3 **Sec. 1004.** 2025 c 414 s 1013 (uncodified) is amended to read as
4 follows:

5 **FOR THE DEPARTMENT OF COMMERCE**

6 2025-27 Behavioral Health Facilities (40000667)

7 The appropriation in this section is subject to the following
8 conditions and limitations:

9 (1) The appropriation in this section is provided solely for the
10 department to issue grants to community hospitals or other community
11 providers to expand and establish new and preserve existing capacity
12 for behavioral health services in communities. The department must
13 consult an advisory group consisting of representatives from the
14 department of social and health services, the health care authority,
15 one representative from a managed care organization, one
16 representative from an accountable care organization, and one
17 representative from the association of county human services. The
18 amounts provided in this section may be used for construction and
19 equipment costs associated with establishment or preservation of the
20 facilities. The department may approve funding for the acquisition of
21 a facility if the project will result in increased behavioral health
22 capacity. Amounts provided in this section may not be used for
23 operating costs associated with the treatment of patients using these
24 services.

25 (2) The department must establish criteria for the issuance of
26 the grants, which must include:

27 (a) Evidence that the application was developed in collaboration
28 with one or more regional behavioral health entities that administer
29 the purchasing of services;

30 (b) Evidence that the applicant has assessed and would meet gaps
31 in the geographical availability and service needs of behavioral
32 health services in their region;

33 (c) Evidence that the applicant is able to meet applicable
34 licensing and certification requirements in the facility that will be
35 used to provide services;

36 (d) A commitment by applicants to serve persons who are publicly
37 funded and persons detained for involuntary commitment, as applicable
38 by facility type, under chapter 71.05 RCW;

1 (e) A commitment by the applicant to maintain and operate the
2 beds or facility for a time period commensurate to the state
3 investment, but for at least a 10-year period;

4 (f) The date upon which structural modifications or construction
5 would begin and the anticipated date of completion of the project;

6 (g) A detailed estimate of the costs associated with opening the
7 beds;

8 (h) A financial plan demonstrating the applicant's ability to
9 maintain and operate the facility; and

10 (i) The applicant's commitment to work with local courts and
11 prosecutors as applicable to ensure that prosecutors and courts in
12 the area served by the hospital or facility will be available to
13 conduct involuntary commitment hearings and proceedings under chapter
14 71.05 RCW.

15 (3) In awarding funding for projects in subsection (5) of this
16 section, the department, in consultation with the advisory group
17 established in subsection (1) of this section, must strive for
18 geographic distribution and to allocate funding based on population
19 and service needs of an area. The department must consider current
20 services available, anticipated services available based on projects
21 underway, and the service delivery needs of an area.

22 (4) The department must prioritize projects that increase
23 capacity in unserved and underserved areas of the state.

24 (5) (~~(\$70,000,000)~~) \$66,700,000 of the state building
25 construction account—state appropriation in this section is provided
26 solely for competitive community behavioral health grants to address
27 regional needs and noncompetitive closure prevention grants. Closure
28 prevention grants must be awarded on a first-come, first-served
29 basis. For competitive regional needs grants, priority must be given
30 to: Youth and adult bed capacity with consideration given to gaps
31 identified in the 2024 behavioral health capital grant facility
32 funding report; and facilities that serve specialized populations,
33 including, but not limited to, services for individuals with
34 traumatic brain injury, dementia, and cooccurring complex needs of
35 youth. Additional categories of facilities may be funded based on
36 identified needs of a region. Eligible facilities include, but are
37 not limited to:

38 (a) Crisis relief centers and stabilization facilities that offer
39 access to mental health and substance use care for no more than 23
40 hours and 59 minutes per patient, at a time, and are not subject to

1 federal funding restrictions that apply to institutions of mental
2 diseases;

3 (b) Mental health peer respite centers that are not subject to
4 federal funding restrictions that apply to institutions of mental
5 diseases. No more than one mental health peer respite center should
6 be funded in each of the 10 regions;

7 (c) Grants to community providers to increase long-term intensive
8 inpatient psychiatric treatment services and capacity for children
9 and minor youth including, but not limited to, services for substance
10 use disorder treatment, sexual assault and traumatic stress, anxiety,
11 or depression, and interventions for children exhibiting aggressive
12 or depressive behaviors in facilities that are not subject to federal
13 funding restrictions;

14 (d) Grants to community hospitals, freestanding evaluation and
15 treatment providers, or freestanding psychiatric hospitals to develop
16 capacity for beds to serve individuals on 90-day or 180-day civil
17 commitments as an alternative to treatment in the state hospitals. In
18 awarding this funding, the department must coordinate with the
19 department of social and health services, the health care authority,
20 and the department of health and must only select facilities that
21 meet the following conditions:

22 (i) The funding must be used to increase capacity related to
23 serving individuals who will be transitioned from or diverted from
24 the state hospitals;

25 (ii) The facility is not subject to federal funding restrictions
26 that apply to institutions of mental diseases;

27 (iii) The provider has submitted a proposal for operating the
28 facility to the health care authority;

29 (iv) The provider has demonstrated to the department of health
30 and the health care authority that it is able to meet the applicable
31 licensing and certification requirements for the facility that will
32 be used to provide services; and

33 (v) The health care authority has confirmed that it intends to
34 contract with the facility for operating costs within funds provided
35 in the operating budget for these purposes;

36 (e) Enhanced adult residential care facilities for long-term
37 dementia placements discharged or diverted from the state psychiatric
38 hospitals and are not subject to federal funding restrictions that
39 apply to institutions of mental diseases;

1 (f) Facilities that provide substance use disorder intervention,
2 assessment, and treatment services with secure withdrawal management
3 and stabilization treatment beds that are not subject to federal
4 funding restrictions that apply to institutions of mental diseases;
5 and

6 (g) Facilities where behavioral health supportive services, such
7 as harm reduction and physical health services, are offered within
8 the same facility as behavioral health services and that are not
9 subject to federal funding restrictions that apply to institutions of
10 mental diseases.

11 (6) \$10,000,000 of the state building construction account—state
12 appropriation in this section is provided solely for one crisis
13 stabilization facility in the King county region consistent with the
14 settlement agreement in *A.B., by and through Trueblood, et al., v.*
15 *DSHS, et al.*, No. 15-35462, that is not subject to federal funding
16 restrictions that apply to institutions of mental disease. In
17 awarding this funding, the department must coordinate with the health
18 care authority and the King county behavioral health administrative
19 service organization and must only select a facility that has been
20 selected by King county's crisis care centers initiative as the
21 crisis care center for the south King county region.

22 (7) (~~(\$49,847,000)~~) \$53,147,000 of the appropriation in this
23 section is provided solely for the following list of projects:

24	Broadway - Compass Health.	\$5,050,000
25	Cascade Community Health.	\$541,000
26	<u>Compass Health: Friday Harbor Facility.</u>	<u>\$1,800,000</u>
27	<u>Frontier Behavioral Health: Wellbeing Clinic.</u>	<u>\$1,500,000</u>
28	Healing Lodge of the Seven Nations.	\$5,050,000
29	ICHS Ron Chew Center.	\$3,050,000
30	Ituha Stabilization Facility.	\$927,000
31	Poulsbo SUD Clinic.	\$18,480,000
32	Skagit County Crisis Stabilization.	\$549,000
33	Sound Crisis Stabilization Facility.	\$3,050,000
34	Spokane Stabilization Center.	\$3,050,000
35	Trouves Health Care Behavioral Health Facility.	\$5,050,000
36	Yakama Detox Center.	\$5,050,000

37 (9) During the 2025-2027 fiscal biennium, where the department
38 has awarded a grant for the operation of a crisis diversion or
39 stabilization facility located in Pierce county that is not subject

1 to federal funding restrictions that apply to institutions of mental
2 diseases, the department may amend the contract associated with the
3 grant in order to authorize the facility to be used for any community
4 development block grant national objective.

