniority to bid on a master's position may bid on a mate's position based on the employee's mate's seniority date.

- G. The phone bump will continue through the seniority list, in seniority order, until all masters have been contacted who are in eliminated positions, in changed positions, and less senior masters who have been bumped out of their positions by a more senior master.
- H. Once a master is called, they shall have a maximum of fifteen (15) minutes to make their decision. Extra time shall not be given to any master except in the case of a master going to or from work or being at work and temporarily unavailable by phone.
- I. Masters may not bump into a vacant position.
- J. "Try Out" Period for Significantly Changed Positions
 - 1. If a master chooses to stay in a significantly changed position, the master may also choose to "try out" the significantly changed position for the duration of the season.

2. When a master has indicated to the bid administrator they want to “try out” a significantly changed position, the master has thirty (30) days after the beginning of the changed schedule to send a written request to the bid administrator to request a bump during the next seasonal phone bumping period.
- K. If a master is out of town and unavailable by phone, the master shall send written notification to the bid administrator and Union with their watch choices in preference order. The written notification must be received no later than the day before the phone bump begins.
- L. If a master is not available by phone and has not complied with [Subsection \(K\)](#) above, the following shall apply:

If there is at least one (1) vacant permanent position after the phone bump is completed, there shall be a written optional domino bid. Masters have the option to bid or the option not to bid on vacant permanent position(s). Vacant permanent positions will only be filled thru the optional domino bid process at the start of each season. Subsequent permanent positions that become vacant after the optional bid process has been completed will be filled as an extended temporary bid until the next seasonal optional bid.

- A. A completed bid form shall be sent to the bid administrator, Attn: Master Job Bid. All written bid forms shall be dated and time stamped as they are received in WSF Operations.
- B. In order for a bid form to be considered valid it:
1. Must be filled out completely; and
 2. Must be received in WSF Operations before the closing date and time.
- C. Bids may be emailed to the bid administrator, mailed, hand-delivered or faxed. The bid administrator’s email address is BidAdmin@wsdot.wa.gov. The FAX number is 206-389-8529.

28.7 Leave Without Pay

Paid leaves approved shall be compensated as approved and shall not be converted to Leave Without Pay (LWOP) without management approval.

LWOP will be granted for holidays of faith and conscience for up to two (2) days per calendar year provided the employee's absence will not impose an undue hardship on the Employer as defined by [WAC 82-56-020](#) or the employee is not necessary to maintain public safety.

28.8 Use of Leave Without Pay for United States Coast Guard (USCG) Delays of Pilot Endorsement Renewal

When an LDO's renewal of their first class federal pilot endorsement is delayed by the USCG due to medical issues as a result of the LDO's annual physical, LDO's may use sick leave for sick leave purposes, vacation leave, compensatory time and leave without pay as necessary.

RULE 29 - SENIORITY DISPATCH FOR RELIEFS

29.1 Applicability

This Rule shall be used for filling regular relief master positions. All relief positions shall be bid by seniority.

29.2 Eligibility

All reliefs shall be available and qualified to work all assignments and routes or forfeit their guaranteed time. In addition, all reliefs shall have no barrier to entry to Canada.

29.3 Regular Relief Masters Free Days

A. Prior to the start of the fall and summer seasons, immediately following the seasonal bid, regular relief masters shall bid on free days.

Master's assigned as a relief master for the season, whether it is a permanent or temporary assignment, shall fill out a Free Day Bid Form and return it to the bid administrator. Free days will be assigned on a seniority basis.

B. If a relief vacates their assignment at any time during the season, the master that wins the bid for that position shall assume the same free days as the ones held by the relief that vacated the assignment. The parties agree that a relief cannot bid to another relief position in order to change free days.

C. If an additional relief position is created by mutual agreement between WSF and MM&P at any time during the season, then WSF may select the free days for that position based on business needs.

D. When bidding the temporary assignments associated with [Subsections \(A\)](#) and [\(B\)](#), above, the free days assigned to that job shall be listed as part of the temporary bid notification by the bid administrator.

29.4 Relief Initial Selection Process

A. Prior to each work period, available job assignments will be emailed to reliefs and the Union prior to dispatch calling reliefs by seniority. Touring watches shall not be broken up for selection purposes.

1. Version One will be emailed on Saturday with a supplemental version emailed on Wednesday.

2. Assignment selections will commence on Wednesday of the week prior to the work period and will be completed by Saturday.

