\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.

\* A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household". Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner". "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.