5 (10) The department shall notify all applicants that they may be
6 required to have a construction review performed by the department of
7 health.

8 (11) To accommodate the emergent need for behavioral health
9 services, the department and the department of health, in
10 collaboration with the health care authority and the department of
11 social and health services, must establish a concurrent and expedited
12 process to assist grant applicants in meeting any applicable
13 regulatory requirements necessary to operate inpatient psychiatric
14 beds, freestanding evaluation and treatment facilities, enhanced
15 services facilities, triage facilities, crisis stabilization
16 facilities, or secure detoxification/secure withdrawal management and
17 stabilization facilities.

18 (12) In contracts for grants authorized under this section, the
19 department must include provisions that require that the grantee or
20 successor hold the capital improvements for at least a 10-year
21 period. The provisions must require the facility to be used for
22 behavioral health services, but may allow the facility to change
23 ownership or facility type during the commitment period. The
24 department shall monitor the activities of recipients of grants under
25 this program to determine compliance with the terms and conditions
26 set forth in its contract.

27 (13) The department must provide a progress report to the
28 appropriate committees of the legislature by November 1, 2026. The
29 report must include:

30 (a) The total number of applications and amount of funding
31 requested;

32 (b) A list and description of the projects approved for funding
33 including state funding, total project cost, services anticipated to
34 be provided, bed capacity, and anticipated completion date;

35 (c) A statewide map of new capacity since 2018, including
36 projected bed capacity and opening dates;

37 (d) A status report of projects that received funding in prior
38 funding rounds, including details about the project completion and
39 the date the facility began providing services; and

1 (e) Recommendations for statutory language that would codify the
2 grant program on an ongoing basis including:

- 3 (i) Evaluation and prioritization criteria;
- 4 (ii) Monitoring and compliance requirements;
- 5 (iii) Preconstruction and technical assistance services; and
- 6 (iv) Data needed to determine the service needs by area of the
7 state.

8 (14) The department must coordinate with the health care
9 authority and department of health to submit capital budget requests
10 to fund behavioral health community capacity grants for the 2027-2029
11 biennial budget by the due date established by the office of
12 financial management. Associated state budget operating costs must
13 also be identified and requested.

14 (15) The appropriation in this section is subject to the
15 provisions of section 8018 of this act.

16 Appropriation:

17	State Building Construction Account—State.	\$129,847,000
18	Prior Biennia (Expenditures).	\$0
19	Future Biennia (Projected Costs).	\$519,388,000
20	TOTAL.	\$649,235,000

21 **Sec. 1005.** 2025 c 414 s 1020 (uncodified) is amended to read as
22 follows:

23 **FOR THE DEPARTMENT OF COMMERCE**

24 2025-27 Connecting Housing to Infrastructure Program (40000675)

25 The appropriation in this section is subject to the following
26 conditions and limitations:

27 (1) (a) The appropriation in this section is provided solely for
28 grants or deferred loans to local governments and public utility
29 districts to defray the cost of waiving a portion of or all of the
30 fees normally applied to developers for utility connection charges
31 and related street improvements related to new affordable housing
32 projects for low- and moderate-income households.

33 (b) Where applicable, the utility extension and related street
34 improvements must be consistent with the approved comprehensive plans
35 under the growth management act and must be within the established
36 boundaries of the urban growth area as set forth in the approved
37 comprehensive plans. Street improvements are eligible if the
38 improvements are related directly to the utility extension or

1 connection and are adjacent to the new housing units being
2 constructed.

3 (c) Projects must be located within a jurisdiction that imposes a
4 sales and use tax under RCW 82.14.530(1)(a)(ii) or (b)(i)(B),
5 82.14.540, or 84.52.105.

6 (2)(a) \$30,000,000 of the state building construction account—
7 state appropriation is provided solely for grants or deferred loans
8 for system development charges, utility improvements, and street
9 improvements associated with utility infrastructure for affordable
10 housing projects serving low-income households located within a city
11 or county with a population of 150,000 or fewer persons.

12 (b) \$5,000,000 of the state building construction account—state
13 appropriation in this section is provided for the department for
14 pilot grants for system development charges, utility improvements,
15 and street improvements associated with utility infrastructure for
16 affordable housing projects serving moderate-income households. The
17 pilot program must be offered in three counties located in the north
18 central region of the state. The counties must share borders with one
19 another, be located east of the crest of the Cascade mountains, and
20 each have a population of 85,000 persons or fewer. By June 1, 2027,
21 the department must submit a report to the office of financial
22 management and to the appropriate committees of the legislature that:

23 (i) Summarizes the results of the pilot program, including an
24 analysis of the need for infrastructure assistance for local
25 governments to support the development of housing affordable to
26 moderate-income households, and the benefits to communities that may
27 result from increasing economic diversity in housing that is made
28 more affordable through infrastructure subsidies;

29 (ii) Describes the number and total dollar amount of application
30 requests and funding awards; and

31 (iii) Makes recommendations regarding continuation or expansion
32 of the pilot program and recommended future funding levels.

33 (3) To be eligible for funding under this section, an applicant
34 must demonstrate, at minimum:

35 (a) That affordable housing development will begin construction
36 within 24 months of the grant or loan award; and

37 (b) A strong probability of serving the original target group or
38 income level for a period of at least 25 years.

39 (4) For purposes of this section, the following definitions
40 apply.

1 (a) "Affordable housing" means residential housing that requires
2 payment of monthly housing costs, including utilities other than
3 telephone, of no more than 30 percent of the household's income.

4 (b) "Low-income household" has the same meaning as in RCW
5 43.185A.010.

6 (c) "Moderate-income household" means: For purposes of the pilot
7 program authorized in this section, a single person, family, or
8 unrelated persons living together whose adjusted income is above 80
9 percent of the median household income adjusted for family size, for
10 the county where the affordable housing project is located, but less
11 than the state median income, as reported by the United States
12 department of housing and urban development.

13 (d) "System development charges" means charges for new utility
14 improvements.

15 (e) "Utility improvements" means drinking water, wastewater, or
16 stormwater utility improvements.

17 (5) \$10,000,000 of the appropriation in this section is provided
18 solely for the Fort Lawton redevelopment project. The funding
19 provided in this subsection is not subject to the provisions of
20 subsection (3) of this section. The legislature intends to provide
21 funds in the amount of \$10,000,000 in the 2027-2029 fiscal biennium
22 to the Fort Lawton redevelopment project.

23 (6) The appropriation in this section is subject to the
24 provisions of section 8018 of this act.

25 Appropriation:

26	State Building Construction Account—State.	\$100,000,000
27	Prior Biennia (Expenditures).	\$0
28	Future Biennia (Projected Costs).	\$400,000,000
29	TOTAL.	\$500,000,000

30 **Sec. 1006.** 2025 c 414 s 1021 (uncodified) is amended to read as
31 follows:

32 **FOR THE DEPARTMENT OF COMMERCE**

33 2025-27 Housing Trust Fund (40000677)

34 The appropriations in this section are subject to the following
35 conditions and limitations:

36 (1) (~~(\$133,000,000)~~) \$216,770,000 of the state building
37 construction account—state and (~~(\$402,000,000)~~) \$530,730,000 of the

1 state taxable building construction account—state appropriations are
2 provided solely for the new construction, acquisition, or acquisition
3 and rehabilitation of affordable housing projects that serve and
4 benefit low-income and special needs populations including, but not
5 limited to, people with chronic mental illness or behavioral health
6 conditions, farmworkers, people who are homeless, and people in need
7 of permanent supportive housing. The department shall strive to
8 invest at least 20 percent of the appropriation provided under this
9 section with by and for organizations, as defined by the office of
10 equity. Of the amounts provided in this subsection (1):

11 (a) (~~(\$53,000,000)~~) \$55,070,000 of the state building
12 construction account—state and (~~(\$162,000,000)~~) \$229,430,000 of the
13 state taxable building construction account—state appropriations are
14 provided solely for multifamily rental housing projects. For each
15 affordable housing development project, the department may finance up
16 to a total of \$10,000,000 in construction awards, including prior
17 biennia awards.

