The screenshot shows the RPM 'Near Term Actions' interface. At the top left is the RPM logo. Below it, there are two buttons: 'Load Data' and 'Reset Default Search', both of which are circled in red. Underneath these buttons are three filter sections: 'Usage Type' with radio buttons for 'All' and 'Puget Sound' (checked), and checkboxes for 'Budget', 'Economic Recovery', 'GMAP', and 'Internal'; 'Theme' with a radio button for 'All' and a dropdown menu set to 'None'; and 'Active' with radio buttons for 'All', 'Yes' (checked), and 'No'. Below the filters is a table titled 'Near Term Actions' showing 211 records. The table has columns for 'Lead Agency', 'Programs', 'Partnerships', and 'Number'. The 'Lead Agency' column is sorted by 'Title' in ascending order, indicated by a triangle and the number '1' next to the label.

* Usage Type "Puget Sound" will always stay draft and is not submitted to OFM for approval.

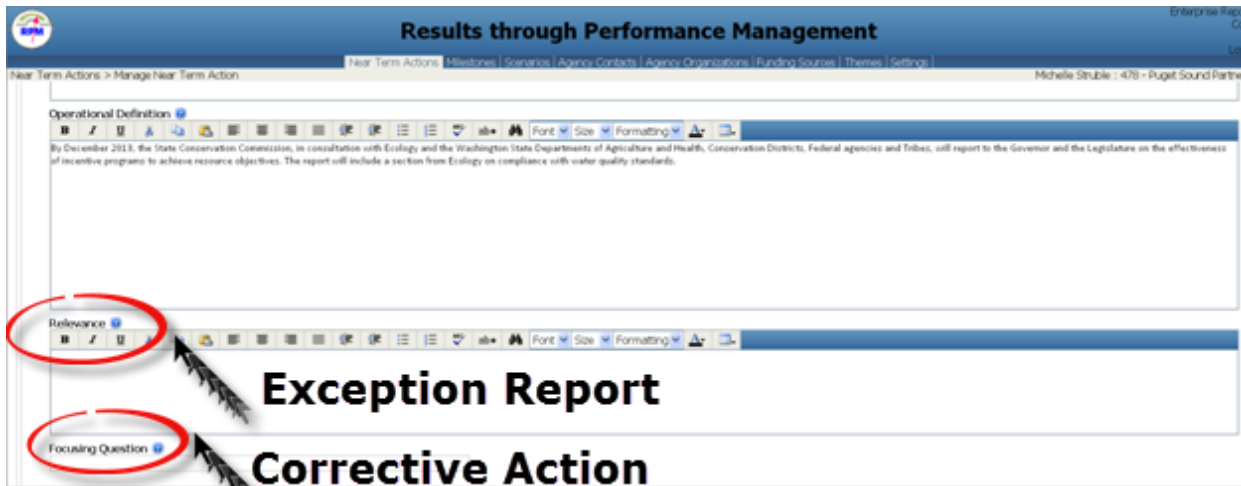

Sort/Find

To find a specific NTA:

Click on the "Title" Label until there is a triangle next to a 1 - this means it is the first sort and ascending.