3. Final selections shall be emailed to all reliefs and the Union, prior to the start of the work period or when the initial selection process has been completed.
- B. Selection
Job selections will start with the most senior relief master, working down the relief master's list by seniority until all jobs are taken or everyone has been offered the available choices.
- C. Reliefs that have selected seventy-six (76) to eighty-four (84) hours of work have fulfilled their obligation to work in that work period and have now established days off. Call back pay shall not be paid if the relief selects between seventy-six (76) and eighty-four (84) hours of work during the initial selection process. Reliefs will not be offered additional jobs until all reliefs have met the seventy-six (76) hour threshold.
- D. Reliefs who have selected between seventy-six (76) and seventy-nine (79) hours have the right to refuse additional jobs. Overtime incurred in the application of this Rule is not in violation of the overtime list in [Rule 9](#), Overtime.
- E. Unfilled Assignments
1. If a relief does not select an available job and jobs are unfilled after initial selection, reliefs shall be dispatched from the bottom of the seniority list upward to fill any remaining jobs.
 2. The least senior relief will choose a remaining job. If multiple jobs exist, the next relief on the list will choose from the remaining jobs. This practice will continue moving from the bottom of the seniority list in an upward direction until all jobs are filled. A relief shall not be assignable to a watch that starts within eighteen (18) hours of the end of a scheduled Friday Harbor shift.
 3. Reliefs who were assigned a job by [Subsections \(E\)\(1\)](#) and [\(2\)](#), above, and the assignment's travel time is more than three (3) hours round trip as described in Schedules [A](#) and [D](#), may choose to call dispatch daily to request a reassignment. At the request of these reliefs, dispatch shall offer reassignment by seniority for the day that was assigned if there is a minimum of twelve (12) hours prior to the start of at least one (1) of the assignments. Dispatch shall offer the open position to the relief requesting reassignment before offering the open position to extra relief deck officer's, before offering the open position to regular relief mates as extra hours and before offering the open position on overtime from the Captain's Overtime Availability List (COAL). Dispatch, at their discretion, may offer reassignment by seniority for the day that was assigned if there is less than twelve (12) hours prior to the start of both assignments. Reassigned days shall not alter any previously selected jobs.

F. Cancellation of Relief Assignments

When a relief has a job cancelled, the relief shall be assigned only to jobs that appear in the deck schedule as an AM for AM or PM for PM shift or additional work that falls outside of the deck schedule (i.e. sea trials, annuals, boat moves) between the hours of midnight to midnight. Reliefs shall not be assigned to graveyard shifts, or any shift that interferes with previously scheduled work or the relief's free days. In no instance can a new assignment conflict with the twelve (12) hour rule.

29.5 Regular Relief Initial Dispatch Rules

- A. During the initial selection processes as detailed in [Section 29.4](#), above, reliefs will be called in seniority order at two (2) phone numbers known by WSF between 0800 and 1900 hours, or anytime that a relief is on duty. If a relief is at work they will be called on the ship's telephone or the ship's radio in order to make contact with the relief.
- B. After each relief has made a selection, within thirty (30) minutes the dispatcher shall send the next relief the most current version via email and call the relief informing them the updated list has been sent. The relief will then have thirty (30) minutes to review the updated list and return the call before selecting from open assignments. If the relief does not return the call within thirty (30) minutes, the dispatcher may move on to the next relief. However, a relief working on the Seattle-Bremerton route, the Anacortes-San Juan-Sidney route, or who is in transit to work will have until they arrive on watch to return the call. Reliefs that are at work will be afforded reasonable time to fulfill job selections based on route and workload.
- C. When the relief LDO who has not returned the phone call to dispatch in the timeframe listed above, does make contact with dispatch, the relief will be offered all jobs that are still remaining in the initial selection process.
- D. Upon completion of the Initial Selection Process for both mates and masters, dispatch will begin calling reliefs, by seniority, who have chosen between seventy-six (76) and seventy-nine (79) hours to offer all known overtime shifts as extra hours.

29.6 Day-to-Day Relief Dispatch

- A. If insufficient work is available or a relief has selected less than seventy-six (76) to eighty-four (84) hours, day-to-day dispatching of incoming assignments will be offered by seniority to reliefs available on that day.
- B. When called, a relief may turn down the job offer, as long as there is a less senior relief available for that job assignment. The least senior relief must take the job assignment. A relief shall not be assignable to a watch that starts within eighteen (18) hours of the end of a scheduled Friday Harbor shift.