18 (b) \$50,000,000 of the state taxable building construction
19 account—state appropriation is provided solely for affordable housing
20 projects that serve and benefit low-income people with developmental
21 or intellectual disabilities. The department must use a separate
22 application form and evaluation criteria for applications under this
23 subsection. The department must coordinate with the department of
24 social and health services regarding any needed supportive services
25 and make efforts to enact the recommendations of the housing needs
26 study for individuals with intellectual and developmental
27 disabilities, as provided in section 1068(6), chapter 332, Laws of
28 2021. The department must consider prioritizing funding under this
29 subsection for housing that serves individuals who are exiting
30 residential habilitation centers or facilities.

31 (c) \$100,000,000 of the state taxable building construction
32 account—state appropriation is provided (~~(solely)~~) for permanent
33 supportive housing projects in accordance with the apple health and
34 homes rapid permanent supportive housing program created in RCW
35 43.330.187. Of the amounts provided in this subsection (1)(c),
36 \$4,250,000 is provided solely for the Maple Court Permanent
37 Supportive Housing project.

38 (d) (~~(\$30,000,000)~~) \$61,700,000 of the state building
39 construction account—state appropriation and (~~(\$45,000,000)~~)

1 \$86,300,000 of the state taxable building construction account—state
2 appropriation in this section are provided solely for the development
3 of homeownership projects affordable to first-time low-income
4 households. Projects serving homebuyers whose income is up to 80
5 percent of the area median income, adjusted for household size for
6 the county where the property is located are eligible to apply,
7 except that projects located in rural areas of the state, as defined
8 by the department, serving homebuyers whose income is up to 100
9 percent of the area median income, adjusted for household size for
10 the county where the property is located are eligible to apply.
11 Eligible activities include, but are not limited to, down payment
12 assistance, closing costs, acquisition, rehabilitation costs, and new
13 construction. The department shall strive to invest at least 20
14 percent of these funds with by and for organizations, as defined by
15 the office of equity, and make efforts to enact the recommendations
16 of the homeownership disparities work group created in section
17 128(100), chapter 297, Laws of 2022.

18 Of the amounts provided in this subsection (1)(d), \$2,500,000 of
19 the state building construction account—state appropriation is
20 provided solely for the Orchard Gardens project, and \$8,000,000 of
21 the state taxable building construction account—state appropriation
22 is provided solely for the Kulshan Community Land Trust: Thornton
23 Village Ferndale project.

24 (e) ~~((i)(A) — \$17,500,000))~~ \$30,000,000 of the state taxable
25 building construction account—state appropriation is provided solely
26 ~~((for the northwest cooperative development center to provide~~
27 ~~subgrants))~~ to provide grants for the acquisition and preservation of
28 mobile or manufactured home communities where at least 50 percent of
29 the preserved homes are and will remain occupied by low-income
30 households. Funding provided under this subsection (1)(e) ~~((i))~~ may
31 be used for the purpose of avoiding household displacement due to
32 sale or other transactions and ensuring preservation of housing
33 affordability for low-income households for a minimum of 40 years and
34 may be awarded only to eligible organizations as defined in RCW
35 59.20.030.

36 ~~((B))~~ Of the amounts provided in this subsection (e),
37 \$17,500,000 of the state taxable building construction account—state
38 appropriation is provided solely for the northwest cooperative
39 development center to provide subgrants for the purposes of this

1 subsection, and \$2,500,000 of the state taxable building construction
2 account—state appropriation is provided solely for the Bayside
3 Housing project.

4 ~~((ii) \$10,000,000))~~ (f) \$20,000,000 of the state taxable
5 building construction account—state appropriation is provided solely
6 ~~((for the northwest cooperative development center to provide~~
7 ~~subgrants))~~ to provide grants to organizations that are mobile home
8 park cooperatives or manufactured housing cooperatives, as those
9 terms are defined in RCW 59.20.030, for critical improvements,
10 repairs, and infrastructure upgrades to promote the preservation of
11 mobile or manufactured home communities as affordable housing. The
12 grantee must award subgrants based on needs relating to health,
13 safety, and cost for resident-owned manufactured housing community
14 cooperatives in Washington.

15 Of the amounts provided in this subsection (f), \$10,000,000 of
16 the state taxable building construction account—state appropriation
17 is provided solely for the northwest cooperative development center
18 to provide subgrants for the purposes of this subsection.

19 ~~((f))~~ (g) \$10,000,000 of the state taxable building
20 construction account—state appropriation is provided solely for
21 eligible organizations under RCW 43.185A.040 to acquire, acquire and
22 renovate, or prepare real property for rapid conversion into
23 permanent supportive housing, transitional housing, indoor emergency
24 housing, tiny homes, or indoor emergency shelters, with a primary
25 focus on serving people with extremely low-incomes who are
26 experiencing sheltered and unsheltered homelessness, including
27 families with children, unaccompanied youth and young people, older
28 adults, and people with disabilities. Acquisitions completed with
29 temporary financing are eligible for funding provided in this
30 section. The department may approve funding only for projects that
31 result in increased shelter or housing capacity for extremely low-
32 income people and households. In awarding funding pursuant to this
33 subsection (1) ~~((f))~~ (g), the department shall prioritize the
34 acquisition of multifamily housing units and housing projects that
35 rapidly move people experiencing sheltered or unsheltered
36 homelessness into housing, including, but not limited to, individuals
37 living in unsanctioned encampments, the public rights-of-way, or
38 other public spaces. Amounts provided in this subsection (1) ~~((f))~~

1 (g) may not be used for operating or maintenance costs, supportive
2 services, or debt service.

3 ~~((g) \$50,000,000)~~ (h) \$100,000,000 of the state building
4 construction account—state appropriation is provided solely for
5 affordable housing preservation projects, which may include, but are
6 not limited to:

7 (i) Projects preserving and extending the affordability
8 commitment period for projects in the housing trust fund portfolio.
9 The funds may be provided for major building improvements,
10 preservation, and system replacements, necessary for the existing
11 housing trust fund portfolio to maintain its long-term viability. The
12 department must require a capital needs assessment be provided before
13 contract execution. Funds may not be used to add or expand the
14 capacity of the property. When allocating funds, the department must
15 prioritize buildings that are older than 15 years and that serve very
16 low-income and extremely low-income populations.

17 (ii) Projects preserving affordable multifamily housing at risk
18 of losing its affordability due to expiration of use restrictions
19 that otherwise require affordability including, but not limited to,
20 United States department of agriculture funded multifamily housing.
21 The department must prioritize projects that satisfy the goal of
22 long-term preservation of Washington's affordable multifamily housing
23 stock, particularly in rural areas of the state. Funds may be used
24 for acquisition or for acquisition and rehabilitation of properties
25 to preserve the affordable housing units beyond their existing use
26 restrictions and place them in Washington's housing trust fund
27 portfolio for a minimum of 40 years. If a capital needs assessment is
28 required, the department must work with the applicant to ensure that
29 this does not create an unnecessary impediment to rapidly accessing
30 these funds.

31 (iii) Projects rehabilitating affordable multifamily housing
32 impacted by the weather event described in the governor's emergency
33 proclamation 25-07.

