## HRMS Data Stewards Charter

A community of HRMS data experts.

**Objectives:**

- More accurate and consistent enterprise HRMS data
- Improved reporting for strategic workforce planning related to agency, enterprise and collective bargaining activities
- Insight into enterprise business decisions impacting HRMS

**Our primary focus is:**

- To create a community of HRMS Data Stewards
- To collaborate with subject matter experts regarding data definitions, coding, and integrity
- To develop best practices for HRMS coding and reporting

**So That:**

- Agencies may use HRMS data in developing workforce strategies

**Roles & Responsibilities:**

- Represent agency HRMS data needs from input to output
- Promote the use of HRMS Data Definitions and HRMS coding guidance
- Ensure agency business processes adhere to data standards
- Lead agency participation on HRMS data definition activities by:
  - Assisting in drafting definitions, process documentation, coding guidance and communications
  - Participating in data definition workgroups or delegate to appropriate subject matter expert
  - Championing agency HRMS data clean-up efforts

**Meeting Schedule:**

Typically monthly, on the second Wednesday of each month.

Refer to the HRMS Data Stewards webpage for future and previous meetings: <https://ofm.wa.gov/hr-resources/meetings/hrms-data-stewards/>