- C. Reliefs who have selected less than seventy-six (76) hours in a work period may be offered any assignment that totals seventy-six (76) to eighty-four (84) hours worked.
- D. When an assignment is offered where the total hours worked would exceed eighty-four (84) hours it may be rejected without penalty. However, reliefs may elect to accept offered assignments that exceed the eighty-four (84) hour threshold.
- E. Any relief who has not reached seventy-six (76) hours is subject to assignment up to eighty-four (84) hours.
- F. Reliefs who were assigned a job and the assignment's travel time is more than three (3) hours round trip as described in Schedules [A](#) and [D](#), or to and from Friday Harbor, may choose to call dispatch daily to request a reassignment. At the request of these reliefs, dispatch shall offer all available jobs for reassignment by seniority for any day the relief is available to work provided it does not alter previously selected jobs. Dispatch shall offer the open position to the relief requesting reassignment before offering the open position to extra relief deck officers, before offering the open position to relief masters as extra hours, and before offering the position on overtime from the Captain's Overtime Availability list (COAL). Dispatch, at their discretion, may offer reassignment by seniority any day the relief is available to work, even if there is less than twelve (12) hours prior to the start of both of the assignments. Reassigned days shall not alter previously selected jobs. Relief deck officers who have requested assignment and are subsequently bypassed by dispatch shall be paid a penalty of travel time to and from the originally assigned job in accordance with Schedules [A](#) and [D](#). If the employee has not answered the call or returned a call to dispatch within fifteen (15) minutes, the employee is not entitled to the penalty.

29.7 Day-to-Day Dispatch Rules

During the day-to-day dispatching process, the same timelines listed in [Section 29.5](#), above will be in effect with the following exceptions:

- A. Job assignments that are received by WSF dispatch that are more than twenty-four (24) hours from the time of the call to the relief. In no instance shall a relief be called before 8:00 am or within ten (10) hours from the previous shift's ending time. The relief will have one (1) hour to return the call to accept or reject the assignment. If the job assignment has less than twenty-four (24) hours, the relief may be called after eight (8) hours off from the previous shift ending time and then will follow the timelines listed in [Section 29.5](#), above.
- B. Unfilled job assignments that begin less than twenty-four (24) hours from start time of the watch shall be offered to reliefs by seniority. The relief will have fifteen (15) minutes to return the call before moving on to the next senior relief. If a relief does not return the call or accept the assignment, dispatch shall move down the list and offer the assignment to the next eligible relief on the list.

- C. Job assignments that are received by WSF dispatch that are less than four (4) hours from the time of the job are not subject to the timelines above. Calls made to the relief will be in seniority order to find the first available relief who will be available to work at the start of the work shift.
- D. Failure to return phone call in the timelines listed will not jeopardize a relief's claim to guaranteed time unless the relief is the least senior relief for the day of the job assignment.
- E. On a relief's free day(s), if the relief has notified dispatch they intend to take their free day as an established day off, dispatch shall only call the relief for job assignments that are received by WSF dispatch that are less than four (4) hours from the time of the job. When calling reliefs on their free day(s) off, dispatch will state, "this is your free day, would you like to know all jobs available?" If the relief says, "yes," then dispatch will proceed reading all available jobs. At this point the relief either chooses a job or takes their free day(s). Once a relief has chosen to take their free day(s) they will be entered in AOSS as free days and dispatch will not need to call again for any open jobs.
- F. If a relief is called on their free day(s) and dispatch is at assignment mode (last available by seniority) they may ask to hear all jobs available without the risk of being assigned if no job is chosen.

29.8 Relief's Use of Compensatory Time

If a regular relief selects job assignments and has seventy-six (76) to eighty-four (84) hours of work during the work period without using their scheduled compensatory time off, the relief shall not use their compensatory time and the compensatory time shall be automatically cancelled.

29.9 Relief Pay Practices

- A. All reliefs shall be paid at the applicable pay rate by classification, plus mileage in accordance with Schedules [A](#) and [D](#).

- B. Friday Harbor

Reliefs shall receive an additional five (5) hours at base pay rate, round trip as a stipend when working the Inter Island vessel, should that vessel commence out of Friday Harbor. The parties agree that no LDO can compound the stipend and be paid round trip to each half of a tour on the Friday Harbor tie-up vessel.

Relief employees working overtime and traveling to Friday Harbor shall receive travel time and mileage but shall not receive the stipend.

Travel time for Anacortes to Friday Harbor shall be two and one-half (2½) hours. It is further agreed that Friday Harbor and/or Inter Island home ported reliefs shall not receive a stipend.