34 (iv) The funding provided under this subsection ~~((g))~~ (h) is
35 not subject to the 60-day application period in RCW 43.185A.150.

36 ~~((h))~~ (i) \$5,000,000 of the state taxable building construction
37 account—state appropriation in this section is provided solely for
38 facilities housing low-income migrant, seasonal, or temporary
39 farmworkers. The department shall prioritize funding of projects to
40 areas of highest need. Funding may also be provided, to the extent

1 qualified projects are submitted, for projects that address health
2 and safety.

3 ((~~(i)~~)) (j) The department shall strive to invest at least 10
4 percent of the appropriations provided under (a) and (d) of this
5 subsection (1) for either affordable multifamily rental housing or
6 homeownership projects, or both, benefiting low-income households in
7 federally recognized Indian tribes in the state of Washington. The
8 department must conduct a separate application process and use
9 separate evaluation criteria to solicit tribal housing projects and
10 prioritize projects to tribal communities of highest need.

11 (2) (~~(\$3,000,000)~~) \$4,500,000 of the state building construction
12 account—state appropriation is provided solely for the department to
13 provide preconstruction and technical assistance awards in accordance
14 with RCW 43.185A.170. By January 1, 2027, the department must provide
15 the governor and the appropriate committees of the legislature with a
16 progress report for entities receiving awards made under this
17 subsection (2). The progress report must list which entities applied
18 for, and were successful in securing, additional financing for the
19 construction or preservation of affordable housing.

20 (3) \$5,000,000 of the state building construction account—state
21 appropriation in this section is provided solely for affordable
22 housing urgent repair grants to be provided on an ongoing basis.
23 Funding is not subject to the 60-day notification requirement in RCW
24 43.185A.150. The funding may be provided to address nonrecurring
25 repair projects including repair of units or buildings, abatement of
26 potentially hazardous materials, and safety-related structural
27 improvements of affordable housing. Each repair grant award may not
28 exceed \$200,000 per award. However, the department may not limit the
29 number of awards or amount received per organization.

30 (a) For purposes of this subsection (3), "affordable housing"
31 means:

32 (i) Permanent supportive housing as defined in RCW 36.70A.030;
33 and

34 (ii) Multifamily affordable housing projects in the housing trust
35 fund portfolio.

36 (b) If the department receives application requests that exceed
37 the appropriation level in this subsection (3), the department must
38 prioritize projects under (a) (i) of this subsection (3).

(4) (~~(\$57,738,000)~~) \$66,988,000 of the state taxable building construction account—state appropriation is provided for the following list of projects:

315 W 9th Seniors.	\$1,500,000
35th and Pacific Family Housing.	\$2,050,000
<u>African Diaspora Cultural Anchor Village.</u>	<u>\$7,000,000</u>

YWCA North Central Washington.	\$5,000,000

(5) \$4,500,000 of the state building construction account—state appropriation is provided solely for Mary's Place Emergency Family Shelter.

(6) The department must strive to allocate all of the amounts appropriated in subsections (1) through (3) of this section within the 2025-2027 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

13 follows:

14 **FOR THE DEPARTMENT OF COMMERCE**

15 2025-27 Clean Energy Fund Program (40000679)

16 The appropriation in this section is subject to the following
17 conditions and limitations:

18 (1) \$26,000,000 of the state building construction account—state
19 appropriation in this section is provided solely for competitive
20 grants to eligible entities for predevelopment, design, and
21 construction of projects that provide a public benefit through
22 research, development, demonstration, or deployment of clean energy
23 technologies that save energy and reduce energy costs, reduce harmful
24 air emissions, or increase energy independence for the state.
25 Priority must be given to projects that benefit vulnerable
26 populations and overburdened communities, including tribes.

27 (2) Entities eligible for grant funding under this section
28 include local governments, federally recognized tribal governments
29 and tribes' contracted service providers, public and private
30 utilities that serve retail customers in the state, for-profit
31 entities, research institutions, nonprofit organizations, and state
32 agencies.

33 (3) To be eligible, a project must be consistent with the state
34 energy strategy adopted under chapter 43.21F RCW and policies under
35 chapter 19.405 RCW. To the extent practicable, the department must
36 prioritize projects that build upon Washington's strengths in
37 aerospace, maritime, information and communications technology, grid

1 modernization, advanced materials, and decarbonizing the built
2 environment.

3 (4) The department must invite stakeholders to participate in the
4 design and implementation of grant programs funded under this
5 section. The department must consider equity and environmental
6 justice when developing the program structure and opportunities for
7 applicant participation.

8 (5) When soliciting and evaluating proposals, awarding contracts,
9 and monitoring projects under this section, the department must:

10 (a) Ensure that competitive processes, rather than sole source
11 contracting processes, are used to select all projects;

12 (b) Ensure that a public benefit results from the use of public
13 funds through due diligence and monitoring of contracted projects,
14 including ensuring compliance with all applicable laws related to the
15 project selection process, project monitoring, and contracting; and

16 (c) Prioritize projects for funding that leverage the greatest
17 amount of matching funds, such as local levy funding.

18 (6) (a) The department must require project applicants to:

19 (i) Disclose all sources of public funding invested in a project;
20 and

21 (ii) Identify by name any former or current state of Washington
22 employees employed by the applicant or its governing body in the 24
23 months preceding the application submittal. The identification must
24 include the person's separation date and job title or position held.
25 If the department determines that a conflict of interest or other
26 violation of chapter 42.52 RCW exists, the application must be
27 disqualified from further consideration.

28 (b) If, after a grant has been awarded, the department finds that
29 a grantee has violated chapter 42.52 RCW, either in procuring or
30 performing under the grant, the department in its sole discretion may
31 terminate the grant funding by written notice. If the grant is
32 terminated, the department must reserve its right to pursue all
33 available remedies under law to address the violation.

34 (7) The department must specify the requirements in subsections
35 (5) and (6) of this section in funding contracts entered into by the
36 department under this section.

37 (8) \$5,000,000 of the state building construction account—state
38 appropriation and \$30,000,000 of the climate commitment account—state
39 appropriation in this section ((is)) are provided solely for grants
40 to tribes for clean energy development projects. Eligible uses of

1 grant funding include planning, predesign, design, construction,
2 project predevelopment, and deployment of clean energy projects that
3 contribute to achieving the state's greenhouse gas emissions
4 reduction goals and related policies. The department must collaborate
5 with tribes in the design and development of this grant program.

6 (9) \$4,000,000 of the climate commitment account—state
7 appropriation in this section is provided solely for the Pacific
8 Northwest national laboratory test bed. The appropriation in this
9 subsection is contingent upon the receipt of federal funding in
10 sufficient amounts to complete the project.

11 (10) The state building construction account—state appropriation
12 in this section is subject to the provisions of section 8018 of this
13 act.

5 (uncodified) to read as follows:

6 **FOR THE DEPARTMENT OF COMMERCE**

7 Housing Accelerator Framework (40001944)

8 The appropriation in this section is subject to the following
9 conditions and limitations:

10 (1) The appropriation in this section is provided solely for the
11 department to develop a housing accelerator framework with the goals
12 of eliminating barriers to building housing, reducing the cost of
13 housing production for developers and consumers, accelerating housing
14 development milestone timelines, and increasing the production of
15 housing units statewide, that are attainable and sustainable.

16 (2) The department shall collaborate with state agencies,
17 including but not limited to, the department of revenue, the
18 department of labor and industries, the department of ecology, the
19 Washington state building code council, local governments, and
20 appropriate interest groups in implementing this section.

21 (3) In undertaking the development of the framework, existing
22 studies and reports, including from Executive Order 25-02, and
23 information provided by state agencies and interest groups in
24 subsection (2) in this section must be utilized. The department may
25 use this appropriation to enter a contract with a third-party expert.

