About this report

The State Human Resources Division at the Office of Financial Management produces this annual report pursuant to RCW 41.06.133(4).

This report presents information for permanent and nonpermanent employees in executive branch agencies only. It does not include data for higher education institutions or the judicial or legislative branch agencies.

We present this data on a fiscal year basis (July 1 through June 30) unless we note otherwise. This report focuses on fiscal year 2020 and compares the data to the previous fiscal year, when applicable. The source of the data is the Human Resource Management System, which is the central personnel and payroll system for state agencies. Slight head count variations may occur because HRMS data retroactive updates or other adjustments may affect the data.

Executive summary

Summary

Number of state employees

The executive branch head count increased from 65,188 to 66,999 employees in fiscal year 2020. Of that 1,811 head count increase, approximately:

- 95.31% were classified employees.
- 4.69% were at-will employees.

We included head count comparisons by agency in [Section A](#) of this report.

Performance-based incentives and recognition

The awards are reported by various authorities as listed in [Section B](#) of this report. The total number of awards for 2020 is 1,976 from 19 agencies, totaling \$167,267.51. The total amount of awards represented .003% of the state's \$6.3 billion annual payroll and benefits costs (excluding higher education institutions).

Background

[State law](#) directs OFM, in cooperation with state agencies, to annually report the following information to the governor and the Legislature:

- **Number of state employees:** This includes the number of classified employees (including Washington Management Service), the number of exempt employees and the change compared to the previous report. The remainder of the report refers to exempt employees who serve “at will,” or at the pleasure of the appointing authority. At-will employees are exempt from civil service provisions and not covered under a collective bargaining agreement or similar provision.
- **Performance-based incentives and recognition:** This is the number of bonuses and performance-based incentives that an agency awards to its employees, the base wages of those employees and the cost of each recognition or incentive.

Recognition awards under the law

Under state law, agencies may recognize employees, either individually or as a class. Each recognition award may not exceed \$200 in value. These awards are the most common type of award granted to employees for outstanding achievements, safety, recruitment referrals, performance or longevity, or for employee suggestion evaluators and implementers.

Section A: State workforce head count by agency

Types of employment

Classified employees

Classified employees follow civil service law (chapter 41.06 RCW) or similar provision. Classified employees compose the majority of the executive branch workforce and are covered predominantly by collective bargaining agreements. The law includes Washington Management Service employees in classified service. The majority of WMS employees typically manage people but they can also manage a program without managing staff (RCW 41.06.022).

At-will employees

At-will employees are exempt from civil service provisions and serve at the pleasure of the appointing authority. They are not covered under a collective bargaining agreement or similar provision. At-will employees compose 5.6% of the workforce and include non-manager and manager positions. Examples of non-manager at-will employees are assistant attorneys general, seasonal workers and executive support staff. Examples of at-will managers include elected and appointed officials and agency senior managers.

Overview

	Classified workforce			At-will workforce			Total classified and at-will
	Classified employees*	Classified WMS	Total classified	At-will non-mgrs.	At-will mgrs.	Total at-will	
2019	56,847	4,678	61,525	2,677	986	3,663	65,188
2020	58,629	4,622	63,251	2,764	984	3,748	66,999

** Non-classified employees who are exempt from civil service law but still covered under a bargaining agreement or regulation are included in the classified employee counts (approximately 2,884 in fiscal year 2020). These are mainly the Department of Transportation's ferry workers and the Washington State Patrol's commissioned officers and troopers.*

The executive branch workforce increased by 2.8% from the previous fiscal year. At the end of fiscal year 2020, the workforce was:

- 87.5% classified
- 5.6% at-will
- 6.9% classified WMS employees

Employees identified as “manager” by the employing agency represent 7.3% of the executive branch workforce. This includes at-will employees, elected officials, agency directors, classified Washington General Service, or WGS managers and classified WMS managers. The following pages of Section A contain data on the state workforce head count by agency.

Section B: Performance-based incentives and recognition

There is no clear, legal definition of “performance-based incentives” or “bonuses.” For this report, these incentives include cash awards or lump-sum payments that appointing authorities can grant to employees to recognize special job performance, outstanding achievements or special accomplishments. Such payments do not become a permanent addition to base pay.

Legislation enacted in 2009 (Engrossed Substitute House Bill 2049) brought us to where we are now. The law prohibited wage or salary increases for all exempt and WMS employees for one year. Substitute Senate Bill 6382 from 2010 continued this practice. Another law (SHB 2998) placed moratoriums on most types of monetary recognitions from February 15, 2010, and June 30, 2011, which extended through June 30, 2013 (ESSB 5860, RCW 41.06.070). The moratorium continued through June 2016, when OFM discontinued performance pay. We repealed performance recognition pay rules in August 2017:

- **WAC 357-28-295 and WAC 357-28-300:** Who may provide performance recognition pay to employees?
- **WAC 357-28-300:** Is there a limit to the amount an employee can receive for performance recognition pay?
- **WAC 357-58-135:** Who can provide a lump sum performance recognition payment to employees?
- **WAC 357-58-140:** Is there a limit to the amount an employee can receive for performance recognition pay?

Performance-based incentives and recognition awards trends for the past 10 years are as follows:

Fiscal year	Total awards	Total cost
2009	9,323	\$1,900,000
2010	1,096	\$205,436
2011	260	\$141,837

2015	276	\$56,607