C. Optional Drive Around

All reliefs with job assignments on a route where ferry service is unavailable as per the Krebs arbitration award, or for a morning shift with no vessel service on the route or on an adjacent route for a relief to get to or from an assignment, may elect to drive around and be paid mileage, point to point, as per Schedules [A](#) and [D](#).

D. Port of Embarkation Other than a WSF Terminal

If a relief is assigned to a boat move or a sea trial because of special pilotage needs and is required to go to a port of embarkation other than an established WSF terminal, travel time will be paid per Schedules [A](#) and [D](#), at the applicable base rate of pay. If the port of embarkation is not on Schedules [A](#) and [D](#), the relief shall use MapQuest and request the most customary and reasonably direct route which shall be the agreed upon distance and time. Reliefs shall attach the MapQuest document to their pay document.

E. Promotion of a Relief Mate to Master

Promotion of a relief mate to master will be paid at the relief master rate plus mileage per Schedules [A](#) and [D](#).

29.10 Bumping Not Allowed

Once reliefs have selected their shifts, they cannot bump another relief out of their selection and cannot relinquish their pre-selected shifts for a different opening except to promote from mate to master.

29.11 Reports to the Union

WSF shall email to the Union, during the first week following the work period copies of the on-call list for regular reliefs which shall include actual assignments worked for each work period including mate to master, and each instance that a master has worked overtime covering an open mate position.

RULE 30 - SAVINGS PROVISIONS

30.1 Partial Invalidity

If any court or administrative agency of competent jurisdiction finds any Rule, Section or portion of this Agreement to be contrary to law or invalid, the remainder of this Agreement shall continue in full force and effect.

30.2 Replacement Provisions

If such a finding is made, the parties shall immediately enter into collective bargaining negotiations for the purpose of arriving at a mutually agreed upon modification for the invalid Rule, Section or portion.

RULE 31 - TERMS OF AGREEMENT

31.1 Duration

All provisions of this Agreement will become effective July 1, 2023, and remain in full force and effect through June 30, 2025.

Either party may request negotiations of a successor Agreement by giving written notification no later than September 1, 2023. Negotiations will begin at times agreed upon by the parties.

ADDENDUM A – SETTLEMENT AGREEMENT (TOP 5)
SETTLEMENT AGREEMENT
BETWEEN
THE INTERNATIONAL ORGANIZATION OF MASTERS,
MATES AND PILOTS
AND
WASHINGTON STATE FERRIES

IN FULL AND COMPLETE SETTLEMENT of the grievance case scheduled for January 31, 2003, before Arbitrator John B. Coyle, FMCS No. 02-12788, the parties, the International Organization of Masters, Mates, and Pilots (IOMM&P) and Washington State Ferries (WSF), hereby agree as follows:

- A. To meet on a regular, but not less than quarterly, basis, to review the specific number of extra relief deck officers entitled to travel pay and mileage, as well as the number of additional temporary and extended temporary regular relief mate positions.
- B. That the number of additional positions shall be two (2) additional temporary relief mates and two (2) extended temporary relief mates for the spring 2003 bid period in February 2003.
- C. That the number of extra relief deck officers entitled to travel pay and mileage shall be five (5) for the spring 2003 bid period in February 2003.
- D. Expedited Arbitration
Should the parties fail to reach agreement regarding the number of additional temporary and extended temporary regular relief mate positions, or the number of extra relief deck officers, the dispute shall be resolved according to the following procedure:
 - 1. At the start of the meeting referenced in paragraph A above, the parties shall agree upon an arbitrator, or confirm that an arbitrator previously selected is acceptable to both parties.
 - 2. At the close of the meeting referenced in paragraph A above, either party may request arbitration if the parties have not been able to reach agreement.
 - 3. After the request for arbitration has been made, either party may notify the arbitrator in writing that expedited arbitration is required regarding numbers on which agreement has not been reached.
 - 4. The arbitrator shall notify the parties on the method for the parties presenting input orally and/or in writing.
 - 5. Based upon the input of the parties, the arbitrator shall issue a written decision not later than three (3) business days after written notification has been received by the

arbitrator. The decision shall specify the number of positions in each unresolved category.

6. It is the parties' mutual intent to agree upon numbers in each category to achieve the following result:
 - a. Extra relief deck officers shall not be regularly working as deck officers on a full-time or close to full-time basis. In no event shall the number of extra relief deck officers be less than five (5).
 - b. Vacation relief deck officers, regular relief deck officers, temporary and extended temporary regular relief mate positions shall be working on a full-time or close to full-time basis, and shall not be working a typical amount of paid guaranteed time.