26 (4) The housing accelerator framework may include, but is not
27 limited to, consideration and evaluation of:

28 (a) Opportunities to simplify grant application processes among
29 funders.

30 (b) State housing program process, policy and regulation reforms,
31 including, but not limited to:

- 32 (i) Maximum awards;
- 33 (ii) Zoning;
- 34 (iii) Permitting and construction regulations;
- 35 (iv) Performance building and energy code pathways;
- 36 (v) Stormwater regulations and flexibility;
- 37 (vi) Public works contracting and labor and wage requirements;
- 38 (vii) Project affordability and tax incentives;

1 (viii) Regulatory exemptions; and
2 (ix) Existing and new revenue potentials to fund new housing
3 developments.

4 (c) Measures of success and timeline in order to meet the goals
5 and objectives of this section.

6 (5) By October 1, 2026, the department must submit the framework
7 to the governor and appropriate committees of the legislature,
8 including recommendations that give the best result to implement a
9 housing accelerator program.

28 (uncodified) to read as follows:

29 **FOR THE DEPARTMENT OF COMMERCE**

30 Washington State Green Bank (40001946)

31 The appropriation in this section is subject to the following
32 conditions and limitations:

33 (1) \$11,500,000 of the appropriation in this section is provided
34 solely to the department of commerce for a grant to the Washington
35 state green bank to provide agreements for residential credit
36 enhancements and commercial clean energy financing for projects that

1 address one or more purposes in subsection (2) of this section. In
2 contracts for grants to the Washington state green bank authorized
3 under this section, the department must include provisions that
4 require the Washington state green bank to remain an independent,
5 nonprofit corporation recognized as exempt from federal income
6 taxation for the public benefit during the term of the grant.

7 (a) \$3,000,000 of the appropriation in this subsection (1) is
8 provided solely for the Washington state green bank for agreements to
9 support a residential credit enhancement model that includes
10 partnerships with lenders and contractors to provide energy
11 efficiency upgrades, solar installations, electrical vehicle
12 chargers, and emergency HVAC replacements. Where possible and
13 feasible, energy efficiency upgrades should provide electric
14 equipment and infrastructure. Funding must prioritize low to
15 moderate-income families and households unable to access traditional
16 financing. Families and households above moderate income are eligible
17 but must not be prioritized.

18 (b) \$8,500,000 of the appropriation in this subsection (1) is
19 provided solely for the Washington state green bank for agreements to
20 implement the requirements of subsections (3)(a)(iii) and (iv) of
21 this section for commercial energy efficiency, including, but not
22 limited to, meeting clean buildings performance standard compliance
23 and helping small businesses and tribes in procuring clean energy and
24 pursuing fleet electrification projects.

25 (2) Projects funded by this section must meet one or more of the
26 following objectives:

27 (a) Promoting investments in qualified clean energy projects;

28 (b) Increasing significantly the pace and level of investments in
29 qualified clean energy projects at the state and local levels;

30 (c) Improving the standard of living of the residents of
31 Washington state by promoting the more efficient and lower cost
32 development of qualified clean energy projects and providing
33 financing for qualified clean energy projects that will create high-
34 paying, long-term jobs;

35 (d) Fostering the development and consistent application of
36 transparent underwriting standards, standard contractual terms, and
37 measurement and verification protocols for qualified clean energy
38 projects;

39 (e) Promoting the creation of performance data that enables
40 effective underwriting, risk management, and pro forma modeling of

1 financial performance of qualified clean energy projects to support
2 primary financing markets and to stimulate the development of
3 secondary investment markets for qualified clean energy projects; and

4 (f) Achieving a level of financing support for qualified clean
5 energy projects necessary to help abate climate change through
6 development, demonstration, and deployment of clean energy
7 technologies that save energy and reduce energy costs, reduce harmful
8 air emissions, or increase energy independence for the state.
9 Priority must be given to projects that benefit vulnerable
10 populations, including tribes and communities with high environmental
11 or energy burdens, and complement and supplement other clean energy
12 and energy efficiency programs and initiatives in this state;

13 (3)(a) In grants to the Washington state green bank authorized
14 under this section, the department must include provisions that
15 require the Washington state green bank to establish guidelines,
16 screening processes, and evaluation and selection criteria to be used
17 by lenders operating under the credit enhancement model. For all
18 other applicants and project types, the Washington state green bank
19 shall directly offer financial products and structures, including
20 soliciting and evaluating project proposals and monitoring projects
21 under this section. For grants authorized under this section, the
22 department of commerce must require the Washington state green bank
23 to:

24 (i) Ensure that selective processes and criteria, rather than
25 sole source contracting processes, are used to select all lender
26 partners, contractors, and projects, except as otherwise noted in
27 this section;

28 (ii) Conduct due diligence activities associated with the use of
29 public funds including, but not limited to, oversight of the project
30 selection process, project monitoring, and ensuring that all
31 applications and contracts fully comply with all applicable laws
32 including disclosure and conflict of interest statutes;

33 (iii) Develop rules, policies, and procedures that specify the
34 eligibility of borrowers and any other terms or conditions of the
35 financial support to be provided by the Washinton state green bank
36 before financing support is provided for any qualified clean energy
37 project;

38 (iv) Develop and offer a range of financing structures, forms,
39 and techniques for qualified clean energy projects, including, but

1 not limited to, loans, credit enhancements, guarantees, warehousing,
2 securitization, and other financial products and structures;

3 (v) Leverage private investment in qualified clean energy
4 projects through financing mechanisms that support, enhance, and
5 complement private investment;

6 (vi) Ensure that financing entities providing funds under this
7 section provide funding in a reasonable and transparent manner that
8 is in the financial interest of the borrowers and is consistent with
9 state consumer protection standards; and

10 (vii) Assess reasonable fees for the financing support and risk
11 management activities provided by the Washington state green bank.

12 (b) After the original amount of all funds appropriated under
13 subsection (1) of this section have been lent out by the Washington
14 state green bank, the funds revolved are not subject to Executive
15 Order 21-02 or prevailing wage requirements;

16 (4) (a) Consistent with chapter 42.52 RCW, the ethics in public
17 service act, a project applicant must identify in application
18 materials any state of Washington employees or former state employees
19 employed by the firm or on the firm's governing board during the past
20 24 months. Application materials must identify the individual by
21 name, the agency previously or currently employing the individual,
22 job title, or position held, and separation date. If it is determined
23 by the department of commerce or the Washington state green bank that
24 there is a conflict of interest or situation that is likely to
25 constitute a violation of the chapter 42.52 RCW, the applicant may be
26 disqualified from further consideration for award of funding.

27 (b) If the department of commerce or the Washington state green
28 bank finds, after due notice and examination, that there is a
29 conflict of interest or a situation that is likely to constitute a
30 violation of chapter 42.52 RCW, or any similar statute, involving a
31 recipient of funding under this section, the department of commerce
32 or the Washington state green bank may terminate the funding
33 agreement in its sole discretion by written notice with a reservation
34 of rights to pursue all available remedies under law to address the
35 violation.

36 (5) Requirements in subsection (4) of this section must be
37 specified in funding agreements issued by the department of commerce
38 and the Washington state green bank.

39 (6) \$1,000,000 of the appropriation in this section is provided
40 solely for a grant to the Washington state green bank for program

1 administration costs. In the grant authorized under this subsection,
2 the department of commerce must include provisions that require the
3 Washington state green bank to:

4 (a) Collect and make available to the public in a centralized
5 database on an internet website maintained by the Washington state
6 green bank information regarding rates, terms, and conditions of all
7 financing support transactions, unless the disclosure of such
8 information includes a trade secret, confidential commercial
9 information, or confidential financial information;

10 (b) Work with market and program participants to provide
11 information regarding best practices for overseeing qualified clean
12 energy projects and information regarding other appropriate consumer
13 protections;

14 (c) Prepare an annual report for the public on the financing
15 activities of the Washington state green bank, including other
16 sources of funding for the projects, for submittal to the governor
17 and appropriate committees of the legislature on November 1st of each
18 year, beginning fiscal year 2027; and

19 (d) Undertake such other activities as are necessary to carry out
20 the provisions of this section.

