2. The arbitrator will hear evidence and arguments on and decide issues of arbitrability before the first day of arbitration at a time convenient for the parties, immediately prior to hearing the case on its merits, or as part of the entire hearing and decision-making process, at the discretion of the arbitrator. If the issue of arbitrability is argued prior to the first day of arbitration, it may be argued in writing or by telephone, at the discretion of the

arbitrator. Although the decision may be made orally, it will be put in writing and provided to the parties.

3. The decision of the arbitrator will be final and binding upon the Union, the Employer and the grievant (s).

E. Arbitration Costs

1. The expenses and fees of the arbitrator, and the cost (if any) of the hearing room(s), will be shared equally by the parties.

 - 3. Reliefs who were assigned a job by Subsections E. 1 and 2, above, and the assignment's travel time is more than three (3) hours round trip as described in schedule A and D; may choose to call dispatch daily to request a reassignment. At the request of these reliefs, Dispatch may reassign by seniority, only when there is a need to promote or pay overtime to cover the open assignment on an assigned day and there is a minimum of twelve (12) hours prior to the start of either assignment. Reassigned days shall not alter any previously selected jobs.

- B. After each relief has made a selection, within thirty (30) minutes the dispatcher shall send the next relief the most current version via email and call the relief informing them the updated list has been sent. The Relief will then have thirty (30) minutes to select from open assignments; if the

relief does not return the call within thirty (30) minutes, the dispatcher may move on to the next relief. However, a Relief working on the Seattle-Bremerton route, the Anacortes-San Juan-Sidney route or who is in transit to or from work will have one (1) hour to return the call. Reliefs that are at work will be afforded reasonable time to fulfill job selections based on route and workload.

- C. Reliefs who have selected less than seventy-six (76) hours in a work period may be offered any assignment that totals seventy-six (76) to eighty-four (84) hours worked.
- D. When an assignment is offered where the total hours worked would exceed eighty-four (84) hours it may be rejected without penalty. However, Reliefs may elect to accept offered assignments that exceed the eighty-four (84) hour threshold.

The Relief will have one (1) hour to return the call to accept or reject the assignment. Calls made to the Relief will be in seniority order to find the first available Relief who will be available to work at the start of the work shift.
- D. Failure to return phone call in the timelines listed will not jeopardize a Relief's claim to guaranteed time unless the Relief is the least senior Relief for the day of the job assignment.
- E. When calling reliefs on their free day(s) off, dispatch will state "This is your free day would you like to know all jobs available". If the relief says "Yes", then dispatch will proceed reading all available jobs. At this point the relief either chooses a job or takes their free day(s). Once a relief has chosen to take their free day(s) they will be entered in AOSS as free days and dispatch will not need to call again for any open jobs.
- F. If a relief is called on their free day(s) and dispatch is at assignment mode (last available by seniority) they may ask to hear all jobs available without the risk of being assigned if no job is chosen.

29.8 Relief's Use of Compensatory Time

If a Regular Relief selects job assignments and has seventy-six (76) to eighty (80) hours of work during the work period without using their scheduled compensatory time off, the Relief shall not use their compensatory time and the compensatory time shall be automatically cancelled.

ADDENDUM B – STAFF MASTER

Initial Selection Process for Staff Master

The Staff Master concept is based on a route and vessel assignment with one Staff Master per vessel who is initially selected through a seniority bid process. There are twenty-two (22) full time positions and two (2) seasonal positions. A one-time fleet wide system bid will be used to initially determine the Staff Master for each route and assignment. There will be no Permanent Staff Master assigned to a Relief Vessel. This bid will be conducted on the basis of a phone bumping bid. The senior Master bidding the route on the initial bid would be the Staff Master if the Master agrees. The Master will not be vulnerable to a bump from the Staff Master designation for a period of eighteen (18) months. If such Master declines the Staff Master position then the next senior Master on the route would be offered the opportunity and so forth.

