85.36.10 Agency disbursement processes

July 1, 2000

Agency disbursement processes should minimize the cost of making disbursements by using the most cost effective means available. To optimize cash management, agencies should minimize early payments unless the early payments result in vendor discounts.

85.36.20 Disbursement mechanisms

July 1, 2013

Disbursement mechanisms available to state agencies include:

- **Treasury Warrants** - Refer to [Subsection 85.36.30](#).
- **Local Checks** - Refer to [Subsection 85.36.40](#).
- **Wire Transfers** - Approval by the Office of Financial Management may be required to disburse funds via this method. Refer to [Subsection 40.30.20](#).
- **Automated Clearing House (ACH)** payments are electronic fund transfers from a state bank account to a payee's account at their designated financial institution. ACH payments should be used, if possible, for payments from treasury-type accounts to local accounts.
 - **AFRS ACH** payments are electronic fund transfers that originate in the Agency Financial Reporting System (AFRS). The ACH payment information is processed nightly and communicated electronically to the Office of the State Treasurer (OST), who passes the information to the state's ACH operator. The effective date of these payments is the second working day after initial processing. Any agency entering transactions into AFRS may

State Administrative and Accounting Manual

issue ACH payments by utilizing statewide vendors. Agencies are responsible for including correct, meaningful remittance information (in the invoice number, invoice date, account number, and vendor message fields) so vendors can post payments accurately.

- **OST ACH** payments are electronic fund transfers from treasury and treasury trust accounts that originate at OST. Agencies must inform OST and send an ACH JV at least by 12:00 noon the day before the effective date of the transfer. The effective date is the day funds will be transferred between bank accounts, and must be noted on the ACH JV. In cases where an agency prepares an ACH tape (or file) for OST, the tape (file) must be available to the treasurer no later than two working days before the effective date of the transfer. The ACH JV must be to OST the day before the effective date.
- **Interagency Payments (IAP)** is the preferred method to pay other state agencies or to allocate or transfer costs between accounts, programs, etc., within an agency when both the paying and receiving accounts are either treasury or treasury trust accounts.
- **Interfund Transfers (IFT)** is the preferred method in AFRS for transferring cash between treasury and/or treasury trust accounts within the same agency. IFT transactions are used during the fiscal year to allocate or transfer costs between accounts, within an agency when both the paying and receiving accounts are either treasury or treasury trust accounts. IFT transactions are not valid in the adjustment months of 99 and 25.
- **Journal Vouchers (JV payments)** are to be used to generate ACH payments through OST to accounts outside the State Treasury. JVs are also used to transfer funds between agencies and between treasury and/or treasury trust accounts. Refer to [Section 85.90](#) Interfund/Interagency Activities
- **State Charge Card System** is negotiated by the Department of Enterprise Services (DES) under a single vendor contract. All purchase card services should be obtained through participation in the statewide contract administered by DES, unless there is specific authority which authorized an agency to independently contract for purchase card services. Agencies must comply with the State Charge Card Services contract. More information about the state charge card system and specific contract requirements is available online at: <http://des.wa.gov/services/ContractingPurchasing/Purchasing/Pages/PurchasingVisaProgram.aspx>.

Except as provided in [Subsection 40.30.40](#), charge cards (e.g. purchase cards) may not be used for purchases between state agencies.

[Subsection 10.10.45](#) describes the use of charge cards for travel related expenses. Minimum requirements for agency purchase card programs are covered in DES policy. Agencies with central travel accounts and/or One Card programs should establish appropriate policies and controls.

- **Vehicle Fleet Credit Card** is also administered by DES. More information about the vehicle fleet credit card and specific contract requirements is available online at: : <https://des.wa.gov/services/contracting-purchasing/purchasing/purchasing-card-travel-card-and-one-card>.

- **Prepaid Debit Cards** are cards for which the prefunded value is associated with a bank account, which must be accessed for payment authorization. These cards can be reloadable or disposable. Approval by the Office of Financial Management is required prior to disbursing funds via this method. Refer to Subsection [Subsection 40.30.30](#).
- **Electronic Benefit Transfer (EBT)** payments are an alternative method for making disbursements to benefit recipients. EBT is similar in nature to a debit card. The recipient's benefits are encoded on a magnetic stripe card. Approval by the Office of Financial Management is required prior to disbursing funds via this method. Refer to Subsection [Subsection 40.30.30](#).
