Class Specification

GLAZIER LEAD

613F

Abolished: Adopted 08/13/2009, Effective 08/14/2009

Definition:

Lead and work with glaziers using journey-level skills in working with glass.

Distinguishing Characteristics:

Positions in this class are distinguished by the responsibility to lead journey glaziers, to assign work at a project or job location, to instruct other assigned workers, to correct procedures and specify methods, and to perform skilled work in the glazier trade.

Typical Work:

Perform all duties of a glazier;

Lead assigned personnel in the performance of work;

Assure adherence to safety rules and precautions by assigned personnel;

As required, develop preliminary cost estimates for installation, construction, and repairs;

As required, develop methods and procedures to be followed by assigned personnel;

May perform work in other trades;

Perform related duties as required.

Legal Requirement(s):

There may be instances where individual positions must have additional licenses or certification. It is the employer's responsibility to ensure the appropriate licenses/certifications are obtained for each position.

Desirable Qualifications:

One-year, full-time experience as a journey glazier or equivalent trade skill. Possession of a valid motor vehicle operator's license may be required.

Equivalent education/experience will substitute for all minimum qualifications except when there are legal requirements, such as a license/certification/registration.

Class Specification History:

New Class: 1-3-73

Revise MQ: 7-2-90

New class code, formerly 5356, effective July 1, 2007.