21 (7) The department may use up to three percent of amounts
22 appropriated in this section for administrative expenses.

23 Appropriation:

24	Climate Commitment Account—State.	\$12,500,000
25	Prior Biennia (Expenditures).	\$0

28 NEW SECTION. **Sec. 1012.** A new section is added to 2025 c 414
29 (uncodified) to read as follows:

30 **FOR THE DEPARTMENT OF COMMERCE**

31 2027 Local and Community Projects (40001947)

32 The appropriation in this section is subject to the following
33 conditions and limitations:

34 (1) The department may not expend the appropriation in this
35 section unless and until the nonstate share of project costs have
36 been either expended or firmly committed, or both, in an amount
37 sufficient to complete the project or a distinct phase of the project
38 that is useable to the public for the purpose intended by the

1 legislature. This requirement does not apply to projects where a
2 share of the appropriation is for design costs only.

3 (2) Before receiving funds, project recipients must demonstrate
4 that the project site is under control for a minimum of 10 years,
5 either through ownership or a long-term lease. This requirement does
6 not apply to appropriations for preconstruction activities or
7 appropriations in which the sole purpose is to purchase real property
8 that does not include a construction or renovation component.

9 (3) Projects funded in this section may be required to comply
10 with Washington's high performance building standards under chapter
11 39.35D RCW.

12 (4) Project funds are available on a reimbursement basis only and
13 may not be advanced under any circumstances.

14 (5) In contracts for grants authorized under this section, the
15 department shall include provisions that require that capital
16 improvements be held by the grantee for a specified period of time
17 appropriate to the amount of the grant and that facilities be used
18 for the express purpose of the grant. If the grantee is found to be
19 out of compliance with provisions of the contract, the grantee shall
20 repay to the state general fund the principal amount of the grant
21 plus interest calculated at the rate of interest on state of
22 Washington general obligation bonds issued most closely to the date
23 of authorization of the grant.

24 (6) Projects funded in this section, including those that are
25 owned and operated by nonprofit organizations, are generally required
26 to pay state prevailing wages.

27 (7) The department must comply with the requirements set forth in
28 executive order 21-02 and must consult with the department of
29 archaeology and historic preservation and affected tribes on the
30 potential effects of these projects on cultural resources and
31 historic properties. Consultation with the department of archaeology
32 and historic preservation and affected tribes must be initiated
33 before project funds are made available.

34 (8) The state building construction account—state appropriation
35 in this section is provided solely for the following list of
36 projects:

37	Northeast Youth and Family Services Creativity Project.	\$175,000
38	White Salmon Valley Pool.	\$500,000
39	Port of Port Angeles Multi-User Marine

 13 (uncodified) to read as follows:

14 **FOR THE DEPARTMENT OF COMMERCE**

15 2025-27 Multifamily Bldg Efficiency Grants (40001949)

16 The appropriation in this section is subject to the following
 17 conditions and limitations:

18 (1) \$5,000,000 of the climate commitment account—state
 19 appropriation in this section is provided solely for the department
 20 to issue grants or loans to affordable multifamily projects within
 21 the housing trust fund portfolio to decarbonize and transition off
 22 the direct use of fossil fuels.

23 (2) Awards may include, but are not limited to: Conducting
 24 benchmarking, technical assistance, energy management, operations and
 25 maintenance planning, deep retrofits, energy efficiency upgrades and
 26 greenhouse gas emissions reductions, renewable energy generation,
 27 installation of high-efficiency electric appliances and equipment,
 28 including high-efficiency heat pumps, and other decarbonization
 29 investments.

30 (3) The department must award funding at a sufficient level to
 31 complete the financing package necessary for an applicant to
 32 accomplish the requested scope of work. The department must
 33 prioritize providing meaningful benefits to vulnerable populations in
 34 overburdened communities as defined in RCW 70A.02.010.

12 Campus Energy System Replacement (91000449)

13 The appropriation in this section is subject to the following
14 conditions and limitations:

15 (1) The appropriation in this section is provided solely for the
16 design of an ambient temperature loop project to replace the heating
17 and cooling system on the capitol campus.

18 (2) Upon completion of 90 percent of the project design, or as
19 soon as is feasible, the department must provide a report to the
20 house capital budget and senate ways and means committees that
21 includes:

22 (a) The estimated project timeline, including the estimated funds
23 that will be needed at each step of the project. The department must
24 consider phasing the construction of the project over three to four
25 fiscal biennia;

26 (b) If the total estimated project funds vary from the estimates
27 previously provided to the legislature, an explanation as to the
28 reason for the cost variance;

29 (c) If the design of the system varies from the system details
30 previously provided to the legislature, an explanation as to the
31 reason for the design variance; and

32 (d) Specific steps that will be incorporated in the bid process
33 to ensure the contractor awarded the project:

34 (i) Has experience with projects of this size and with this type
35 of system;

36 (ii) Has a strong relationship with installers and equipment
37 vendors; and

1 (iii) Uses equipment with adequate warranties in the event of
2 mechanical failures.

3 (3) During the course of design and construction, the department
4 must timely notify the capital budget chairs and ranking minority
5 members of any cost overruns. If the department intends to seek
6 additional funding in the next agency budget submittal, the agency
7 must submit reduced cost options together with its budget request.

20 The appropriations in this section are subject to the following
21 conditions and limitations:

22 (1) The reappropriation is subject to the provisions of section
23 1044, chapter 375, Laws of 2024, as amended by section 7033 of this
24 act.

25 (2) The department must consult with the senate facilities and
26 operations committee or its designees and the house of
27 representatives, executive rules committee or its designees at least
28 every other month.

29 (3) All appropriations must be coded and tracked as separate
30 discrete subprojects in the agency financial reporting system.

31 (4) If the department receives information, after value
32 engineering has been performed, that projected costs for any of the
33 subprojects in subsections (5) or (6) of this section will exceed the
34 amount provided in the respective subsections, including projected
35 costs in future biennia, the department must timely notify and
36 provide that information in writing to the project executive team.
37 Prior to proceeding with design or construction, the department must:

1 (a) Provide at least three options that do not include square
2 footage reduction to reduce the subproject costs to stay within the
3 amount provided for that subproject and the project schedule;

4 (b) Consult with the project executive team on the options
5 offered, before proceeding with a reduced cost option; and

6 (c) Receive majority consensus from the project executive team to
7 either adopt and move forward with reduced cost options that bring
8 the subproject costs within amounts appropriated or adopt a tentative
9 modified budget for the subproject. If a tentative modified budget is
10 adopted, the department must seek additional funding in the next
11 agency budget submittal.

5 Capitol Lake-Deschutes Estuary Project (92000226)

6 The appropriation in this section is subject to the following
7 conditions and limitations:

8 (1) The legislature finds that the portion of the capital campus
9 known as Capitol Lake is an important ecological and recreational
10 resource for the State of Washington that was once connected to the
11 Deschutes Estuary. Due to a lack of routine management over the last
12 25 to 50 years, the lake ecosystem is degraded, resulting in poor
13 water quality, excessive algae growth, and invasive species
14 proliferation.