Subsequent bidding after the initial bid due to any other contract requirement shall apply as following:

- (1) If the Staff Master on the initial bid chooses to leave the route he does not take the Staff Master designation with him. In the event another master bumps from an alternate vessel number/route displacing the Staff Master the bumping master does not obtain the Staff Master designation on that vessel number until the initial Staff Master has completed an eighteen (18) month term. The displaced Staff Master on that vessel number/route has the ability to bid to another watch on the same vessel number/route and retain the Staff Master status during the first eighteen (18) months of the Staff Master program.* After completing an eighteen (18) month term, the Staff Master is eligible to be bumped from his designation by a more senior master.

*Note: The one and only time the eighteenth (18th) month term guarantee is applicable is for the first initial bidding period, after the Staff Master program commences.

- (2) The Staff Master on the vessel number/route who bids to a different watch on the same vessel on the same route retains the designation of Staff Master.
- (3) If the Staff Master on the vessel number/route is bumped or vacates from the vessel number/route the Staff Master designation for that vessel number/route will be offered to the next senior Master on the vessel number route who has been permanently assigned to the vessel number/route. Should that Master decline the Staff Master position then it will be offered to the next senior Master permanently assigned to the vessel number/route and so on through the watches associated with that vessel number/route. In the event none of the permanently assigned Masters on the vessel number/route accept the Staff Master assignment

then the least senior Master on the vessel number/route shall be designated the Staff Master for that vessel number/route.

- (4) If a Staff Master takes a temporary position that lasts for a period in excess of one (1) year, that Staff Master position becomes an open position and is available for bid as per bid procedures.
- (5) Whenever a Relief Master is assigned to a Staff Master position for a period of more than twenty (20) consecutive working days, and/or is required at any time by the Port Captain's Office to perform the Staff Master duties, the Relief shall be paid Staff Master rate of pay for the time/duties performed and the pay shall not be for less than eight (8) hours.

"Bumping"

No Super Seniority

- (1) Extended Temporary – Defaults to most senior Master on vessel. If most senior Master chooses not to take it then...and so on through the other permanent Masters on the vessel then...it defaults to the extended temporary position, (who is bidding with the knowledge that they may be filling the Staff Master position.)
- (2) If person filling the "Extended Temporary" position is deemed the Staff Master, but refuses to take on the additional responsibilities – that person will be removed from the Extended Temporary assignment and returned to their permanent position – after review/resolution by the Peer Review Committee.
- (3) When a Staff Master is on approved leave, i.e. sick, vacation, comp time, then he/she shall be compensated at the Staff Master rate of pay.

Compensation

ADDENDUM E

MEMORANDUM OF UNDERSTANDING REGARDING TRAINER POSITIONS

The Washington State Department of Transportation, Ferries Division and the International Organization of Masters, Mates, & Pilots United Inland Group enter into the following Memorandum of Understanding regarding Licensed Deck Officer's (LDO's) Trainer positions.

Washington State Ferries (WSF) and the International Organization of Masters, Mates and Pilots (MM&P), recognize that LDO's have acquired and possess specialized skills that are of great value in the operations of WSF. To preserve this knowledge and these skills within WSF and also pass down educationally these attributes to WSF's maritime employees within WSF's training program is in the best interest of both parties. In recognition of this accord, both parties recognize WSF may elect to utilize LDO's in training development/delivery. The selection of LDO's shall be consistent with Rule 4 of the Collective Bargaining Agreement.

The parties mutually agree to amend the Collective Bargaining Agreement as follows:

8.05 Removal From Regular Assignment

Whenever any Deck Officer is removed from the Deck Officer's regular assignment and temporarily assigned to a vessel on a different route, or if the Employer requires any Deck Officer to use the Deck Officer's private vehicle for travel between the Deck Officer's terminal of commencement and the Deck Officer's temporarily assigned terminal of commencement, each such Deck Officer shall receive travel pay and mileage for the distance between the regular Deck Officer's regular relieving terminal or the terminal nearest the Deck Officer's home, and the temporary relieving terminal, whichever is less, in accordance with Schedule A and D.

Travel time for training purposes will be computed using Schedule A and D, and compensated from the terminal closest to the employees' home to the terminal closest to the training location. Travel time and mileage from the terminal closest to the training location to the training facility will be paid.