Any arbitrator's decision should be guided by the above principles.

- E. The intent of this Agreement is to clarify that any deck officer on any current IOMM&P seniority list and not presently assigned to any position is defined as an "extra relief deck officer." Of these, a specified limited number of "extra relief deck officers" shall be paid travel pay and mileage. Such specific limited number of extra relief deck officers shall be as determined by the provisions of this Agreement, but in no event shall be less than five (5).
- F. Each party shall pay one-half (1/2) of any applicable fees to Arbitrator Coyle as per the agreement of the parties.

ADDENDUM B – STAFF MASTER

Selection Process for Staff Master

The staff master concept is based on a route and vessel assignment with one (1) staff master per vessel who is selected through a seniority bid process. There will be no permanent staff master assigned to a relief vessel. The senior master bidding the route on each seasonal bid would be the staff master if the master agrees to assume the duties and responsibilities of this position. The staff master will not be bumped from the position of staff master for the duration of the season they are in the staff master position. If the senior master declines the staff master position, the next senior master on the route would be offered the opportunity and so forth.

Subsequent bidding after the initial bid due to any other contract requirement shall apply as follows:

- A. If the staff master chooses to leave the vessel number/route, they do not take the staff master designation with them; the next senior master on the vessel number/route would be offered the opportunity and so forth.
- B. The staff master on the vessel number/route who bids to an extended temporary position on a different watch on the same vessel on the same route retains the designation of staff master.
- C. If the staff master on the vessel number/route vacates the vessel number/route, the staff master designation for that vessel number/route will be offered to the next senior master on the vessel number route who has been permanently assigned to the vessel number/route. Should that master decline the staff master position, it will be offered to the next senior master permanently assigned to the vessel number/route and so on through the watches associated with that vessel number/route. In the event none of the permanently assigned masters on the vessel number/route accept the staff master assignment, the least senior master on the vessel number/route shall be designated the staff master for that vessel number/route.
- D. Whenever a Licensed Deck Officer (LDO) is assigned to a staff master position for a period of one hundred sixty (160) consecutive working hours, and/or is dispatched on a daily basis specifically to perform the staff master duties, the LDO shall be paid staff master rate of pay for the time/duties performed and the pay shall not be for less than eight (8) hours.
- E. Whenever a staff master is absent from their position for one hundred sixty (160) consecutive working hours or more, the next senior master on the vessel number/route shall be offered the opportunity to temporarily assume the staff master position until the permanent staff master's return.

Displaced Staff Master

- A. If during a phone bump for a permanent position a staff master is displaced from a staff master position on a vessel number/route by a more senior master bumping into a position on the same vessel number/route, that displaced staff master shall have the right to a bump by seniority.

- B. If during an optional bid for permanent positions, a staff master is displaced from a staff master position on a vessel number/route by a more senior master bidding into a position on the same vessel number/route, that displaced master shall have the right to a bump by seniority on the next available phone bump.

Compensation

- A. A staff master will be paid travel time and mileage as per Schedules [A](#) and [D](#), when they are required to travel from their home port.
- B. If the staff master is called at home on time off by the port captain, compensation will be paid at overtime in eighteen (18) minute increments.
- C. If a staff master is required by the port captain to call another master on their “time off,” that master shall be paid a minimum of eighteen minutes (18) of overtime and then consistent with Rule 9.
- D. Any master called by the staff master at the direction of the port captain, that master shall be paid a minimum of eighteen (18) minutes of overtime, consistent with [Rule 9](#).
- E. When a staff master is on approved leave, i.e. sick, vacation, compensatory time, they shall be compensated at the staff master rate of pay.

Performance

- A. A staff master shall serve an initial probationary period of six (6) months.

Staff masters shall be evaluated at the conclusion of their six (6) month probationary period. Any staff master that does not meet acceptable standards will remain on probation for another six (6) month period. If acceptable standards have not been met at the end of the second, six (6) month probationary period, a final six (6) month probationary period will be granted. A staff master who fails to meet the final Peer Review Committee’s acceptable standards will be removed from the staff master designation.

The staff master, after successfully completing their six (6) month probationary period, will be considered a staff master in good standing, and may be evaluated annually.

If poor performance exists prior to the six (6) month probationary period, an emergency meeting may be held by the Peer Review Committee to inform the staff master that they need to improve performance.