15 The legislature further finds that the department of enterprise
16 services has conducted significant outreach and study by engaging
17 with the Squaxin Island Tribe, local municipal governments, the Port
18 of Olympia, and other local stakeholders towards the goal of a long-
19 term management solution that returns the lake to an estuary. The
20 legislature acknowledges these efforts and partner commitments
21 towards contributing to future maintenance and renewal but recognizes
22 that the substantial investment necessary for the estuary restoration
23 plan as currently proposed is not feasible. In an effort to both
24 address the degraded lake water quality and identify a cost-effective
25 approach to an estuary restoration that the state can responsibly
26 support, the legislature intends to transfer management of this
27 aquatic ecosystem to a state agency with natural resources expertise.
28 Addressing the water quality of the lake will not only provide
29 immediate benefit to the health of Capitol Lake and Budd Inlet, but
30 also serve as a necessary precursor to a future estuary restoration.

31 (2) (~~(\$8,000,000 of the)~~) The appropriations in this section
32 (~~(is)~~) are provided solely for the department, in consultation with
33 the department of enterprise services and office of the governor, for
34 the Deschutes estuary restoration. The department shall use past
35 reports and studies, consider existing stakeholder input, and
36 critically consider elements of the current, but incomplete,
37 department of enterprise services design. The updated design must
38 include a recommended series of projects phased over several biennia

1 with defined deliverable outcomes that move the state forward to a
 2 completed estuary. For each project phase, the plan shall identify
 3 expected timelines, estimated expenditures, and opportunities for
 4 non-state matching fund sources that contribute to the planned
 5 restoration and construction costs. The design may include only those
 6 elements associated with the construction of the estuary habitat,
 7 roadway and bridge improvements necessary to remove the existing 5th
 8 avenue bridge and associated necessary infrastructure and must
 9 minimize overall project cost. Recreational or pedestrian enhancement
 10 elements of the project must be designed as a separate bid package
 11 that could be added to the project at a future date, subject to the
 12 availability of funding appropriated for these elements.

13 ~~((6) \$750,000)~~ (3) Of the amounts provided in this section,
 14 \$1,050,000 of the state building construction account—state
 15 appropriation (~~in this section~~) is provided solely for project
 16 management costs.

17 (4) Of the amounts provided in this section, \$300,000 of the
 18 state building construction account—state appropriation is provided
 19 solely for continuing right-of-way property acquisition work.

Sec. 5001. 2025 c 414 s 5006 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2025-27 Healthy Kids-Healthy Schools (40000147)

The appropriation in this section is subject to the following conditions and limitations:

(1) (a) \$12,000,000 of the appropriation in this section is provided solely for healthy kids and healthy schools grants for projects that are consistent with the healthiest next generation priorities.

(b) The appropriation in this subsection (1) is provided solely for grant funding to school districts for the purchase of equipment or to make repairs to existing equipment that is related to improving: (i) Children's physical health, and may include, but is not limited to, fitness playground equipment, covered play areas, and physical education equipment or related structures or renovation; and (ii) children's nutrition, and may include, but is not limited to, garden related structures and greenhouses to provide students access to fresh produce, and kitchen equipment or upgrades.

(c) The office of the superintendent of public instruction shall develop criteria for grant funding under this subsection (1) that include, but are not limited to, the following requirements: (i) Districts may apply for grants, but no single district may receive more than \$200,000 of the appropriation for grants awarded under this section; (ii) any district receiving funding provided in this section must demonstrate a consistent commitment to addressing school facilities' needs; and (iii) applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program may be prioritized.

(2) (~~(\$1,000,000)~~) \$3,500,000 of the appropriation in this section is provided solely for grants to school districts, charter schools, and state-tribal education compact schools for the replacement of lead-contaminated pipes, drinking water fixtures, and the purchase of water filters, including the labor costs of remediation design, installation, and construction.

Appropriation:

(4) The superintendent of public instruction shall submit a list of small school district modernization projects, as prioritized by the advisory committee under RCW 28A.525.159, to the legislature and the governor by September 15, 2026. The list must include: (a) A description of the project; (b) the proposed state funding level, not to exceed \$6,000,000 per project, adjusted for inflation based on the office of financial management's C-100 form; (c) estimated total project costs; and (d) local funding resources.

(5) In the 2025-2027 fiscal biennium, school districts receiving a small district modernization grant under this section may not combine this grant funding either with a school construction assistance program grant or with other grants awarded under this section to fund a single project.

(6) The appropriations in this section may be awarded only to projects approved by the legislature, as identified in LEAP Capital Document No. OSPI-1-2025, developed April 26, 2025, and OFM Capital Document No. 2026-2, developed December 22, 2025.

16 SCAPR Transitional Projects (91002551)

17 The appropriations in this section are subject to the following
18 conditions and limitations:

19 (1) It is the intent of the legislature to work with the office
20 of the superintendent of public instruction and stakeholders to
21 revise the school construction assistance program and to holistically
22 examine the state's programmatic support of K-12 school construction
23 through the planning process required under section 5011, chapter
24 375, Laws of 2024. Pursuant to this section, the legislature intends
25 that this revision and examination will be completed in a manner that
26 will modify and improve efficiencies within, and access to, the
27 school construction assistance program, while also identifying cost-
28 saving measures for awarding state grants for the construction and
29 modernization of common school facilities. The legislature further
30 intends that this revision and planning process will result in a
31 prioritized list of school construction projects that recognizes the
32 substantial variation between district sizes and financial
33 capacities, and which categorizes reasonably comparable applicants
34 into distinct school district groupings to foster a fair and
35 equitable prioritization of projects. However, the legislature also
36 recognizes that some school district projects will be ready to
37 proceed to construction during this planning and revision period.
38 Therefore, the legislature intends to provide funding to the school

1 district projects listed in this section in recognition of this
2 transitional period.

3 (2) School districts receiving grant funding pursuant to this
4 section may combine this funding with a school construction
5 assistance program grant and must use available local resources to
6 contribute financially to the completion of the project.

7 (3) (~~(\$8,131,000)~~) \$5,304,000 of the common school construction
8 account—state appropriation in this section is provided solely for
9 the Pe Ell school district's K-12 school modernization project.

10 (4) (~~(\$6,000,000)~~) \$4,568,000 of the common school construction
11 account—state appropriation in this section is provided solely for
12 the Bridgeport school district's Bridgeport elementary school
13 modernization project.

14 (5) (~~(\$3,972,000 of the common school construction account—state~~
15 ~~appropriation and)~~) \$6,000,000 of the state building construction
16 account—state appropriation in this section ((are)) is provided
17 solely for the Inchelium school district's K-12 school modernization
18 project.

19 (6) (~~Grant funding provided to each school district in this~~
20 ~~section is contingent upon each of the applicable districts named in~~
21 ~~this section relinquishing all unspent construction grant funding~~
22 ~~previously awarded under section 7063 of this act.~~

23 ~~(7))~~) The state building construction account—state appropriation
24 in this section is subject to the provisions of section 8018 of this
25 act.

3 **Sec. 8001.** 2025 c 414 s 8001 (uncodified) is amended to read as
4 follows:

5 RCW 43.88.031 requires the disclosure of the estimated debt
6 service costs associated with new capital bond appropriations. The
7 estimated debt service costs for the appropriations contained in this
8 act are (~~(\$73,258,483)~~) \$46,425,516 for the 2025-2027 biennium,
9 (~~(\$410,061,655)~~) \$390,379,123 for the 2027-2029 biennium, and
10 (~~(\$631,176,449)~~) \$584,977,090 for the 2029-2031 biennium.