To ensure reliability in training programs when LDO's are utilized as Trainer's, the MM&P agrees to not make recommendations discouraging or prohibiting any LDO's who have been selected and have agreed to participate in training programs from completing those assignments. WSF agrees that personal circumstances could develop that may inhibit the ability of individual trainers from completing their training assignment and these situations will be fairly dealt with on an individual basis as they arise.

If a temporary assignment is expected to last thirty (30) days or longer, travel time and mileage will not be paid.

9.04.01 Overtime Availability Lists

Deck Officers desiring to work overtime, on their days off, shall submit a completed Overtime Availability Form, and shall be listed on one (1) list only, dependent on their current assignment. When the Employer is required to fill an assignment utilizing overtime, that position shall be filled using the Master/Mate Overtime Availability List. The Overtime Availability List provides a fair and equitable distribution of overtime among Deck Officers holding a permanent, temporary or extended temporary position. Deck Officers shall be utilized for overtime only in the routes/vessels as per their completed Overtime Availability Form. After the initial start based on seniority, then the Employer shall utilize a system that rotates a Deck Officer to the bottom of the Overtime Availability List once that Deck Officer has accepted or refused an overtime offer. The Employer shall not be precluded from using any Deck Officer in the event of an imminent service disruption. Break-in shall not be granted for purposes of expanding a Deck Officer's route/vessel availability for overtime.

LDO's who work overtime, on their days off, as part of training assignments, shall go to the bottom of the Overtime Availability List and shall be utilized for overtime in accordance with the provisions of this rule.

Mutually agreed to on this 2nd day of June, 2011.

**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE STATE OF WASHINGTON
OFFICE OF FINANCIAL MANAGEMENT/LABOR RELATIONS DIVISION
AND
WASHINGTON STATE DEPARTMENT OF TRANSPORTATION, FERRIES
DIVISION
AND
INTERNATIONAL ORGANIZATION OF MASTERS, MATES AND PILOTS**

The Office of Financial Management/Labor Relations Division (OFM/LRD), The Washington State Department of Transportation, Ferries Division (WSF) and the International Organization of Masters, Mates and Pilots (MM&P) enter into the following MOU regarding; revisions to Schedule A; Clarifications to Alternate Route Travel (ART); adopting Schedule D; and amending Rule 29.9 (C).

1. Schedule A

The parties agree to use Schedule A, dated August 30, 2013, to compute travel time and mileage when ferries are available. The August 30, 2013 Schedule A supersedes and replaces all prior versions of Schedule A.

2. Alternate Route Travel

- a. The parties agree that employees are entitled to be paid for ART in situations where the Contract requires compensation for travel, and ferry service at a particular terminal is shut down for the night or otherwise unavailable, and the employee, of necessity, must drive to another terminal for ferry service, or must drive around rather than taking a ferry, the employee should be compensated for such travel accordingly. Similarly, if an employee is required to take two ferries to reach a particular terminal because direct service is unavailable, then it is appropriate to compensate the employee for the travel time.
- b. The parties adopt and agree to use Schedule D, dated August 30, 2013, to compute travel time and mileage when direct ferry service is not available and an employee of necessity must use ART. The parties agree that Rule 7.03, as follows, delineates when direct service is unavailable:

7.03 Direct Service Unavailable

Direct service is unavailable between two terminals when no ferry service is available directly between the two, as, for example, when ferries are tied up for the night on certain runs. Direct service is also unavailable when a Deck Officer must wait more than fifty (50) minutes from the end of the Deck Officer’s scheduled watch until the next scheduled sailing on that run. When direct service is unavailable, Deck Officers entitled to travel time and mileage may use, and receive travel time and mileage per Schedule D for alternate route travel from the Deck Officer’s terminal of commencement to the Deck Officer’s home terminal. In returning to the Deck Officer’s home terminal, the Deck Officer shall exercise the Deck Officer’s best efforts to minimize the cost to the employer for travel time and mileage, consistent with the Deck Officer’s safety.

