1. Single Audit Update – Stacie Boyd

- FY24 SEFA submitted to SAO on Oct 1, 2024
- Refer to slides for summary of SEFA expenditures and major programs included in the FY24 Single Audit.

Note: Uniform Guidance Updates are effective as of October 1, 2024.

- The dollar threshold for capitalizing equipment and supplies was increased to \$10,000. The state’s capitalization threshold has been updated in SAAM to reflect this change.
- The new capital equipment threshold will be applied to all new, renewal, and supplemental awards with a start date on or after October 1, 2024. It is important to note that federally funded equipment which were budgeted at the lower capitalization threshold for awards issued before this date will remain in effect until the end of the current grant period of performance. Agencies should track activities of these awards separately until expiry of the grant awards.