After reviewing the facts, the Peer Review Committee may meet with the staff master and inform the employee of the areas they need to improve and will have ninety (90) days to improve their performance.

- B. If the Peer Review Committee deadlocks on whether a staff master should be removed for their staff master designation, the Director of Marine Operations shall make the final decision, and the decision shall be subject to the grievance procedure.

- C. Peer Review Committee: three (3) MM&P/three (3) WSF Management Peer Review Committee paid by WSF, including travel time and mileage where applicable.

Performance Evaluations

DSAs are part of a suite of tools designated to safeguard and protect employee information. DSAs are a best practice when an agency shares category 3 or higher data. Additionally, the Office of the Chief Information Officer outlines in policy #141.10 that when an agency shared category 3 or higher data outside of their agency, an agreement must be in place unless otherwise prescribed by law.

- b. Information about public employees as defined in [RCW 42.56.250](#).

(4) Category 4 – Confidential Information Requiring Special Handling

Confidential information requiring special handling is information that is specifically protected from disclosure by law and for which:

- a. Especially strict handling requirements are dictated, such as by statutes, regulations, or agreements.
- b. Serious consequences could arise from unauthorized disclosure, such as threats to health and safety, or legal sanctions.

In recognition of the above, the parties agree to the following:

The Employer and MM&P strive to ensure that any sharing of personal or confidential information is supported by a written DSA, which will address the following:

- (1) The data that will be shared.
- (2) The specific authority for sharing the data.
- (3) The classification of the data shared.
- (4) Access methods for the shared data.
- (5) Authorized users and operations permitted.
- (6) Protection of the data in transport and at rest.
- (7) Storage and disposal of data no longer required.

**C. MEMORANDUM OF UNDERSTANDING
BETWEEN
THE STATE OF WASHINGTON
AND
PEBB COALITION OF UNIONS**

Medical Flexible Spending Arrangement Work Group

Since the 2019-2021 PEBB healthcare agreement between the Coalition of Unions and the State of Washington, the parties have agreed to a benefit involving a Medical Flexible Spending Arrangement (FSA). Due to unknown reasons, a majority of eligible employees did not use some or all of this benefit.

The parties agree to use the already scheduled quarterly series of meetings between Health Care Authority (HCA), Office of Financial Management (OFM) and Union staff representatives to review data and discuss possible options and solutions to increase represented employees' awareness and utilization of the FSA benefit. The parties will focus their efforts on the following items:

1. Creating an introductory paragraph explaining the FSA benefit for represented employees for use in HCA communications. This communication shall include all the participatory unions' logos and/or names provided by the unions as well as HCA/PEBB branding.
2. Exploring the option of sharing a list of all eligible employees who did not use the two hundred fifty dollar (\$250) benefit for the previous calendar year.
3. Creating a timely and targeted communication for those employees who have not yet accessed their FSA benefit.
4. Reviewing existing communications provided to new employees about the FSA benefit.
5. Assisting the Coalition of Unions with providing information to their members about the FSA benefit.
6. Ensuring that any information shared protects employees' personally identifiable information and protected health information.
7. Exploring options to provide access to this information for non-English speakers, for example, a flyer in multiple languages with notification of these benefits.

LEAVE WITH PAY IN RESPONSE TO EMERGENCY PROCLAMATION 23-05

On August 19, 2023, Governor Jay Inslee issued emergency Proclamation 23-05 declaring a state of emergency exists in all areas of the state of Washington. All state agencies have been directed to utilize state resources to assist affected political subdivisions in an effort to respond to and recover from the event. Because the threat to life and property from existing wildfires is extraordinary and significant and has caused harm to state employees as well as extensive damage to homes, public facilities, businesses, public utilities, and infrastructure, all impacting the life and health of state employees throughout Washington State, the parties enter into this agreement for the purpose of assisting state employees who have been directly impacted by this emergency.

Beginning August 19, 2023 forward, the following shall apply:

The Employer may temporarily grant up to three (3) days of leave with pay per occurrence to employees who are experiencing extraordinary or severe impacts, such as displacement from their homes temporarily or permanently through evacuation or significant damage or loss. Employers may require verification of the use of leave with pay.

If three (3) days of leave with pay are approved, an employee is not required to use the three (3) days of leave with pay consecutively, and it does not need to be taken in full day increments.

This MOU will expire when the emergency proclamation 23-05 has been rescinded or when the emergency rule is rescinded, whichever is first.