- c. The parties agree that each season the MM&P scheduling committee members and WSF management shall predetermine when and which watches shall use Schedule A, or ART based on Schedule D.
- d. The parties agree that this MOU captures the intent and Award of Arbitrator Krebs’ 2005 and 2008 decisions and is the controlling authority for ART calculation and payment.

3. Amendment to Rule 29.9 C

The parties agree that the applicable Schedule under Rule 29.9 C is hereby modified. Mileage shall be paid as per Schedule D, not Schedule A.

This MOU shall become effective on the date of the final signature of the parties and shall be incorporated into the 13-15 MM&P collective bargaining agreements for the Masters and the Mates.

ADDENDUM O—MODIFYING RULE 25 BIDS

**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE STATE OF WASHINGTON
AND
WASHINGTON STATE DEPARTMENT OF TRANSPORTATION, FERRIES
DIVISION
AND
INTERNATIONAL ORGANIZATION OF MASTERS, MATES AND PILOTS
RULE 25 –BIDS**

25.1 Applicability

This Rule shall be used for filling vacant regular and extended temporary Master positions, including bidding/bumping when positions are eliminated or positions are significantly changed.

25.2 Eligibility

To be eligible to bid for a specific job a Master must appear on the Masters' Bidding List, have all route pilotage and have all appropriate documentation, including license, endorsements and physical, on file in WSF Human Resources.

If bidding on positions with routes to Canada all reliefs must have no barrier to entry.

25.3 Seasonal Bidding

A. All bidding will be stopped approximately six (6) weeks prior to the start of a season. Once bidding has stopped, all vacancies shall be filled by dispatch until bidding resumes.

B. The following items shall be distributed to all Masters in a Bid Packet prior to Seasonal bidding:

1. A timeline indicating the dates of all bids associated with seasonal bidding;

2. A Masters Seniority List (for winter bidding only);
 3. A Masters Bidding List;
 4. New Deck and Sailing Schedules;
 5. A Route List indicating all permanent assignments; and
 6. An Optional Domino Bid Form.
- C. First, there shall be a “Phone Bump” for all Masters in positions that are being eliminated or significantly changed. Second, there will be an “Optional Domino Bid” for any vacant permanent positions as a result of the phone bump. Finally, there will be a “Temporary Domino Bid” for all known extended temporary positions.

25.4 Phone Bump

- A. Masters in regular positions that will be eliminated or significantly changed for the next season shall have the opportunity to bump, based on seniority, to a different permanent position, which may include a Mate’s position.
- B. A Permanent or Relief Master may waive a permanent Master’s position and bid on a permanent Mate’s position provided they meet all Mate qualifications. WSF shall have the right to fill all vacant Master and relief Master positions by assigning in reverse seniority order from the Masters Bidding List.
- C. Permanent and Relief Masters who do not have adequate seniority to bid on a Master’s position may bid on a Mate’s position based on the employee’s Mates seniority date.
- D. Significantly Changed Position Definition
The definition of a “significantly changed” position is:

1. A change in the vessel's relieving terminal;
 2. Any change of more than three (3) hours in a daily work schedule;
 3. When one (1) or more assigned days off are changed in the work period; and/or
 4. Any change to or from a touring watch.
- E. Master Availability for the Phone Bump
All Masters shall be available by phone on the assigned phone bump days. Even if a Master does not wish to bump to a different position, the Master may be bumped by a more senior Master.
- F. The phone bump shall begin on the first assigned day by calling the most senior Master whose position shall be eliminated or significantly changed. The Bid Administrator shall ask each Master contacted for his or her decision to bump a less senior Master from their position or not to bump.
- G. The phone bump will continue through the seniority list, in seniority order, until all Masters have been contacted who are in eliminated positions, in changed positions, and less senior Masters who have been bumped out of their positions by a more senior Master.
- H. Once a Master is called, he or she shall have a maximum of fifteen (15) minutes to make his or her decision. Extra time shall not be given to any Master except in the case of a Master going to or from work or being at work and temporarily unavailable by phone.
- I. Masters may not bump into a vacant position.
- J. "Try Out" Period for Significantly Changed Positions
 1. If a Master chooses to stay in a significantly changed position, the Master may also choose to "try out" the significantly changed position for thirty (30) days.