11 **Sec. 8002.** 2025 c 414 s 8002 (uncodified) is amended to read as
12 follows:

13 (1) The following agencies may enter into financial contracts,
14 paid from any funds of an agency, appropriated or nonappropriated,
15 for the purposes indicated and in not more than the principal amounts
16 indicated, plus financing expenses and required reserves pursuant to
17 chapter 39.94 RCW. When securing properties under this section,
18 agencies shall use the most economical financial contract option
19 available, including long-term leases, lease-purchase agreements,
20 lease-development with option to purchase agreements or financial
21 contracts using certificates of participation. Expenditures made by
22 an agency for one of the indicated purposes before the issue date of
23 the authorized financial contract and any certificates of
24 participation therein are intended to be reimbursed from proceeds of
25 the financial contract and any certificates of participation therein
26 to the extent provided in the agency's financing plan approved by the
27 state finance committee.

28 (2) Those noninstructional facilities of higher education
29 institutions authorized in this section to enter into financial
30 contracts are not eligible for state funded maintenance and
31 operations. Instructional space that is available for regularly
32 scheduled classes for academic transfer, basic skills, and workforce
33 training programs may be eligible for state funded maintenance and
34 operations.

35 (3) Western Washington University: Enter into a financing
36 contract for up to \$3,000,000 plus financing expenses, required
37 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
38 construct a parking lot replacement.

1 (4) Community and technical colleges:

2 (a) Enter into a financing contract on behalf of Columbia Basin
3 College for up to \$18,000,000 plus financing expenses, required
4 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
5 construct student housing.

6 (b) Enter into a financing contract on behalf of Edmonds College
7 for up to \$9,000,000 plus financing expenses, required reserves, and
8 capitalized interest pursuant to chapter 39.94 RCW to acquire student
9 housing.

10 (c) Enter into a financing contract on behalf of Clover Park
11 Technical College for up to \$15,000,000 plus financing expenses,
12 required reserves, and capitalized interest pursuant to chapter 39.94
13 RCW to acquire and renovate an eastside training facility.

14 (d) Enter into a financing contract on behalf of Renton Technical
15 College for up to \$8,000,000 plus financing expenses, required
16 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
17 continue renovations in Building J.

18 (e) Enter into a financing contract on behalf of South Puget
19 Sound Community College for up to \$5,000,000 plus financing expenses,
20 required reserves, and capitalized interest pursuant to chapter 39.94
21 RCW to construct an athletic field and related support amenities.

22 (f) Enter into a financing contract on behalf of Lower Columbia
23 College for up to \$3,000,000 plus financing expenses, required
24 reserves, and capitalized interest pursuant to chapter 39.94 RCW to
25 make necessary targeted improvements to field lighting, grandstands,
26 and support facilities at the David Story field.

27 (g) Enter into a financing contract on behalf of Spokane
28 Community College for up to \$15,000,000 plus financing expenses,
29 required reserves, and capitalized interest pursuant to chapter 39.94
30 RCW to renovate the east wing of the main building.

31 **Sec. 8003.** 2025 c 414 s 8004 (uncodified) is amended to read as
32 follows:

33 (1) The legislature finds that use of life-cycle cost analysis
34 will aid public entities, architects, engineers, and contractors in
35 making design and construction decisions that positively impact both
36 the initial construction cost and the ongoing operating and
37 maintenance cost of a project. To ensure that the total cost of a
38 project is accounted for and the most reasonable and cost efficient
39 design is used, agencies shall develop life-cycle costs for any

1 construction project over \$10,000,000. The life-cycle costs must
2 represent the present value sum of capital costs, installation costs,
3 operating costs, and maintenance costs over the life expectancy of
4 the project. The legislature further finds the most effective
5 approach to the life-cycle cost analysis is to integrate it into the
6 early part of the design process.

7 (2) Agencies must develop a minimum of three project alternatives
8 for use in the life-cycle cost analysis. These alternatives must be
9 both distinctly different and viable solutions to the issue being
10 addressed. Agencies must choose the most reasonable and cost-
11 effective solution, as supported by the life-cycle cost analysis. A
12 brief description of each project alternative and why it was chosen
13 must be included in the life-cycle cost analysis section of the
14 predesign.

15 (3) (~~The office of financial management~~) The department of
16 commerce shall: (a) Make available a life-cycle cost model to be used
17 for analysis; (b) in consultation with the department of enterprise
18 services, provide assistance in using the life-cycle cost model; and
19 (c) update the life-cycle cost model annually including assumptions
20 for inflation rates, discount rates, and energy rates.

21 (4) Agencies shall consider architectural and engineering firms'
22 and general contractors' experience using life-cycle costs, operating
23 costs, and energy efficiency measures when selecting an architectural
24 and engineering firm, or when selecting contractors using alternative
25 contracting methods.

26 **Sec. 8004.** 2025 c 414 s 8016 (uncodified) is amended to read as
27 follows:

28 (1) For the 2025-2027 fiscal biennium, unless otherwise specified
29 for a single purpose in this act or chapter 414, Laws of 2025,
30 agencies are appropriated one lump sum for minor works projects. It
31 is the intent of the legislature that appropriated funds be spent in
32 the biennium for which they are appropriated.

33 (2) Minor works projects may not exceed \$4,000,000 for
34 institutions of higher education and \$2,000,000 for all other
35 agencies. Administrative fees may not exceed four percent for each
36 project.

37 (3) Except as provided by the legislature, agencies are
38 encouraged to prioritize minor works projects based on:

39 (a) Health and safety of employees or clients served;

1 (b) The amount of use of a given facility or system;
2 (c) The avoidance of future increased costs of repair or
3 maintenance; and
4 (d) The avoidance of increased operating costs.
5 (4) Minor works appropriations may not be used for:
6 (a) Projects that are a phase of a larger project, and that if
7 combined over a continuous period of time, would exceed the amounts
8 provided in subsection (2) of this section;
9 (b) Studies, planning, or design, except for technical or
10 engineering reviews or designs that lead directly to and support a
11 minor works project;
12 (c) Movable, temporary, and traditionally funded operating
13 equipment not in compliance with the equipment criteria established
14 by the office of financial management, including rolling stock and
15 computers;
16 (d) Software not dedicated to control of a specialized system;
17 (e) Moving expenses;
18 (f) Land or facility acquisition; or
19 (g) Funding for projects with funding shortfalls unless expressly
20 authorized by the office of financial management for exigent
21 circumstances with notice to the legislative fiscal committees.
22 (5) If a minor works appropriation does not specify it is to be
23 used for preservation or program improvements, up to 25 percent of
24 the appropriation may be used for program improvements. Improvements
25 for accessibility in compliance with the Americans with disabilities
26 act qualify as preservation improvements.
27 (6) Agencies must use reappropriations before newly appropriated
28 amounts without regard to lists or projects that were submitted at
29 the time the funds were appropriated.
30 (7) No later than (~~December 15th~~) October 1st of each even
31 numbered year, agencies must submit to the governor, house capital
32 budget committee, and senate ways and means committee, a list of
33 minor works projects completed or in progress for the current
34 biennium including: Project status, project cost, amount expended,
35 and amount encumbered for projects not yet complete.
36 (8) Requests for minor works appropriations for the next biennium
37 must take into account minor works amounts to be reappropriated and
38 the amount of minor works projects that can reasonably be completed
39 in the next biennium.

1 with respect to the agencies directly affected, and this finding does
2 not affect the operation of the remainder of this act in its
3 application to the agencies concerned. Rules adopted under this act
4 must meet federal requirements that are a necessary condition to the
5 receipt of federal funds by the state.

6 NEW SECTION. **Sec. 8010.** If any provision of this act or its
7 application to any person or circumstance is held invalid, the
8 remainder of the act or the application of the provision to other
9 persons or circumstances is not affected.

10 NEW SECTION. **Sec. 8011.** This act is necessary for the immediate
11 preservation of the public peace, health, or safety, or support of
12 the state government and its existing public institutions, and takes
13 effect immediately.