2. When a Master has indicated to the Bid Administrator they want to “try out” a significantly changed position, the Master has thirty (30) days after the beginning of the changed schedule to send a written request to the Bid Administrator to request another phone bump.
 3. If more than one (1) Master indicates they are trying out their changed position, WSF shall wait the entire thirty (30) day period prior to beginning another phone bump.
- K. If a Master is out of town and unavailable by phone, the Master shall send written notification to the Bid Administrator and Union with their watch choices in preference order. The written notification must be received no later than the day before the phone bump begins.
- L. If a Master is not available by phone and has not complied with Subsection K, above, the following shall apply:
1. If a Master’s position has significantly changed but the Master has not been bumped from their position by a more senior Master, the Master shall continue in their current significantly changed position.
 2. If the Master has been bumped by a more senior Master or their position has been eliminated, the employee has the right to exercise a bump into a Master or Mate position.
- M. Phone bump results shall be posted on or before the next business day after the phone bump has been completed.

25.5 Optional Domino Bid

If there is at least one (1) vacant permanent position after the phone bump is completed, there shall be a written optional domino bid. Masters have the option to bid or the option not to bid on vacant permanent position(s). Vacant Permanent

Positions will only be filled through the Optional Domino Bid process at the start of each season. Subsequent permanent positions that become vacant after the optional bid process has been completed will be filled as an extended temporary bid until the next seasonal Optional Bid.

- A. A completed bid form shall be sent to the Bid Administrator, Attn: Master Job Bid. All written bid forms shall be dated and time stamped as they are received in WSF Operations.
- B. In order for a bid form to be considered valid it:
 - 1. Must be filled out completely; and
 - 2. Must be received in WSF Operations before the closing date and time.
- C. Bids may be e-mailed to the Bid Administrator, mailed, hand-delivered or faxed. The Bid Administrator's email address is BidAdmin@wsdot.wa.gov. The FAX number is 206-389-8529.

25.6 Extended Temporary Domino Bids

- A. All known extended temporary assignments will be bid simultaneously as a domino bid.
- B. Any new extended temporary positions that come up after the bid in [Subsection 25.6](#) A, above, shall be bid as a domino bid.
- C. The process used for [Subsections 25.6](#). A and B, above, shall be the same process used for the Optional Domino Bid in [Subsections 25.5](#) A - C, above.

25.7 General Information for All Regular Bids (excluding Seasonal Bidding)

- A. Bid notices, and bid forms will be posted on the shared WSF network and available on the computer in the pilothouse of each vessel.

- B. After the bids close, a notice of the employees who have been awarded positions will be sent to the pilothouse of each vessel and will be posted to the shared WSF network and available on the computer in the pilothouse of each vessel.
- C. Each employee bidding may want to keep a copy of a completed bid form for their records.
- D. New job postings will open the last Friday of a work period and will close at 5:00 PM on the following Thursday, unless otherwise agreed.
- E. Cancellation of a bid must be done in writing and received by WSF Operations prior to the bid closing date and time.
- F. The results of bidding shall be announced via an email notice posted on the shared WSF network and available on the computer in the wheelhouse of each WSF vessel.
- G. Each employee awarded a bid to a new position shall receive written notification indicating the effective date of the new assignment, which will generally be coordinated with the next work period.
- H. The goal is to fill positions by the beginning of each season.

25.8 Bid Results Disputes

- A. Bid results will be posted on or before the next business day after the bid closes. Employees will have until 5:00 PM on the next Monday to dispute their bid. If the dispute is over the timely receipt of a bid form, the employee will need to show proof that they emailed or faxed the bid in a timely manner.
- B. The Bid Administrator will research the dispute and make any necessary corrections. Corrections will be posted via email to all affected Masters.

25.9 Unfilled Extended Temporary Positions

- A. Extended temporary positions that have not been filled by the bid process above shall be offered to the most senior Masters on the Masters bidding list.
- B. WSF Bid Administrator shall contact Masters on the Masters bidding list by telephone.
- C. In the event that no one accepts the position(s), the least senior Master(s), on the Masters bidding list will be assigned, without the right of refusal.
